| 1 | little bit. | 1 | And, I don't know, if if I can give you |
| 2 | Q. Sure. Please do. | 2 | a just the off-the-top-of-my-head strange analogy. I |
| 3 | A. Again, there's is there is nothing about | 3 | could walk down this street out front, here, a thousand |
| 4 | this report that we | 4 | times, in front of that Tully's Coffee shop and, one |
| 5 | Q. That's Cross Exhibit 3. | 5 | day, I could decide to go in and shoot somebody and take |
| 6 | A that we would argue is a statistical | 6 | money out of the till. That's one out of a thousand |
| 7 | analysis. So, you're using that term with me. I don't | 7 | times, but I think that somebody would consider that to |
| В | know if I ever claimed, in this report, that it was a | 8 | be something that would need to be dealt with. |
| 9 | statistical analysis, but my guess is I wouldn't have. | 9 | And that's what we're In this report, when |
| 10 | So, in a if we were to hire a | 10 | we're dealing with 19 complaints, that's that's what |
| 11 | statistician which wouldn't be me if we were to | 11 | we're saying, is these 19 complaints were egregious acts |
| 12 | hire a statistician to do some analysis, they would | 12 | against consumers. And we never tried to argue that |
| 13 | they would probably come back with some numbers that | 13 | they make up a buge percentage of of the total loans |
| 14 | show that the number of complaints I was looking at in | 14. | in the company. What we say is we find these practices |
| 15 | this report were very, very, very, very small in | 15 | within these complaints we find them to be egregious. |
| 16 | relation to the population of complaints, but we | 16 | We communicate with with many of the states across |
| 17 | don't the regulatory world, we don't live in a | 17 | the country. We find that they have similar complaints |
| 18 | vectum. We measure things like are the complaints with | 18 | in their files, that their examination findings are |
| 19 | this company greater than with a peer company and are | 19 | similar to the things that we're finding in our |
| 20 | they increasing at a greater rate, are they more | 20 | examination. And, therefore, we feel comfortable in |
| 21 | The transfer of the transfer of | 21 | saying that, when we look at the company, we we do |

years later, that New York was the only state that did not have that issue. And this actually came to light during the case. And the reason was New York had a

specific law saying you could not have prepayment

penalties, so, New York came into the case saying, 5

"Well, we don't see that in our state." It's because

prepayment penalties were completely disallowed, so 8 there's no reason to try to deceive somebody or

9 misrepresent that a prepayment penalty existed.

10 But all the other states, that was a very big 11 point that was discussed over and over and over.

Q. And was there consensus within the group that Household was engaged in deceptive practices with respect to their prepayment penalties?

MR. SLOANE: Objection to the form of question. What do you mean by the group?

MR. SLOAME: I'm lost on what group.

MR. BAKER: He's talking --

Q. (BY MR. BAKER:) You're talking about, if I understand, there's a group of you -- some are attorneys general, some are -- you are regulators -- who are talking about these practices, and I'm wondering if you reached a consensus that Household is engaged in

Page 146

deceptive practices with respect to prepayment penalties in all the states that you are representing.

MR. SLOANE: Objection. Mischaracterizes his testimony, but it's way beyond the scope of the direct examination.

A. The group grew to about 40 states, I believe, with time, and, yes, we had -- I remember two physical meetings we were all in the same room. The first meeting, I think there were about 25 states, and then the next meeting grew to about 40 states, and we very much -- with the exception of New York, who wanted to stay away from the prepayment penalty issue, because they didn't have prepayment penalties in their state, every other state was saying, "This is a major issue in our state and it's an issue we have to have resolution of in this case."

(BY MR. BAKER:) One of the other things that you talk about in your report that we haven't touched upon has to do with the GFEs in the -- quote, unquote -buydown or discount points. Do you recall that?

A. Yes.

Okay. What can you tell me about that particular practice?

A. There were -- There were two -- I believe there were two deceptions that I cited revolving around

the discount points, in this case. One was whether the 2 discount points were what I would call bona fide -- did they actually have an effect of buying the rate down -and the second was the disclosure on the Good Faith Estimate of a range of discount points, which typically began at zero and went up somewhere -- anywhere from maybe six, seven thousand up to maybe, like, ten or 11 thousand. It was -- It would just be showing, in the 9

Good Faith Estimate, zero to this larger number. But, in the cases I reviewed, consistently, the borrowers paid at the very top of that number. Yet. the borrowers were telling us that the loan originator said they would be at the bottom. They would get essentially a -- a very low-cost or no-cost loan. So --Deception -- To reverse those, deception, first, around what was disclosed to the borrower, making the borrower believe that it could be as low as zero, and it virtually never was, in -- in our investigation, and then, once discount points were actually paid, they

didn't seem to have any affect in moving the rate down eny, which would be your natural assumption, is that -and based on some documentation produced by Household, some tables that showed that there was an inverse relationship between points and rate. You would assume that, but that was not what we found.

Page 148

Q. Okay. Was that also the subject of discussions within the -- you mind if I call it the AG group?

A. That's fine. Yes.

O. Yeah, was it?

MR. SLOANE: Objection. Well, beyond the scope of my examination.

Q. (BY MR. BAKER:) And was there a consensus reached within that group that Household was engaged in deceptive practices throughout those states?

MR. SLOANE: Objection.

(BY MR. BAKER:) With respect to the discount points and the GFE disclosures?

MR. SLOANE: Cam, you keep spending time on this. It's well beyond the scope of my examination. It's not even close. What is --

MR. BAKER: Feter, you know that's the most ridiculous objection. Why don't you read the rule, the Federal Rules of Civil Procedure. And I'm entitled to ask any question. There's no limitation on the scope of an examination at the deposition. Not only that --

MR. SLOANE: Excuse me. Fact discovery is over. It's been over for months. Has nothing to do with the Federal Rules of -- of --

compliance?

A. In the early days, I think we did. In the very early days of complaints coming in — and if I could roll the clock back, I would — but, in the early days, the company's arguments had been somewhat convincing for us, and I think that we — we had a little bit of trouble coming to grips with what the consumers were telling us. It didn't — It didn't make sense, early on, that this would be happening, that — that a — such a big company, such a well-structured, well-organized, well-funded company, would be doing these things to consumers. It didn't — didn't make a lot of sense. But, over a period of time, we — we — we changed our belief on that.

So, in the early days, there were documents that were coming in. Company would -- would send us the disclosures from their files, or whatever, and we'd look at them and say, "Ah, well, consumer must have," you know, "ignored them," or, "Maybe a consumer isn't telling the full story," or whatever, and we would -- we would largely discount the consumer and -- and close out the complaint.

We reached a tipping point where we just, for lack of a better description, sort of stood around, looking at each other, saying, you know, at some point,

     longer, the answers we were getting. And, so, there
     became -- There was a point in time -- late 2001, early
     2002 -- where we felt we were getting a lot of
     disinformation from the company, a lot of -- We were --
5
     We were extremely unhappy with the response we were
     getting from the company. We stopped trusting the
     response. And we started more and more believing what
     we saw from the consumers, what the consumers were
     telling us.

Documentation is one part of a case, and regulators do have a tendency to sort of get blinders on, saying, "Well, it's in the file. It must be true. Hey, it came out of a computer. It's there. Somebody must have gotten it." But you hear enough stories about consumers saying, "I never saw it," or, "That's not how it was explained to me," and so forth, and you start to change your mind over time.

it was explained to me," and so forth, and you start to

change your mind over time.

That's how all these predatory lending cases

come about. If you -- you take almost any predatory

lending case, that I can think of, and you go back to

the start of time, the regulators were not maying, you

know, consumers were harmed, here. It always kind of

starts off with not really believing that what people

are saying is it, and then you -- it grabs traction with

time and your -- your mind has changed.

And it was no different with this case, so -So, we reached a point where -- where the
relationship seemed to be so disingenuous that -- it was
almost like stuff was being fabricated to convince us,
and we didn't believe it any longer.

- Q. Did your experience with FAMCO have anything to do with it? In other words where -- where the paper files looked clean, but, in fact, there were deceptive practices taking place?
- A. FAMCO had nothing to do with our impression of Household. Household was completely responsible for our impression of Household. FAMCO educated us to learn how to look beyond what was being said and FAMCO -- The earlier complaints I was talking about where we didn't maybe believe the consumers as much as we should have, that was -- that was -- those complaints go back to the early days of FAMCO, before we started to learn more about how deception could take place, misrepresentation could take place, how people could be trained to lie with the truth, and all of these -- these sales practices that we hadn't -- I came out of the banking world. That kind of stuff didn't really take place in the banking world. And, so, I had to be educated.

So, FAMCO educated me, educated the

- 1 your Honor.
- 2 I guess the one issue is this issue of reliance and
- 3 classwide reliance. And the -- they have one -- they have an
- 4 opportunity to rebut that presumption through the
- 5 truth-on-the-market defense. And that's something that they
- 6 should put on in this trial, and they intend to put on in this
- 7 trial. They sought some of the plaintiffs' discovery; and
- 8 your Honor's January 29, 2007, order made clear that they did
- 9 not need plaintiffs' discovery in order to rebut the
- 10 presumption reliance on the issue of the truth-on-the-market.
- 11 So that -- we envision that being litigated in this case. So
- 12 that's a reliance element that needs to be litigated on a
- 13 classwide basis.
- With respect to the second phase, we envision -- if
- 15 we're successful with a verdict, liability verdict, a per
- 16 share damages calculation by this jury, we would envision
- 17 expert input into a formula on how you calculate damages for
- 18 the class members in this case. Whether you use LIFO, FIFO,
- 19 whether you have in-and-out traders, how you would calculate
- 20 the damages, that formula, that would go into a notice that
- 21 would go to class members that would then fill out the claim
- 22 forms.
- And then the real issue is what do we do after that.
- 24 Do we have what they've wanted, which is full-blown discovery
- 25 on all of the class members in order to rebut that presumption

- 1 motion for summary judgment, Judge, well, we don't think
- 2 that's relevant; we're not going that route. We're sort of
- 3 doing this miasma kind of fraud, that if you fail to tell
- 4 people that you were a bad actor, that's the fraud.
- 5 So -- but whether or not that was appropriate, we
- 6 could discuss separately. But for purposes of Professor
- 7 Fischel, their loss causation expert, the guy that a jury
- 8 would look to to say here's the fraudulent statement -- on
- 9 this fraudulent statement, the stock -- the inflation went up
- 10 this way. When that statement was shown to be false, it came
- 11 down this way. He just worked on the down leg for some
- 12 reason. But he did say, your Honor, that he found no new
- 13 artificial inflation, no introduction of artificial inflation
- 14 into the price of Household stock from the very first day of
- 15 the class period, where he assumed that there was some already
- 16 in place -- and, as you know, your Honor, we have statute of
- 17 repose problems with that. From the very first day of the
- 18 class period for two-and-a-quarter years, until November 15,
- 19 2002 -- no, I'm sorry, 2001, that same artificial inflation
- 20 that he was assuming came in the door at the start of the
- 21 class period stayed exactly in place, didn't go up, didn't go
- 22 down, stayed exactly as is. That could not be further in --
- 23 that could not be further from the real stock --
- 24 THE COURT: If their expert fails to show that there
- 25 was inflation in price, you win. But right now that's not

- 1 "Scienter requires an extreme departure from the standards of
- 2 ordinary care."
- 3 THE COURT: Do you agree with that?
- 4 MR. BURKHOLZ: Not necessarily, I don't.
- 5 I'm just looking at the Ernst quote that they cited
- 6 in their opposition to our scienter and it doesn't exactly say
- 7 that. It says, "The term 'scienter' refers to a mental state
- 8 -- "
- 9 THE COURT: I'm sorry. A little louder, please.
- MR. BURKHOLZ: Yes.
- 11 The term -- the case -- that they cite -- at least
- 12 the quote they cite from Ernst -- is, "The term 'scienter'
- 13 refers to a mental state embracing intent to deceive,
- 14 manipulate or defraud."
- MS. BEER: Ernst is -- this is at Page 193 of Ernst &
- 16 Ernst vs. Hochfelder, which is 425 U.S. 185: "In this
- 17 opinion, the term 'scienter' refers to a mental state
- 18 embracing intent to deceive, manipulate or defraud. In
- 19 certain areas of the law, recklessness is considered to be a
- 20 form of intentional conduct for purposes of imposing liability
- 21 for some act."
- So, it's not an issue of not needing to prove intent.
- 23 It's a question of how intent is proved.
- 24 And the Court of Appeals for the Seventh Circuit
- 25 answered that question in Higginbotham vs. Baxter

- 1 which would be used likely with Dr. Litan if he testifies, the
- 2 underlying disclosures that are referenced here with the big
- 3 green check marks, I believe plaintiffs are aware, are
- 4 discussed at great length in Dr. Litan's report and in the
- 5 exhibits to his report.
- 6 MR. DOWD: With that representation, we'll evaluate
- 7 it and double check, if it's going to be used only with Litan
- 8 and the source to his report.
- 9 I think our next -- we have the same concern with
- 10 Exhibits 541-01 through 04. I'm just not sure if these are
- 11 used with a particular witness or --
- MS. COHN: These would also be used with Dr. Litan.
- MR. DOWD: With that, we'll just save it for cross,
- 14 your Honor.
- MR. BURKHOLZ: Next objection we have is to 541 --
- 16 545-01 through 05.
- 17 THE COURT: I'm sorry. These are 5- --
- 18 MR. BURKHOLZ: 545-01.
- 19 THE COURT: 545. Okay.
- MR. BURKHOLZ: Our basic objection is this is a
- 21 hypothetical that is not in Dr. Bajaj's report. He does have
- 22 a different hypothetical involving an oil well and disclosure
- 23 of news regarding fire that he describes twice in his report.
- 24 But this is something new that's come from the defendants.
- 25 MR. HALL: Your Honor, I understand Mr. Burkholz'

- 1 point to be that the experts should be constrained essentially
- 2 to the words that are in their report and not simply the
- 3 concepts that are in their report. And we can agree to that.
- 4 And with the Court's permission, we'll reevaluate our
- 5 demonstratives in that context.
- 6 THE COURT: It sounded wonderful, but I'm not sure
- 7 what it meant.
- 8 MR. HALL: Your Honor, the point being, in light of
- 9 your Honor's earlier instructions that the experts, under Rule
- 10 26, will be limited to what they actually say in their reports
- 11 construed narrowly instead of construed broadly is my point.
- 12 THE COURT: Well, I don't know about that point. But
- 13 with respect to experts who have been hired to give opinions,
- 14 who have written reports and have been deposed, the use of
- 15 previously undisclosed hypotheticals to make their points at
- 16 trial is -- unless there are some unusual circumstances -- not
- 17 going to be allowed.
- 18 MR. HALL: Yes, your Honor.
- THE COURT: Okay.
- MR. HALL: We can withdraw this exhibit, your Honor.
- 21 I believe we can probably productively, in light of that
- 22 guidance, your Honor, meet and confer with the plaintiffs and
- 23 eliminate several issues.
- MR. BURKHOLZ: Okay.
- THE COURT: Okay.

| 14 | Do you all know the difference between a bank and |
| 02:25:22 15 | finance company? |
| 16 | (Some prospective jurors nodded and some shook their |
| 17 | heads.) |
| 18 | MR. KAVALER: I see some Yes'es and some No's. |
| 19 | We all know what a bank is. A bank takes deposits. |
| 02:25:32 20 | Tellers when I was a kid, banks had tellers. Now they have |
| 21 | machines. People deposit their money in a bank; and, then, |
| 22 | the bank lends their money to, for example, people buying |
| 23 | homes. |
| 24 | Does anyone know what a finance company is what |
| 02:25:44 25 | the difference is? |

```
(No response.)
         1
         2
                      MR. KAVALER: Sir, you're a banker.
         3
                      PROSPECTIVE JUROR GALVAN: It's not a bank.
                      MR. KAVALER: It's not a bank. There you go.
                      A finance company does not take deposits. Did you
02:25:53
             realize will that? A finance company is a company that
          6
             borrows money in the market wholesale, if you will, and rents
         7
             it out to customers retail. And it makes its money on the
         8
             differential between the rate at which it borrows the money
             and it sells the money -- rents it to the customers.
02:26:14 10
         11
                      Is that clear to everybody?
                      (Prospective jurors nodding.)
        12
                      MR. KAVALER: Okay.
         13
                       Household was never a bank. Household International,
         14
              the big parent company, owned a couple of banks -- a small
02:26:24 15
              portion of the business. Basically, the business Mr. Gilmer
         16
              ran was a finance company -- a consumer loan business.
         17
                       Is everybody comfortable with that? Do you
         18
              understand the difference?
         19
                       (Prospective jurors nodding.)
02:26:37 20
                       MR. KAVALER: So, when you think of bank as this case
         21
              unfolds, I want to you remember it's all fine and good to
         22
              think of banks, but you're not thinking of Household.
         23
                       Household is a different kind of company governed by
         24
             different rules.

- 1 Q. Did you also graduate from Georgia State University Law
- 2 School?
- 3 A. I did.
- 4 Q. And that was in June of 1991?
- 02:08:08 5 A. Yes.
 - Q. When did you attend the University of -- or the Georgia
 - 7 State University Law School?
 - 8 A. I attended it in Atlanta for four years at night.
 - 9 Q. And why did you attend at night?
- 02:08:20 10 A. Because I was working full-time. I had a senior position
 - 11 at the Comptroller of the Currency, which is the OCC.
 - 12 Q. Are you also licensed to practice law in Georgia?
 - 13 A. I am.
 - 14 Q. And you're licensed to practice law in Washington, D.C.,
- 02:08:35 15 as well?
 - 16 A. Yes.
 - 17 Q. And both those licenses are inactive currently; is that
 - 18 right?
 - 19 A. That's correct.
- 02:08:39 20 Q. Now, let's talk a little bit about your experience.
 - 21 You've spent -- you spent -- 25 years as a state and
 - 22 federal regulator in the banking industry; is that correct?
 - 23 A. That's correct.
- 24 Q. And you began your tenure as a Regulator at the OCC; is
- 02:08:57 25 that right?

- 1 A. Yes.
- 2 Q. What does the "OCC" stand for?
- 3 A. It's the "Comptroller of the Currency," which is the
- 4 regulator of national banks in the country.
- 02:09:03 5 Q. And you worked for the OCC from 1974 to 1992; is that
 - 6 right?
 - 7 A. Yes.
 - 8 Q. From 1974 to 1982, you worked as a National Bank Examiner
 - 9 in Chicago, Illinois; is that right?
- 02:09:17 10 A. That's right.
 - 11 Q. And tell me what you were responsible for doing while you
 - 12 were the National Bank Examiner in it Chicago?
 - 13 A. Well, actually, I was based in Joliet, Illinois; and, as a
 - 14. field examiner, I would go from bank to bank and examine their
- 02:09:32 15 books and records, making sure they were complying with the
 - 16 law and checking on the quality of their assets, to make sure
 - 17 they were solvent.
 - 18 And I did that for approximately seven years.
 - 19 Q. Okay.
- 02:09:45 20 And what was your jurisdiction during that time?
 - 21 What states were you responsible for?
 - 22 A. I was based in Joliet and I examined banks in the
 - 23 Chicagoland area and, also, the upper peninsula of Michigan;
 - 24 and, then, they would call us in to do the big banks in
- 02:10:00 25 Detroit and Kalamazoo.

- 1 Q. Okay.
- Were you responsible for a team of examiners at that
- 3 point?
- 4 A. After I got commissioned as a National Bank Examiner, I
- 02:10:08 5 was.
 - 6 Q. Now, did you determine compliance with national banking
 - 7 laws in that position?
 - 8 A. Yes.
 - 9 Q. And did you also teach courses at the OCC schools in the
- 02:10:19 10 areas in investment securities during that time?
 - 11 A. Yes. And, also, white collar crime.
 - 12 Q. Now, let's fast forward to 1982.
 - 13 You mentioned that your position changed at that
 - 14 time; is that right?
- 02:10:29 15 A. Yes.
 - 16 Q. You were still with the OCC in 1982?
 - 17 A. Yes.
 - 18 And I went to Washington.
 - 19 Q. And, at that point, you became a Special Projects Examiner
- 02:10:37 20 in Washington, D.C., with the OCC?
 - 21 A. Yes.
 - 22 Q. And you worked in that position from 1982 to 1985; is that
 - 23 correct?
 - 24 A. Yes.
- 02:10:45 25 Q. What did you do as a Special Projects Examiner in

- 1 Washington?
- 2 A. And, actually, it was 1982 to 1984.
- 3 As a Special Projects Examiner, I was responsible for
- 4 a certain area of the country and I supervised the failing
- 02:10:59 5 banks.
 - 6 And, so, I would monitor them; and, when it was time
 - 7 to close them, I would actually go out and close it on behalf
 - 8 of the Comptroller of the Currency.
 - 9 Q. Did you also formulate a book called the "Administrative
- 02:11:12 10 Action Book" during that time?
 - 11 A. Yes.
 - 12 During that time, we started to see a rise in the
 - 13 number of problem banks. And the person that was in charge of
 - 14 our division said, "We have to have consistency in the
- 02:11:24 15 enforcement actions that we're taking against banks."
 - And, so, he gave me the responsibility of pulling
 - 17 together a sample enforcement articles, so that everyone in
 - 18 the United States would have some consistency when they were
 - 19 formulating enforcement actions.
- 02:11:37 20 Q. And was that administrative action book, was it actually
 - 21 published and distributed to people in the field?
 - 22 A. Not in the field, but in the offices. And the legal staff
 - 23 would actually use this to draft up the enforcement actions.
 - 24 And it's still being used in an updated version, of
- 02:11:55 25 course, today.

- 1 Q. Now, you mentioned that you left your position as Special
- 2 Projects Examiner in 1984; is that right?
- 3 A. Yes.
- 4 Q. And, at that point, you stayed with the OCC; is that
- 02:12:06 5 correct?
 - 6 A. Yes.
 - 7 I was promoted to be the Executive Assistant to the
 - 8 top policy maker, the Senior Deputy Controller For Bank
 - 9 Supervision.
- 02:12:15 10 Q. And where was that position?
 - 11 A. In Washington, D.C., also.
 - 12 Q. Okay.
 - 13 And did you act as the Senior Policy Adviser to the
 - 14 Senior Deputy Comptroller at that time?
- 02:12:24 15 A. Yes.
 - 16 Q. What did that involve?
 - 17 A. I advised him on all policymaking issues regarding bank
 - 18 supervision policy; and, I also coordinated all of the senior
 - 19 level policy issues with the FDIC and the Federal Reserve and
- 02:12:40 20 the Conference of State Bank Supervisors and the foreign
 - 21 governments, as well, through the Basel Committee.
 - 22 Q. Was there an emphasis on enforcement matters at that time?
 - 23 A. Yes. And I would review every document that he would
 - 24 sign, including numerous enforcement actions.
- 02:12:58 25 Q. What does that mean, "an enforcement action"?

- 1 A. An enforcement action is what regulators have the
- 2 authority to take when they find practices that they want to
- 3 change in the banks; and, the state regulators and the federal
- 4 regulators have the same sort of enforcement authority.
- 02:13:14 5 They can take a cease-and-desist action and say, "You
 - 6 have to stop doing what you're doing," or they can take a
 - 7 lesser action.
 - 8 It's always in writing, so that's why we wanted the
 - 9 Administrative Action Book, so they could pull sample articles
- 02:13:29 10 from that for those enforcement actions.
 - 11 Q. Now, you left your Executive Assistant to the Senior
 - 12 Deputy Comptroller in 1986; is that right?
 - 13 A. Yes.
 - 14 Q. And you remained with the OCC still; is that correct?
- 02:13:39 15 A. I did.
 - 16 Q. What was your next position?
 - 17 A. I was promoted to the Director For Bank Supervision and we
 - 18 had six districts at the OCC at the time, and there were six
 - 19 Directors For Bank Supervision and I was the Director For Bank
- 02:13:52 20 Supervision in the Southeastern District in Atlanta.
 - 21 Q. And what jurisdiction did that cover?
 - 22 A. We had nine states in our district and my responsibilities
 - 23 were over all the large banks -- the ones that were over a
- 24 billion dollars -- and, then, another portfolio was all the
- 02:14:08 25 problem banks.

- 1 Q. And, then, in 1988, you left that position and you
- 2 remained with the OCC still; is that correct?
- 3 A. Yes.
- 4 Q. And you moved on to act as the Atlanta Field Office
- 02:14:19 5 Director; is that right?
 - 6 A. That's right.
 - 7 My boss came to me and said, "Would you mind taking a
 - 8 lateral and be the Atlanta Field Office Director because we're
 - 9 going to shut down our Richmond office and we're going to
- 02:14:30 10 consolidate them, and this is going to be the largest one that
 - 11 we have in the country?"
 - 12 And since I already started law school, this was a
 - 13 perfect opportunity for me to finish law school and do
 - 14 something different.
- 02:14:41 15 Q. What were your responsibilities when you acted as the
 - 16 Atlanta Field Officer?
 - 17 A. The Atlanta Field Office Director was responsible for all
 - 18 the community banks in a five-state area and all the
 - 19 examiners. So, I would hire the examiners. I would train
- 02:14:59 20 them. I would supervise them, along with this portfolio of
 - 21 banks.
 - 22 Q. Now, in 1992, you left the office of the Comptroller of
 - 23 the Currency; is that correct?
 - 24 A. That's correct.
- 02:15:09 25 Q. And you took a position as the Texas State Banking

- 1 Commissioner; is that right?
- 2 A. Yes.
- 3 Q. And, in that position, did you supervise over 56 billion
- 4 dollars in banking assets?
- 02:15:20 5 A. Yes.
 - 6 Q. And is the Texas state banking -- is that the third
 - 7 largest state banking system in the country?
 - 8 A. At the time, it was the third largest behind New York and
 - 9 California, in terms of assets -- in terms of size of banks,
- 02:15:35 10 dollar-wise. But it was only the second largest behind
 - 11 Illinois, in terms of numbers of banks, because both of those
 - 12 states came late to intrastate branching.
 - 13 Q. Were you appointed to that position or how did you obtain
 - 14 that position?
- 02:15:49 15 A. I was asked to apply for the position.
 - 16 They were looking for a banking commissioner and I
 - 17 went over and interviewed and they hired me. And I reported
 - 18 to an oversight board, which was gubernatorial appointee.
 - So, I was not appointed by the governor, but I worked
- 02:16:06 20 for an oversight board that was appointed.
 - 21 Q. Did you manage employees when you were the Texas State
 - 22 Banking Commissioner?
 - 23 A. Yes, I did.
 - 24 Q. How many employees did you oversee?
- 02:16:16 25 A. I had -- I think I had -- 150 employees; and, then, I also

- 1 managed, from an administrative standpoint, the activities of
- 2 the other two sister agencies: The Savings and Loan
- 3 Department and the Consumer Credit Department.
- 4 Q. Did you also manage a \$12 million budget as the Texas
- 02:16:35 5 State Banking Commissioner?
 - 6 A. Yes.
 - 7 Q. As the Texas State Banking Commissioner, were you involved
 - 8 in the statutory modernization of certain statutes or laws
 - 9 that existed at that time?
- 02:16:45 10 A. Yes. The Banking Code was from 1943; and, when I got
 - 11 there, I thought, "You know, the first thing I need to do is
 - 12 see if we can't update these laws -- these banking laws -- to
 - 13 bring them into the modern era."
 - 14 And, so, I formed a committee and we worked for two
- 02:17:02 15 years and we were able to get our banking laws updated.
 - 16 Q. Did you also coordinate supervisory efforts for problem
 - 17 institutions?
 - 18 A. Yes.
 - 19 O. Tell me about that.
- 02:17:12 20 A. Well, all of the banks in the state of Texas -- in the
 - 21 United States, we have a dual banking system. And, so, if you
 - 22 want a bank, you can either go to the federal government,
 - 23 which is the Comptroller of the Currency, or you can go to
 - 24 your State Banking Commissioner, which there's one in every
- 02:17:28 25 state.

- 1 And, so, anybody that had a state bank, I was
- 2 responsible for overseeing. And, of course, if they got into
- 3 trouble, then I was responsible for trying to rehabilitate
- 4 them or taking an enforcement action or whatever needed to be
- 02:17:44 5 done.
 - 6 Q. Did you serve at the same time as Executive Director of
 - 7 the Texas Finance Commission?
 - 8 A. Yes.
 - 9 O. What did that involve?
- 02:17:51 10 A. It, basically, what it involved -- for the Finance
 - 11 Commission, which was the oversight board, there was the
 - 12 Banking Department, and I was the Commissioner of the Banking
 - 13 Department; there was a Savings and Loan Department; and, the
 - 14 Consumer Credit Department.
- 02:18:04 15 And just from an administrative standpoint, I would
 - 16 sort of manage the meetings.
 - 17 They had public meetings and various studies that
 - 18 they had to do. So, I would do the -- manage that work on an
 - 19 administrative basis.
- 02:18:19 20 Q. During all this time, were you also the Secretary and
 - 21 Treasurer of the Conference of State Bank Supervisors?
 - 22 A. Yes.
 - 23 Q. And what did that -- what did the Conference of State Bank
 - 24 Supervisors consist of?
- 02:18:31 25 A. I was the Secretary/Treasurer during one of the years I

- 1 was Banking Commissioner for seven-plus years. And the
- 2 Conference of State Bank Supervisors is the national
- 3 organization of all the banking commissioners. And some of
- 4 the Commissioners have different titles, like "Director" or
- 02:18:48 5 whatever.
 - 6 But, basically, there's one from every state in the
 - 7 four territories and we had an organization that would monitor
 - 8 laws across the country. We would go and testify before
 - 9 Congress on various issues that affected the state banking
- 02:19:07 10 systems.
 - 11 Q. Now, in 1999, you left your position as the Texas State
 - 12 Banking Commissioner; is that right?
 - 13 A. That's right.
 - 14 Q. And you founded your own company; is that correct?
- 02:19:18 15 A. Yes, I did.
 - 16 Q. What's the name of your company?
 - 17 A. It's Ghiglieri & Company.
 - 18 Q. Tell us what Ghiglieri & Company does?
 - 19 A. Well, I do basically three things. I do a lot of bank
- 02:19:29 20 consulting. And I do, for example, if they run afoul of the
 - 21 regulators, and the regulators are asking them to do certain
 - 22 things, I will go in and do a management study or a strategic
 - 23 planning session or something for them.
- I also do expert witness work, such as I'm doing here 02:19:45 25 today.

- 1 portfolio, since that's the largest asset.
- 2 And the past due percentages are very important, to
- 3 see what the quality of the loan portfolio is.
- So, the regulators don't want the lenders to be
- 02:24:51 5 masking that number to them. And, so, that's one of the
 - 6 things that I would look at when I was a field examiner.
 - 7 Q. Let's now turn to the opinions you actually reached in
 - 8 this case.
 - 9 Did you reach any conclusion about whether Household
- 02:25:05 10 engaged in predatory lending practices during the 1999 to 2002
 - 11 time frame?
 - 12 A. I did reach an opinion.
 - 13 Q. And tell us what that is.
 - 14 A. My opinion is, after looking at everything, that Household
- 02:25:18 15 engaged in company-wide systemic predatory lending.
 - 16 Q. Now, did you also reach any opinion or conclusion as to
 - 17 whether Household hid the quality of its loans during the 1999
 - 18 to 2002 time frame?
 - 19 A. I did reach an opinion.
- 02:25:35 20 Q. And please tell the jury what that opinion is.
 - 21 A. My opinion, after looking at everything that I looked at,
 - 22 is that Household utilized re-aging practices to mask their
 - 23 delinquencies.
 - Q. Let's -- before we talk in more detail about how you
- 02:25:51 25 arrived at those opinions and what you found that supported

- 1 And, then, I would formulate how many loans I wanted
- 2 to look at and whatever else I wanted to look at on their
- 3 balance sheet. So, I would look at the books, the records,
- 4 internal memos, board minutes, things like that.
- 02:37:33 5 Q. What procedure did you use to arrive at your conclusions
 - 6 in this case?
 - 7 A. I used a similar procedure. Some of the documents were
 - 8 different, but I looked at the loan-type documents that were
 - 9 available. I looked at complaints. I looked at the
- 02:37:52 10 Household's responses to the complaints. I looked at
 - 11 examination reports -- the ones that were available. I looked
 - 12 at the company's responses to those examinations.
 - And, then, I also was able to have access to the
 - 14 deposition testimony, which is where the employees of
- 02:38:10 15 Household were questioned. And I had the ability to read
 - 16 their -- the answers that they had.
 - 17 Q. Did you prepare a demonstrative exhibit to assist you in
 - 18 explaining the procedure or process that you used in this case
 - 19 to develop your opinions?
- 02:38:27 20 A. I did.
 - Q. I'll show you what has been marked as plaintiffs'
 - 22 demonstrative Exhibit 34 for identification.
 - What does this exhibit show?
 - 24 A. This exhibit shows the different materials that I looked
- 02:38:56 25 at: Loan documents, internal e-mails and memos and reports.

- 1 tell the jury what that term means?
- 2 A. Well, "predatory lending" is sort of an umbrella term
- 3 that's come into voque in the last ten years or so, to
- 4 encompass a variety of practices that are either deceptive to
- 02:43:19 5 the customer or unfair -- contain unfair terms.
 - In the olden days, we used to call it mortgage fraud;
 - 7 but, these days they call it predatory lending. And a lot of
 - 8 the practices that we looked at in the '70s -- for example,
 - 9 insurance packing, compliance with Reg Z, things like that --
- 02:43:39 10 a lot of these practices are brought under this umbrella of
 - 11 predatory lending.
 - 12 Q. Now, when you performed your analysis in this case, did
 - 13 you review any documents to sort of survey the definition of
 - 14 "predatory lending" that existed in the 1999 to 2002 time
- 02:43:54 15 frame?
 - 16 A. I did.
 - 17 Q. What documents did you survey to sort of see what material
 - 18 was available at that point?
 - 19 A. Well -- and this is something that I always do when I'm
- 02:44:06 20 serving as an expert -- I want to know what the regulatory
 - 21 landscape was like at the time.
 - 22 And, so, in this time frame, I looked at any
 - 23 issuances from the Comptroller of the Currency. I looked at
 - 24 any issuances from the Office of Thrift Supervision, because
- 02:44:21 25 both of them regulated Household. I looked at anything that

- 1 settlement is not admitted to show that Household was at fault
- 2 or that Household engaged in any wrongdoing in the matter that
- 3 was settled. Again, the evidence is admitted only for the
- 4 limited purpose of showing whether the settlement affected the
- 03:42:19 5 price of Household stock and should be considered and may be
 - 6 considered only for that purpose.
 - 7 I guess I want to make sure that I have this correct
 - 8 from the attorneys. The instruction regarding the information
 - 9 assumed by the various expert opinions, do you want that
- 03:43:17 10 instruction given at this point as well?
 - 11 MR. HALL: Yes, your Honor.
 - 12 THE COURT: All right. I believe I have the language
 - 13 that you folks agreed to. If it is, it's acceptable to me and
 - 14 I will deliver it to the jury. If I misspeak, let me know and
- 03:43:36 15 we will make the appropriate correction.
 - During the course of testimony by expert witnesses
 - 17 who you may hear, you may hear evidence regarding the category
 - 18 of documents I have already told you about. Evidence
 - 19 regarding publicity, notice, price, and things of that nature
- 03:44:21 20 will be explained to you during the course of the expert's
 - 21 testimony.
 - The underlying information that you receive in this
 - 23 manner must not be considered by you for the purpose of
 - 24 determining -- must not be considered by you as evidence of
- 03:44:42 25 the truth of the information but rather is being admitted for

- 1 the limited purpose of showing you -- or assisting you to
- 2 evaluate the expert witness' opinion and how sound that
- 3 opinion is.
- 4 The underlying opinion must not be used by you for
- 03:45:03 5 any other purpose than to evaluate the opinion of the expert
 - 6 witness.
 - 7 You may proceed.
 - 8 MR. DROSMAN: Thank you, your Honor.
 - 9 BY MR. DROSMAN:
- 03:45:15 10 Q. Ms. Ghiglieri, before the break I asked you whether you
 - 11 prepared a demonstrative exhibit to assist you in explaining
 - 12 your conclusion that Household engaged in a variety of
 - 13 predatory practices during the 1999-to-2002 time frame.
 - 14 Did you prepare such an exhibit?
- 03:45:33 15 A. I did.
 - 16 Q. Would that assist you in explaining your testimony?
 - 17 A. Yes, it would.
 - 18 Q. At this time I will show you what has been marked as
 - 19 Plaintiffs' Demonstrative Exhibit 29 for identification.
- 03:45:45 20 What are the entries on Plaintiffs' Exhibit 29?
 - 21 A. These are the various predatory lending practices that I
 - 22 found when I was reviewing all of the documents.
 - 23 Q. Let's take the first predatory lending practice listed,
 - 24 the effective or equivalent rate.
- 03:46:06 25 Can you tell the jury what that is?

- 1 Down one more paragraph it says, "The Penalty Trap."
- "One of Kahr's favorite strategies was to trap
- 3 customers with penalty fees for late payments or going over
- 4 credit limits. That had the virtue not only of providing
- 04:13:55 5 direct fee income but also of permitting Providian to raise
 - 6 interest rates as high as 24 percent annually."
 - 7 So there were similarities between what I saw at
 - 8 Household on his suggestions and what he had suggested to
 - 9 Providian.
- 04:14:16 10 Q. I will show you what has been marked as Plaintiffs'
 - 11 Exhibit 347 for identification.
 - 12 (Document tendered.)
 - 13 BY MR. DROSMAN:
 - 14 Q. Ms. Ghiglieri, do you recognize Plaintiffs' Exhibit 347?
- 04:14:47 15 A. I do.
 - 16 Q. What is it?
 - 17 A. This is one of the documents that I used to formulate my
 - 18 opinions that Household engaged in widespread and systemic
 - 19 predatory lending.
- 04:14:58 20 Q. What is the document?
 - 21 A. This is a document that Paul Creatura -- it has a little
 - 22 note to Gary Gilmer, and this is a summary of a meeting that
 - 23 was held with Andrew Kahr on December 18th, 1998.
 - MR. DROSMAN: Your Honor, at this time plaintiffs
- 04:15:23 25 offer Exhibit 347 into evidence. I believe there has been no

- 1 A. I reviewed a document called First Mortgage Sales. And it
- 2 had a couple different iterations over the time period that I
- 3 looked at it. And in there, it trained the employees how to
- 4 derive that effective rate that concealed the true annual
- 11:22:04 5 percentage rate from the customer.
 - 6 And then I also looked at a document regarding
 - 7 insurance sales. And in there, it taught the employees how to
 - 8 assume that the customer wanted the insurance, called the
 - 9 assumptive close. And it taught them how to just
- 11:22:22 10 automatically put that insurance on the loan documents.
 - 11 Q. Did you review any training by a man named Lew Walter?
 - 12 A. Yes, I did.
 - 13 O. And who is Lew Walter?
 - 14 A. He was a training officer in the northwestern division of
- 11:22:39 15 Household.
 - 16 Q. Now, let's take a look at Exhibit 379, which I placed
 - 17 before you and defense counsel.
 - Do you recognize that document?
 - 19 A. I do.
- 11:22:50 20 Q. What is it?
 - 21 A. This is a document -- it's a multipage document. There's
 - 22 a fax cover on top. And it's from Rob O'Han to Tom Detelich.
 - 23 It's dated May 20, 2002. And there is an e-mail attachment to
 - 24 it on the second page, and there's some other pages here too.
- 11:23:14 25 Q. Why do you recognize Plaintiffs' Exhibit 379?

- 1 A. This is one of the documents that I've looked at in
- 2 formulating my opinions.
- 3 MR. DROSMAN: Plaintiff's offer Exhibit 379 into
- 4 evidence.
- 11:23:25 5 MR. KAVALER: Your Honor, I believe this is a limited
 - 6 purpose document.
 - 7 THE COURT: It will be admitted. The jury has
 - 8 already been instructed on the limited purpose evidence.
 - 9 MR. DROSMAN: Thank you, your Honor.
- 11:23:33 10 BY MR. DROSMAN:
 - 11 Q. Let's talk about Plaintiffs' Exhibit 379. You mentioned
 - 12 that this was a fax from Rob O'Han to Tom Detelich. Who is
 - 13 Rob O'Han?
 - 14 A. Rob O'Han was one of the district general managers at
- 11:23:51 15 Household, I believe was his title.
 - 16 Q. Was he a sales officer?
 - 17 A. Yes. The sales staff reported up through him.
 - 18 Q. And what about Tom Detelich?
 - 19 A. Tom Detelich was a senior officer at Household. I can't
- 11:24:05 20 remember his exact title.
 - 21 Q. And he was an officer in the consumer lending business
 - 22 unit; is that right?
 - 23 A. I believe so.
 - 24 Q. A managing director in that unit?
- 11:24:14 25 A. Yes.

- 1 Q. Could you take a look at the second page of the document,
- 2 page ending 075.
- 3 Is there anything on that page that appears to be an
- 4 e-mail that supports your opinions in this case?
- 11:24:28 5 A. Yes.
 - 6 Q. And can you tell me what that is?
 - 7 A. Yes. This is an e-mail regarding a discussion about
 - 8 how -- what they're doing in Florida. It says Florida review
 - 9 is the subject. And it was written from someone in human
- 11:24:44 10 resources to Scott Schneider, and it was forwarded to Rob
 - 11 O'Han.
 - 12 And if you look at the -- it says, Here is the
 - 13 summary of the timeline of the issues, July 1999. And that's
 - 14 hard to read, but I'll see if I can read it for you.
- 11:25:02 15 It says, Lew Walter rolled out the First Mortgage
 - 16 Sales workshop to all HFC sales divisions, with the exception
 - 17 of southwest, July 1999 to August 1999. The southeast
 - 18 division was rolled out approximately July 1999. The workshop
 - 19 workbook or -- I think there's a word missing there. I think
- 11:25:27 20 it should say contained -- a worksheet on the biweekly plan
 - 21 versus the 30-year program, equivalent rate. The equivalent
 - 22 rate would be described as the rate that would be needed if
 - 23 they were to pay the same amount of interest over a 30-year
 - 24 term at a bank compared to our proposed loan. The form was
- 11:25:44 25 designed as a tool for the AEs -- and that's account

- 1 executives -- to work up the numbers so that they could do
- 2 comparisons. The worksheet was not to be distributed to the
- 3 customers.
- 4 Q. So this shows that the equivalent rate training was rolled
- 11:26:02 5 out in July of 1999; is that right?
 - 6 A. Yes. It was part of that First Mortgage Sales document
 - 7 that I looked at.
 - 8 Q. And why is that significant to your opinions in this case?
 - 9 A. Well, because Household always said in its responses to
- 11:26:15 10 the regulators and its public discussions in the press that
 - 11 this particular practice among others were the result of a
 - 12 rogue employee or a rogue branch. And that wasn't true. This
 - 13 was what the employees were trained to do nationwide. And I
 - 14 saw evidence of it all over the country in many locations.
- 11:26:40 15 And, here, they're talking about it in Florida.
 - 16 Q. Now, when you say rogue employee, you're talking about
 - 17 some bad apple at Household; is that what you mean?
 - 18 A. Well, that's what I assume Household meant by saying rogue
 - 19 employee or rogue branch. It only happened over there.
- 11:26:56 20 Q. And if you turn to page ending 077, there appears to be
 - 21 another e-mail with a catalog of some customer complaints.
 - 22 Can you tell me whether that's significant to your
 - 23 opinion?
 - 24 A. Yes, it is.
- 11:27:19 25 Q. And what's significant about page ending 077 to your

- 1 opinion?
- 2 A. Well, this is a -- let's see if we can --
- 3 Q. You can just testify to it.
- 4 A. Okay. This is an articulation of several complaints.
- 11:27:36 5 On -- the customer was complaining that -- one, for example,
 - 6 was a customer named Edwards. And it says, Customer claims
 - 7 HFC promised a fix rate of 7.38 for an 18-year mortgage. The
 - 8 contract states 30 years for 13.7 APR.
 - 9 And several more like that.
- 11:27:59 10 A customer named Osmel, customer says -- said sales
 - office told him the rate would be 6.4 for 16 years, but
 - 12 instead the contract shows a rate of 10.554 for 30 years.
 - So this is just an example of how -- and it's up
 - 14 there now -- the effective rate was being given to the
- 11:28:19 15 customer instead of the annual percentage rate, which is the
 - 16 APR, which is the only rate that's supposed to be given to the
 - 17 customer.
 - 18 Q. And why is that significant to your opinion?
 - 19 A. Well, especially in the location, this was in the
- 11:28:32 20 southeast, in Florida and South Carolina -- and, again,
 - 21 Household would say, well, it's only one branch or it's only
 - 22 one employee. But what I saw from the complaints, this was
 - 23 taking place in a lot of places. And it was the same -- the
 - 24 same scheme. They would say they told me this for a shorter
- 11:28:54 25 period of years when, in fact, the contract rate was higher

- 1 for 30 years. So it was the effective rate training that the
- 2 employees received in the Lew Walter training First Mortgage
- 3 Sales.
- 4 Q. If you turn to page ending 080.
- 11:29:13 5 Can you tell us what this is?
 - 6 A. This is actually -- this is actually a document that
 - 7 some -- even though it says that they weren't supposed to get
 - 8 it, that some customers did receive the effective rate in
 - 9 writing. And that's pretty hard to read, but it says, The
- 11:29:38 10 above-referenced account 15-year contractual agreement is
 - 11 17.99 percent. Upon entering the EZ Pay Plus Program -- and
 - 12 that's where you paid twice -- half of your mortgage payment
 - 13 every other week; that's what Household called it, the EZ Pay
 - 14 Plus Program -- the account will only incur a 10.15 percent
- 11:30:01 15 effective rate for the duration of the payment period, which
 - 16 will be 11.2 years.
 - 17 So here they're giving the effective rate actually in
 - 18 writing, and this -- there are several of these that I've
 - 19 seen.
- 11:30:14 20 Q. So what is the contract -- can you determine what the
 - 21 contract rate is from this document?
 - 22 A. It says that the contract rate was 17.99 percent. This is
 - 23 on a 15-year amortization.
 - Q. And what did Household list the effective rate at?
- 11:30:30 25 A. 10.15 for 11.2 years.

- 1 Q. Now, if, in fact, this customer -- I believe it's
- 2 Mr. Ortega -- paid his loan off over a shorter period of year
- 3 than 15 years, would his rate actually decline?
- 4 A. No. Your rate never goes down. Paying more quickly than
- 11:30:50 5 the amortization schedule does not affect your interest rate.
 - 6 Your interest rate is your interest rate. If I take a loan
 - 7 out and two months later I pay it off, I still have the same
 - 8 APR; but I didn't pay as much interest as I would have if I
 - 9 had it over 30 years.
- 11:31:06 10 So this is just a way of deceiving the customer into
 - 11 thinking that Household had more competitive rates because
 - 12 their rates were higher than their competitors.
 - 13 Q. If you could turn to page ending 085.
 - And can you tell me what this document is?
- 11:31:26 15 A. This is a letter sent by an account executive to this
 - 16 borrower who was questioning why the loan balance hasn't gone
 - 17 down. And what he's saying to her is what the effective rate
 - 18 training was. If you pay half of your \$945 payment -- so that
 - 19 is the second to the last sentence there. If you could
- 11:32:06 20 highlight that and then the last sentence. See if you can
 - 21 read that a little better.
 - 22 By simply sending half of your \$945 payment every two
 - 23 weeks, your mortgage will be paid off in 18 years; and you
 - 24 will be paying a comparable 6.5 APR.
- 11:32:27 25 Sometimes they use effective rate. Sometimes they

- 1 use comparable rate. It's the same thing.
- 2 You will actually save 99,965 throughout the loan by
- 3 simply paying 472.50 every two weeks.
- 4 Q. So you mentioned that sometimes they call the equivalent
- 11:32:43 5 rate a comparable rate?
 - 6 A. Yes, equivalent, comparable, effective. Those were
 - 7 different terms that I saw for this same program, to deceive
 - 8 the customers into thinking they were getting a lower rate
 - 9 when, in fact, they were being charged a higher rate.
- 11:32:59 10 Q. And how is this text that you've just read significant to
 - 11 your opinion in this case?
 - 12 A. Well, here you have someone actually putting it in
 - 13 writing. And at one point, Household went through and took
 - 14 everything out of the files that had to do with effective
- 11:33:15 15 rate. So it's hard to find a document like this because of
 - 16 the document destruction that they did. But this is where a
 - 17 customer actually got in writing what the effective rate was.
 - 18 Q. Could you turn to page ending 090.
 - This appears to be an e-mail from a person named
- 11:33:39 20 Ronald Davis at Household; is that right?
 - 21 A. Yes.
 - 22 Q. And the subject is Ortega; is that correct?
 - 23 A. Yes.
 - 24 Q. Does the first paragraph there have any significance to
- 11:33:48 25 your opinion?

- 1 A. Let's see. Yes. Highlight the first -- okay.
- 2 It says, We gave this customer a written statement,
- 3 which I will fax to you, that clearly stated that their
- 4 effective interest rate would be 10.15 if they paid the EZ
- 11:34:08 5 way -- and that's the EZ Pay Plus. This letter was sent prior
 - 6 to us destroying all sales material other than HFC-approved
 - 7 material. Our branches had previously approved tax charts as
 - 8 well as real estate master booklets that encouraged them to
 - 9 use effective rates, which is where this letter derived from.
- 11:34:29 10 Q. Now, if you take a look at the second to last sentence on
 - 11 this page.
 - Does that have any significance to your opinion?
 - 13 A. Yes. This says, No corrective action was given, as this
 - 14 was enforced from HFC training materials that existed at the
- 11:34:45 15 time.
 - 16 Q. Why is that significant?
 - 17 A. Well, it's significant because the training was authorized
 - 18 by the headquarters. And the -- Lew Walter went to all the
 - 19 districts except the southwest, which had some separate
- 11:35:02 20 training. But all of the ideas were the same; and, that is,
 - 21 come up with this effective rate to show that the Household
 - 22 rates were competitive, when they were not.
 - 23 Q. And then the indication that no corrective action was
 - 24 given, what do you understand that to mean?
- 11:35:16 25 A. That the employee was not disciplined is how I interpret

- 1 this because it was an authorized activity or it was something
- 2 that was condoned by Household.
- 3 Q. And go ahead and turn if you would to page ending 092.
- 4 This appears to be a letter regarding Antonio Ortega
- 11:35:40 5 or to -- from Antonio Ortega. I'm sorry. Do you recognize
 - 6 this letter?
 - 7 A. I do.
 - 8 Q. And is this significant to your opinion?
 - 9 A. Yes. This is -- again, this is a complaint. This is a
- 11:35:53 10 good example of a complaint where Mr. Ortega from Florida
 - 11 filed a complaint with the state comptroller's office. And
 - 12 that's where the banking commissioner resides. The state
 - 13 comptroller actually has the title instead of banking
 - 14 commissioner.
- 11:36:11 15 So he complained to the Florida, basically,
 - 16 Department of Financial Institutions, that -- and I think --
 - 17 my copy is very hard to read, but I think if you look at the
 - 18 second or third -- yes. I'm sorry. It says, if you can read
 - 19 that, She went back and -- first, he went in for a debt
- 11:36:38 20 consolidation loan and was told he could get one for 18
 - 21 percent. But the account executive, it says here, She went
 - 22 back and checked and came back and told me if you can make
 - 23 payments every two weeks, we can get you a loan for 10.15
 - 24 percent, but remember you must pay every two weeks or it will
- 11:36:57 25 revert back to 18 percent.

- 1 Q. Why is that significant to your opinion?
- 2 A. Because, once again, the annual percentage rate must have
- 3 been 18 percent. And what they were trying to do was deceive
- 4 the customer into thinking if you make your payment every
- 11:37:15 5 other week -- half of your payment every other week, your
 - 6 effective rate will be 10.15 percent, when that's not true.
 - 7 It was never going to be anything other than 18 percent.
 - 8 Q. Now, we've talked about some training that Lew Walter
 - 9 provided in this case. Why don't I show you Plaintiffs'
- 11:37:43 10 Exhibit 899 for identification.
 - 11 (Tendered.)
 - 12 THE COURT: I'm sorry. What number was that?
 - MR. DROSMAN: 899, your Honor.
 - 14 THE COURT: Thank you.
- 11:38:08 15 BY MR. DROSMAN:
 - 16 Q. Ms. Ghiglieri, do you recognize Plaintiffs' Exhibit 899?
 - 17 A. I do.
 - 18 O. What is it?
 - 19 A. This is a training material called First Mortgage Sales.
- 11:38:16 20 And this one says HFC northeastern division. They had
 - 21 different ones, and it would have a different division; but
 - 22 this one says northeastern division.
 - 23 Q. And why do you recognize this?
 - 24 A. I reviewed these training manuals in formulating my
- 11:38:32 25 opinions.

- been an increasing number of complaints in this area, and all
- 2 the customer remembers is that they thought they were getting
- 3 a lower rate. This is one of the many issues he is addressing
- 4 in Washington.
- 11:44:20 5 So I found it unbelievable that -- and Mr. Schneider
 - 6 was in charge of policy and compliance, I think was his
 - 7 title -- unbelievable that he would say, well, you can tell
 - 8 them that you're going to get this effective rate, but you
 - 9 just can't give it to them in writing. I mean, that's still
- 11:44:37 10 deceiving the customer.
 - 11 Q. And this e-mail is dated May 25, 2001; is that correct?
 - 12 A. Yes.
 - 13 Q. And the training that we saw earlier from Lew Walter on
 - 14 the effective rate, what was the date of that training?
- 11:44:53 15 A. That was in mid 1999. So two years later, they're still
 - 16 having this issue of the effective rate, equivalent rate,
 - 17 comparable rate.
 - 18 Q. Was there any other -- we talked about the Lew Walter
 - 19 training and so forth. Was there any other training materials
- 11:45:11 20 that you considered in reaching your conclusions in this case?
 - 21 A. Well, I looked at the other documents like this that were
 - 22 from around the country or that's what they were entitled.
 - 23 And I also looked at insurance training that they received.
 - 24 Q. Did you look at any training videos in reaching your
- 11:45:26 25 conclusions in this case?

- 1 A. Yes. And I also looked -- I viewed a training video that
- 2 was prepared by the manager of the southwestern division. His
- 3 name was Dennis Hueman. And he prepared a video that
- 4 contained many of the same elements as this selling first
- 11:45:45 5 mortgages document -- training document that I looked at that
 - 6 was developed by Lew Walter.
 - 7 MR. DROSMAN: I'm showing the witness a DVD that has
 - 8 been marked as Plaintiffs' Exhibit 1383 for identification.
 - 9 (Tendered.)
- 11:46:11 10 BY MR. DROSMAN:
 - 11 Q. Now, have you had an opportunity to review the contents of
 - 12 Plaintiffs' Exhibit 1383, this DVD?
 - 13 A. Yes, I watched this DVD.
 - 14 Q. And after you watched the DVD, were you able to determine
- 11:46:31 15 who created it?
 - 16 A. Yes, Dennis -- well, and also I read his deposition and he
 - 17 has stated -- he testified that he created this as a sales
 - 18 tool for his staff.
 - 19 O. And so what is Plaintiffs' Exhibit 1383?
- 11:46:45 20 A. This is a video training on various ways of selling
 - 21 Household's mortgages. And it was developed in 2001, which is
 - 22 almost two years after the training that Lew Walter developed
 - 23 here on First Mortgage Sales.
 - 24 Q. And did you consider this DVD in reaching the conclusions
- 11:47:13 25 in your case -- in this case?

- 1 A. I did.
- 2 MR. DROSMAN: At this time, plaintiffs offer 1383
- 3 into evidence.
- 4 THE COURT: It will be admitted.
- 11:47:22 5 MR. KAVALER: May I have voir dire?
 - 6 THE COURT: Sure.
 - 7 MR. DROSMAN: There's no objection to this, your
 - 8 Honor.
 - 9 THE COURT: Was there an objection?
- 11:47:31 10 MR. KAVALER: I just wanted to know if she viewed the
 - 11 entire DVD.
 - 12 THE COURT: Was that objection stated in the pretrial
 - 13 order?
 - MR. KAVALER: No, your Honor.
- 11:47:39 15 THE COURT: Okay. Objection is overruled.
 - MR. KAVALER: Thank you, your Honor.
 - 17 BY MR. DROSMAN:
 - 18 Q. Approximately how long is this training video?
 - 19 A. I think it's about an hour. It's been a while since I
- 11:47:49 20 looked at it.
 - 21 Q. And do you know to whom this video was distributed, 1383?
 - 22 A. It was distributed to the branch -- I believe it was
 - 23 distributed to the branch -- branches in the southwest.
 - 24 Q. Are there parts of the video that you'd like to show the
- 11:48:08 25 jury to assist you in explaining your conclusions in this

- 1 it is. And, you know, they had to do something in order to
- 2 make their rates more competitive. As Mr. Hueman said, we
- 3 charge 8 -- 11 percent; our competitors charge 8 percent.
- 4 They're never going to be able to book a loan with that unless
- 12:04:17 5 they do something to deceive the customer into thinking that
 - 6 they could get a lower rate.
 - 7 Q. Have you prepared one last short clip you'd like to show
 - 8 the jury?
 - 9 A. Yes. This is only a three-minute clip. And it's where
- 12:04:29 10 Mr. Hueman compares the customers to a fish and reeling them
 - 11 in.
 - 12 Q. Why don't we take a look at that.
 - 13 (Whereupon said tape was played in open court.)
 - 14 BY MR. DROSMAN:
- 12:08:13 15 Q. So this guy, Dennis Hueman, he was in charge of the entire
 - 16 southwest division of Household?
 - 17 A. Yes.
 - 18 O. Training all the people who worked in the various branches
 - 19 in the entire southwest; is that right?
- 12:08:24 20 A. Yes.
 - 21 Q. And why is this significant, what we just watched, to your
 - 22 opinion?
 - 23 A. Well, I think it's significant for a couple of reasons.
 - One is, it had the same sort of effective rate training -- and
- 12:08:35 25 he was doing it verbally -- that was developed two years

- 1 prior. So for those two years, this is what was being done in
- 2 Household. And he decided that he needed to have some sort of
- 3 a training mechanism to train his staff in to better deceiving
- 4 the customers into thinking that they were going to have a
- 12:08:54 5 better rate, so he developed this video. So it -- it just
 - 6 showed me that the training was pervasive in Household and
 - 7 wasn't just the work of a rogue employee or a rogue branch.
 - 8 Q. Did you prepare a demonstrative to assist you in
 - 9 explaining the geographic breadth of this effective rate
- 12:09:16 10 training?
 - 11 A. Yes.
 - 12 Q. Why don't I show you what we'll mark as Plaintiffs'
 - 13 Demonstrative Exhibit 28.
 - 14 Can you tell us what this exhibit shows?
- 12:09:23 15 A. Yes. That's Mr. Walter there. He rolled out his
 - 16 training -- and that's what's highlighted there. Lew Walter
 - 17 rolled out the First Mortgage Sales workshop to all HFC sales
 - 18 divisions, with the exception of the southwest, in July and
 - 19 August of 1999. And then the video we just saw was
- 12:09:39 20 Mr. Hueman, who is in the southwest -- the left-lower corner
 - 21 of the United States there that we just saw on the tape --
 - 22 speaking to his employees about how to put this in place in
 - 23 the branches.
 - 24 O. So there were six sales divisions at Household; is that
- 12:09:58 25 right?

- 1 A. Yes.
- 2 O. And does this demonstrative show that Mr. Walter rolled
- 3 out his effective rate training to five of the six?
- 4 A. Yes.
- 12:10:06 5 Q. And then the sixth, was that covered by Mr. Hueman's
 - 6 training?
 - 7 A. Yes. But the training had to already be there somehow
 - 8 because the concepts were the same as what Mr. Walter rolled
 - 9 out.
- 12:10:20 10 MR. DROSMAN: Your Honor, is this a good time for a
 - 11 lunch break or would you like to go later?
 - 12 THE COURT: How much longer do you have to go?
 - 13 MR. DROSMAN: I can start on a new topic.
 - 14 THE COURT: And the new topic will take how long?
- 12:10:34 15 MR. DROSMAN: As long as you like. I can stop at any
 - 16 point.
 - 17 THE COURT: If you continue through, how much longer
 - 18 do you have with this witness? That's all I'm asking.
 - 19 MR. DROSMAN: Oh, she'll be on after lunch as well,
- 12:10:44 20 for probably the remainder of the day.
 - 21 THE COURT: Okay. Then we'll break for lunch at this
 - 22 point. No use waiting.
 - 23 We'll break for lunch, ladies and gentlemen. We'll
 - 24 resume the testimony at 1:15. Have a good lunch. We'll see
- 12:10:56 25 you then.

- 1 up with?
- 2 A. Yes.
- 3 Q. Did the states agree with Andrew Kahr's idea to ignore
- 4 state law and impose these prepayment penalties?
- 01:39:17 5 A. No. Many states did not agree with that.
 - 6 And this is a listing of some of the states that
 - 7 either, at one time or another, this e-mail says has strongly
 - 8 questioned our ability to do this.
 - 9 And the e-mail above it says, "Has Virginia
- 01:39:35 10 complained, also?"
 - 11 So, there were a number of states that said, "We do
 - 12 not agree with that."
 - 13 Q. I'll show you -- before I show you the next document, I'd
 - 14 like to sort of change gears and talk about the predatory
- 01:39:52 15 lending practice that you talked about earlier -- the failure
 - 16 to properly disclose.
 - Did you review additional documents relating to
 - 18 "failure to properly disclose"?
 - 19 A. Yes.
- 01:40:02 20 Q. Let me show you what's been marked as Plaintiffs' Exhibit
 - 21 964 for identification.
 - 22 (Document tendered.)
 - 23 BY MR. DROSMAN:
 - Q. Do you recognize Plaintiffs' Exhibit 964?
- 01:40:29 25 A. I do.

- 1 Q. What is it?
- 2 A. This is an Examination Information Correspondence from the
- 3 state of New Jersey to Household.
- 4 Q. And what's the date of it?
- 01:40:42 5 A. April 23rd, 2002.
 - 6 Q. And to whom is it addressed?
 - 7 A. It's addressed to "Tom Schneider, Policy and Compliance."
 - 8 Q. And is that somebody who works at Household?
 - 9 A. Yes.
- 01:40:52 10 He was in charge of coordinating information with the
 - 11 regulators, as I understand it.
 - 12 Q. And why do you recognize this document?
 - 13 A. This is one of the documents that I looked at in
 - 14 formulating my opinions.
- 01:41:06 15 MR. DROSMAN: Plaintiffs offer Exhibit 964 into
 - 16 evidence.
 - 17 THE COURT: It will be admitted.
 - 18 (Plaintiff' Exhibit 964 received in evidence.)
 - 19 BY MR. DROSMAN:
- 01:41:15 20 Q. Now, you mentioned that this is from the State of New
 - 21 Jersey to Household's Director of Policy, Compliance and
 - 22 Support.
 - 23 What's significant about this document to your
 - 24 opinions?
- 01:41:25 25 A. This document talks about various concerns that the State

- 1 of New Jersey had with Household's practices.
- 2 Q. Okay.
- 3 And, specifically, if I could direct your attention
- 4 to the page ending "805."
- 01:41:47 5 Actually, "804," if you'd look at that page.
 - 6 If you look at that page, it appears to be another
 - 7 letter to Tom Schneider, the Director of Policy and Compliance
 - 8 of Household, mfrom the State of New Jersey; is that right?
 - 9 A. Yes.
- 01:41:59 10 And I'd like to point out something in the first
 - 11 paragraph, too of that.
 - 12 The last sentence says, "These findings are furnished
 - 13 to the licensee for your confidential information and
 - 14 consideration and the understanding that it's not to be made
- 01:42:16 15 public."
 - And I talked about that yesterday -- that these
 - 17 examination reports are confidential -- and that the licensees
 - 18 are not supposed to make them public.
 - 19 Q. And this is a -- is this a -- Report of Examination?
- 01:42:27 20 A. Yes.
 - 21 This document it says, "Official Examination."
 - 22 Q. Okay.
 - 23 And if you turn to the next page of the report, Page
 - 24 805.
- 01:42:39 25 Is there anything of significance to your opinion on

- 1 that page?
- 2 A. Yes. They're talking about the criticisms that they have
- 3 regarding Household.
- 4 Q. And, specifically, the first criticism?
- 01:42:52 5 A. Yes. This is regarding AMTPA and the prepayment
 - 6 penalties. And it says, "Prepayment penalties equivalent to
 - 7 six months interest at the contract rate on the original
 - 8 amount of the loan are being charged on closed-end, Pay Right
 - 9 Reward first and second mortgage loans that are paid off in
- 01:43:06 10 advance.
 - 11 "This is predicated upon Household's position that
 - 12 these loans are variable rate loans covered by the preemptive
 - 13 authority of the Alternative Mortgage Transactions Parity
 - 14 Act."
- 01:43:17 15 Q. So, this is that same Act that would allow Household to
 - 16 ignore state law that prohibits prepayment penalties and
 - 17 impose them, anyway?
 - 18 A. Yes.
 - 19 If they comply with the federal law, they can ignore
- 01:43:31 20 state law to the contrary and impose certain fees and
 - 21 prepayment penalties.
 - 22 Q. What about the State of New Jersey? Did they believe that
 - 23 Household could ignore state law under their Andrew Kahr
 - 24 product?
- 01:43:43 25 A. No. They were saying that they don't believe that it

- 1 qualifies under AMTPA.
- 2 Q. What about No. 5 -- the criticism No. 5 -- there? Is that
- 3 significant to your opinion?
- 4 A. Yes.
- 01:43:53 5 And I talked about the wide range of closing costs
 - 6 that Household would give to the applicants on a good-faith
 - 7 estimate that's required by RESPA. And this says, "Points
 - 8 charged to borrowers at closing exceeded the amount reflected
 - 9 on the good-faith estimate in 55 percent of the cases
- 01:44:14 10 reviewed."
 - 11 And, so, not only did they give them a wide range,
 - 12 but they, in 55 percent of the cases that New Jersey
 - 13 reviewed -- the State of New Jersey -- they exceeded it.
 - 14 Q. Okay.
- 01:44:24 15 So, they'd give them a range of zero to \$8,000, for
 - 16 example, on their good-faith estimate and, then, they would
 - impose fees or points that were higher than \$8,000?
 - 18 A. That's right, in 55 percent of the ones that they
 - 19 reviewed.
- 01:44:36 20 Q. Why don't I show you what has been marked as Plaintiffs'
 - 21 Exhibit 324 for identification.
 - 22 (Document tendered.)
 - 23 BY MR. DROSMAN:
 - 24 Q. Do you recognize Exhibit 324?
- 01:45:09 25 A. I do.

- 1 Q. What is it?
- 2 A. This is correspondence and examination information being
- 3 transmitted to Household from the State of Minnesota.
- 4 Q. Why do you recognize this document?
- 01:45:21 5 A. This is a document that I considered in formulating my
 - 6 opinions.
 - 7 Q. And was this an Examination --
 - 8 A. Yes.
 - 9 Q. -- Report?
- 01:45:29 10 What was the date of it?
 - 11 A. It was actually a compliance examination.
 - 12 And the date -- let's see.
 - 13 The date of the cover letter -- let's see if there's
 - 14 a date of the examination here.
- 01:45:41 15 The date of the cover letter was September 23rd,
 - 16 2002; and, the examination, the close of business March 31st,
 - 17 2002.
 - 18 O. And to whom was it sent?
 - 19 A. To the Board of Directors of Household.
- 01:45:57 20 Q. And to whose attention at Household was it sent?
 - 21 A. Mr. Schneider.
 - 22 Q. That's the Tom Schneider we spoke of before?
 - 23 A. Yes.
 - 24 Q. The Director of Policy and Compliance?
- 01:46:05 25 A. Yes.

- 1 MR. DROSMAN: Plaintiffs move Exhibit --
- 2 BY MR. DROSMAN:
- 3 Q. Let me ask you: Did you consider this document in
- 4 formulating your opinions in this case?
- 01:46:14 5 A. I did.
 - 6 MR. DROSMAN: Plaintiffs move Exhibit 324 into
 - 7 evidence.
 - 8 THE COURT: It will be admitted.
 - 9 (Plaintiffs' Exhibit No. 324 received in evidence.)
 - 10 BY MR. DROSMAN:
 - 11 Q. Now, if you could turn to the page ending "007."
 - 12 Is there any significance of the information on Page
 - 13 007 to the opinions you rendered in this case?
 - 14 A. Yes.
- 01:46:42 15 If you -- these are all violations of Minnesota
 - 16 statute regarding the good-faith estimate.
 - 17 Q. Specifically, if you look at the heading, "Good-Faith
 - 18 Estimate" in the middle of the page, and there appears to be a
 - 19 range underneath it of zero to \$7,650.
- 01:47:06 20 Do you see that?
 - 21 A. Yes.
 - 22 Q. Is that significant to your opinion?
 - 23 A. Yes. This is -- this is -- typical of what Household was
 - 24 doing. They were giving a wide range of closing costs. So,
- 01:47:17 25 in this case, this customer, Mr. Cain, received a range of

- 1 from zero to 7,650. And they were actually charged, if you
- 2 look at the next column over -- if you could highlight that,
- 3 so maybe they could see it -- it's 9,591.90.
- 4 And Minnesota actually calculated the percent above
- 01:47:41 5 the range of 25.38 percent. So, it was about 25 percent
 - 6 higher that they were charged than the range.
 - 7 Q. If you could turn to the next page, the page ending "078."
 - 8 Is there anything significant about the information
 - 9 on that page to your opinion?
- 01:48:02 10 A. Yes.
 - 11 I mean, these good-faith estimate ranges -- and
 - 12 there's many pages of them, where they're showing for each
 - 13 customer the good-faith estimate range and, then, what they
 - 14 actually got charged -- and the first one is a high
- 01:48:20 15 percentage, but it's a low dollar amount. But it's a hundred
 - 16 dollars to three hundred dollars is the range.
 - And, then, they were actually charged \$531, and it
 - 18 was 77 percent above the range.
 - There are some other ones in here that are large
- 01:48:36 20 dollar amounts, that they were charged over the range.
 - 21 If you look to the fourth one down, for example,
 - 22 Mr. Merzwski -- or something -- the range was from zero to
 - 23 11,250, and they were actually charged 12,945.
 - 24 And there's just page after page of that in this
- 01:49:02 25 Report of Examination.

- 1 Q. What about the next page, Page 079?
- 2 A. 079, the same thing.
- 3 The first one, Mr. Gray, was charged -- the range was
- 4 disclosed on the good-faith estimate, of from zero to 4912;
- 01:49:20 5 and, he was actually charged 9,349, which is a 90 percent
 - 6 above the range.
 - 7 And, remember, the range of closing costs must be
 - 8 given to the applicant three days after the completed
 - 9 application is accepted by the lender. They're supposed to
- 01:49:37 10 give this good-faith estimate, so that the borrower has three
 - 11 days to consider whether they want to do the loan.
 - 12 Q. Now, this document that they're provided is called a
 - "Good-Faith Estimate," correct?
 - 14 A. Yes.
- 01:49:45 15 Q. Sometimes it's abbreviated as "GFE"?
 - 16 A. "GFE."
 - 17 Q. Is it your opinion that when you give somebody a range of
 - 18 zero to \$11,000, that that's a good-faith estimate of their
 - 19 closing costs?
- 01:49:57 20 A. No.
 - 21 In fact, if, on a large percentage basis, during a
 - 22 compliance exam that I would do as a bank examiner, if I would
 - 23 see that the good-faith estimate was always either at the very
 - 24 top of the range or above the range, then that would tell me
- 01:50:12 25 that there wasn't good faith in giving this estimate.

- 1 Q. I'm going to show you what has been marked as Plaintiffs'
- 2 Exhibit 333 for identification.
- 3 (Document tendered.)
- BY MR. DROSMAN:
- 01:50:44 5 Q. Do you recognize Plaintiffs' Exhibit 333 for
 - 6 identification?
 - 7 A. I do.
 - 8 Q. And what is this document?
 - 9 A. This is Examination Report issued by the Commonwealth of
- 01:50:55 10 Virginia.
 - 11 O. What's the date on it?
 - 12 A. And the date is March 11th, 2002.
 - 13 Q. And to whom did Virginia send a Report of Examination?
 - 14 A. Mr. Schneider, the head of Policy and Compliance.
- 01:51:09 15 Q. That's at Household -- Mr. Schneider at Household?
 - 16 A. Yes.
 - 17 Q. Why do you recognize this document?
 - 18 A. This is one of the documents that I reviewed in
 - 19 formulating my opinions.
- 01:51:18 20 MR. DROSMAN: Plaintiffs move 333 into evidence, your
 - 21 Honor.
 - THE COURT: It will be admitted.
 - 23 (Plaintiffs' Exhibit No. 333 received in evidence.)
 - 24 BY MR. DROSMAN:
- 01:51:25 25 Q. Now, on the first page of this document, the second to the

- 1 last paragraph, does that have any significance to your
- 2 opinion?
- 3 A. The second to the last paragraph? It talks about citing
- 4 previous examination violations as a previous examination.
- 01:51:51 5 Q. And it indicates that the violations cited in this report
 - 6 are similar to violations cited in previous examinations?
 - 7 A. That's right.
 - 8 Q. Okay.
 - 9 Is that significant to your opinion?
- 01:52:00 10 A. Well, repeated violations are frowned upon by the
 - 11 regulators.
 - 12 When the regulators identify violations of law, they
 - 13 expect that the institution will take corrective action; and,
 - 14 if they don't, they will consider taking enforcement
- 01:52:14 15 authority. And we talked about that yesterday -- doing a
 - 16 cease and desist order, for example; fining them; making them
 - 17 do refunds or even changing management.
 - 18 O. Why is it significant, then, that apparently this is
 - 19 similar to other violations for which the Commonwealth of
- 01:52:31 20 Virginia has already told Household about?
 - 21 A. Because they expect compliance and they don't expect to
 - 22 see repeat violations of law.
 - 23 Q. And if you turn to the page ending "741," there's a number
 - 24 of different loan customers listed on that page.
- 01:52:54 25 Starting with customer Ambrister, is that significant

- 1 to your opinion at all?
- 2 A. Yes.
- 3 On this one, it says, "Licensee failed to disclose
- 4 points charged to borrower on the good-faith estimate
- 01:53:06 5 disclosure."
 - 6 So, this is where they didn't disclose them at all.
 - 7 And, as I said yesterday, there were many failure-to-disclose
 - 8 issues. I only talked about the range of good-faith estimate
 - 9 closing costs and prepayment penalties, but there were
- 01:53:21 10 instances that I noted where they didn't disclose the good-
 - 11 faith estimate at all.
 - 12 Q. What about the next customer, customer Ayers?
 - 13 A. And on this one it says, "Licensee failed to disclose a
 - 14 reasonable estimate of the points charged." This is the range
- 01:53:36 15 issue.
 - 16 The points charged were 6,930 -- I'm sorry, 6,393;
 - 17 and, the points disclosed, the range was -- or in this one it
 - 18 wasn't actually a range. They actually disclosed one dollar
 - 19 amount and they disclosed 3,522.
- 01:53:52 20 Q. So, they told this customer Ayers that they were going to
 - 21 charge \$3500 in points, and how much did they actually charge?
 - 22 A. 6,393.
 - 23 Q. What about the other customers on that page, Barbour and
 - 24 Blaney?
- 01:54:07 25 A. Well, Mr. Barbour didn't receive the good-faith estimate

- 1 at all; and, then, Mr. Blaney, the same thing. He was
- 2 disclosed 2,380 and he was charged 4,139.
- 3 Q. If you turn to the next page, the page ending "742."
- 4 Can you tell us the significance of the information
- 01:54:25 5 on that page to your opinions?
 - 6 A. Yes. Two of the loan files that they looked at did not
 - 7 have any disclosure, and that was the fourth one down and the
 - 8 sixth one down. And, then, the rest of them were given a
 - 9 specific dollar amount and charged higher than that dollar
- 01:54:45 10 amount, with the exception of the third one.
 - And they were given a range of four to five thousand
 - 12 and charged 10,519.
 - 13 Q. I'll show you what has been marked as Plaintiffs' Exhibit
 - 14 956 for identification.
 - 15 (Document tendered.)
 - 16 BY MR. DROSMAN:
 - 17 Q. Do you recognize Plaintiffs' Exhibit 956?
 - 18 A. I do.
 - 19 Q. What is it?
- 01:55:32 20 A. This is the Kansas Examination Report.
 - 21 Q. And is there a fax cover sheet on top of the Kansas --
 - 22 A. Yes.
 - 23 Q. And what does that show?
 - 24 To whom was it sent?
- 01:55:48 25 A. The fax cover sheet is from Carla Madura to Robin Allcock.

- 1 The date, July 25th, 2002.
- 2 Q. And are these both Household employees?
- 3 A. Yes.
- 4 Q. Why do you recognize Plaintiffs' Exhibit 956?
- 01:56:02 5 A. This is one of the documents that I reviewed in
 - 6 formulating my opinions.
 - 7 Q. And what is the date of this particular examination on
 - 8 Page 184?
 - 9 A. Yeah.
- 01:56:22 10 The examination date is April 29th, 2002.
 - 11 Q. And, then, if you turn to the page ending "192"; and, if
 - 12 you'd look at the last sentence of the first paragraph -- I'm
 - 13 sorry, the second paragraph -- and tell us whether that's of
 - 14 any significance to your opinion?
- 01:56:45 15 The last sentence of the --
 - 16 A. Yes.
 - 17 Q. -- second paragraph.
 - 18 A. It says -- excuse me -- "HUD," which is the Housing and
 - 19 Urban Development -- "believes that a pattern or practice of
- 01:57:02 20 quoting GFE" -- good-faith estimate -- "amounts that are lower
 - 21 than the corresponding amounts later shown on the settlement
 - 22 statements, may serve as evidence that the disclosures were
 - 23 not made in good faith."
 - 24 Q. So, still on the page ending "192," tell me what that
- 01:57:19 25 means.

- 1 A. On the sentence that I just read?
- 2 Q. Yeah. Tell me why that's significant.
- 3 A. Yeah.
- And just what I said previously. When you see a
- 01:57:29 5 pattern where the lender is disclosing the closing costs in a
 - 6 range; and, if all the -- especially when the range is from
 - 7 zero to a high number, when the closing costs are always at
 - 8 the top end of the range or exceeding the range, then you have
 - 9 to conclude that it's not good faith in giving the estimate of
- 01:57:49 10 the closing costs.
 - 11 And that's what HUD concluded here. HUD believes
 - 12 that a pattern or practice of quoting GFE amounts that are
 - 13 lower than the corresponding amounts later shown on the
 - 14 settlement statements may serve as evidence that the
- 01:58:05 15 disclosures were not made in good faith.
 - 16 Q. Is the next sentence of this Examination Report of any
 - 17 significance to your opinion?
 - 18 A. Yes.
 - 19 And, so, in Kansas, when they were looking at loan
- 01:58:17 20 files, if -- you can highlight the group of loans below it,
 - 21 also.
 - 22 It says, "The following loans have good-faith
 - 23 estimates with origination fees that were consistently lower
 - 24 than those actually charged on the settlement statement."
- 01:58:34 25 Q. And what is -- what do those groups of loans show?

- 1 A. And the next sentence is, "Estimates that are consistently
- 2 lower may serve as proof that the estimates are not made in
- 3 good faith."
- 4 And, so, these are a list of the loans that they
- 01:58:48 5 articulated in the Examination Report.
 - 6 So, for example, the first one is Mr. Barbieri. His
 - 7 good-faith estimate was 12,700, and he was actually charged
 - 8 13,194.
 - 9 And, so, there's three ways that the regulators will
- 01:59:09 10 cite violations of the good-faith estimate: Failure to give
 - 11 it at all; the instance that we show here, where you give it
 - 12 at a certain number, but you charge more than that; or, where
 - 13 you give it in a range, and the range is either too wide or
 - 14 you charge more than the range.
- 01:59:27 15 So, there are various iterations of why they cite
 - 16 violations of the good-faith estimate.
 - 17 MR. DROSMAN: Plaintiffs move Exhibit 956 into
 - 18 evidence.
 - 19 THE COURT: It will be admitted.
 - 20 (Plaintiffs' Exhibit No. 956 received in evidence.)
 - 21 BY MR. DROSMAN:
 - 22 Q. I'd like to show you Plaintiffs' Exhibit 269 for
 - 23 identification.
 - 24 Before we do that -- now, we've talked about some of
- 01:59:49 25 the predatory lending practices in which Household engaged.

- 1 objectives and you're asking them to check themselves.
- So, you're saying, "We want you to grow the loans.
- 3 We're going to compensate you for growing the loans. We're
- 4 going to train you how to grow the loans in these predatory
- 02:20:27 5 ways. And, at the same token, we want you to check for
 - 6 compliance with the laws and policies of the company," and
 - 7 they conflict. And it increases risk to the company.
 - 8 Q. Now, in addition to the documents that we've already
 - 9 reviewed, have you seen any customer complaints that suggest
- 02:20:44 10 that defendants were aware of the predatory lending practices
 - 11 during the 1999 to 2002 time frame?
 - 12 A. Yes. I reviewed a number of complaints.
 - 13 Q. Let's look at a couple.
 - 14 I'll show you a document that has been marked as
- 02:20:58 15 Plaintiffs' Exhibit 276 for identification.
 - 16 (Document tendered.)
 - 17 BY MR. DROSMAN:
 - 18 Q. Do you recognize Plaintiffs' Exhibit 276?
 - 19 A. I do.
- 02:21:30 20 Q. And what is it?
 - 21 A. This is a complaint filed by José Nanez to the Arizona
 - 22 Attorney General's office. And this is a document that I
 - 23 looked at in formulating my opinions.
 - 24 Q. What's the date of the complaint?
- 02:21:41 25 A. February 20th, 2002, it was signed.

- 1 MR. DROSMAN: Your Honor, plaintiffs move Exhibit 276
- 2 into evidence.
- 3 MR. KAVALER: I believe this is one of those limited
- 4 documents, your Honor.
- 02:21:56 5 THE COURT: It will be admitted.
 - 6 MR. DROSMAN: Thank you, your Honor.
 - 7 (Plaintiffs' Exhibit No. 276 received in evidence.)
 - 8 BY MR. DROSMAN:
 - 9 Q. Now, can you tell us what this is -- what this shows?
- 02:22:06 10 A. This is a typical complaint. When someone has a complaint
 - 11 against a regulated entity and they call the regulator -- and
 - 12 I used to have staff in Atlanta that would take all the
 - 13 complaints for National Bank in the southeast -- the first
 - 14 thing that you tell them do is, "Put it in writing."
- 02:22:24 15 And the purpose for that is because not only does a
 - 16 regulator want to be able to look at it -- the person in the
 - 17 office -- but they'll send it to the examiner for the scope of
 - 18 the next examination. But, also, they want to send it to the
 - 19 regulated entity, so that they can get their side of the
- 02:22:41 20 story.
 - 21 And, so, this is a typical complaint form that
 - 22 regulators use across the country. We used it at the OCC and
 - 23 in Texas -- something similar -- and it lays out what their
 - 24 complaint was regarding their particular loan.
- 02:22:58 25 Q. When you say that you'd also want to send it to the

- 1 regulated entity, what's that?
- 2 A. Well, the regulator's not going to just take this
- 3 complaint and say, "Everything in here is true." They want to
- 4 get the regulated entity's side of the story; and, then,
- 02:23:13 5 they'll take the two and figure out if a violation has
 - 6 occurred or not.
 - 7 Q. What is the regulated entity?
 - 8 A. Well, in this case, it's Household.
 - 9 In the case when I was in Atlanta, it would be the
- 02:23:23 10 National banks in the nine southeastern states.
 - 11 Q. So, whatever --
 - 12 A. Whatever your jurisdiction is.
 - 13 Q. So, whatever lender a person's complaining about would
 - 14 also get a copy of this complaint; is that right?
- 02:23:34 15 A. Yes, with a specific request from the regulator to say,
 - 16 "Please respond to this complaint. Tell us what your side of
 - 17 the story is."
 - 18 Q. This particular complaint is filed by a man named José
 - 19 Nanez; is that right?
- 02:23:49 20 A. Yes.
 - 21 Q. And let's take a look at the first entry he has -- or the
 - 22 first number on his complaint.
 - 23 A. This person lives in Phoenix, Arizona, and he's Hispanic,
 - 24 he says, and his primary language is Spanish. And his
- 02:24:08 25 daughter was serving as interpreter.

- 1 And he says, "Our home was purchased in February,
- 2 1997, and financed with a 30-year home loan at a 7 percent
- 3 fixed interest rate."
- 4 O. And No. 2, what's his --
- 02:24:25 5 A. And, then, he received a solicitation from Household with
 - 6 a \$5,000 check, which they later cashed; and, then, they
 - 7 called Household about refinancing.
 - 8 Q. And what does No. 3 indicate?
 - 9 A. No. 3 indicates that they went to talk to Household and:
- 02:24:43 10 "Beulah Jordan, a Household sales representative, told us that
 - 11 Household had a special loan program under which we could
 - 12 consolidate all our bills into one loan; get the cash we
 - 13 wanted; and, save a lot of money in paying off our bills.
 - 14 Jordan gave us a quote for Household's biweekly payment (or EZ
- 02:25:00 15 Payment Plus) plan.
 - 16 "Under this plan, Jordan said that if we made
 - 17 payments every two weeks, our loan would be paid out like a
 - 18 7.58 percent 30-year loan, only we would get to pay it off
 - 19 much sooner than 30 years.
- 02:25:14 20 "She also told us that we could get single premium
 - 21 credit insurance in order to get the loan."
 - 22 Q. Is there a --
 - 23 A. I'm sorry, I misspoke.
 - 24 She said, "We had to get single premium credit
- 02:25:28 25 insurance in order to get the loan."

- 1 Q. Now, is there anything significant about that complaint to
- 2 your opinions in this case?
- 3 A. Well, what I found interesting about this complaint was,
- 4 first of all, non-English speakers, if you remember the OCCs
- 02:25:46 5 issuance, it talked about sometimes you have non-English
 - 6 speakers, and that's a particular class that can be taken
 - 7 advantage of.
 - 8 And here we have the Hispanic non-English speaker,
 - 9 the daughter serving as an interpreter. So, that kind of
- 02:26:03 10 perks your ears up for possible predatory lending.
 - 11 And, then, of course, again, we've got the biweekly
 - 12 payment plan with the EZ Pay. This is in Phoenix, Arizona.
 - 13 You know, we've seen these in different places around
 - 14 the country. And, you know, the effective rate presentation,
- 02:26:20 15 again.
 - 16 Q. Why do you think that this is the effective rate
 - 17 presentation?
 - 18 A. Because they're talking about, "If you pay off your loan
 - 19 every two weeks, it will pay out like a 7.58 percent 30-year
- 02:26:32 20 loan, only you pay it off much sooner."
 - 21 The one thing that's missing here from the
 - 22 presentation is how many years sooner is it paid off? 18?
 - 23 17? Whatever.
 - 24 And, then, they talk about single premium credit
- 02:26:44 25 insurance, which is a particularly predatory product because,

- 1 remember, it tacks on to your 30-year loan, but it goes away
- 2 in five years. And, so, that's been prohibited by a lot of
- 3 states.
- 4 Q. So, they were told that they would have this 7.58 percent
- 02:27:04 5 interest rate with their loan?
 - 6 A. Yes.
 - 7 Q. Turn to the next page, the page ending "765".
 - 8 A. The first sentence says, "Respondents did not tell us
 - 9 their biweekly payment quote did not include transaction fees,
- 02:27:21 10 property taxes or homeowners insurance on their home."
 - 11 That's something I saw in a lot of the complaints --
 - 12 and we haven't really talked about that -- but when you're
 - 13 making a comparison of apples to apples, you want to make sure
 - 14 that your mortgage payment, in fact, is the same -- contains
- 02:27:33 15 the same -- things as your current mortgage payment.
 - 16 And this was a complaint that a lot of consumers had,
 - 17 was that Household would not include their taxes and
 - insurance, and that's what their current one included.
- 19 So, when they were saying, "We'll give you a smaller
- 02:27:50 20 payment," that wasn't true.
 - 21 And, then, the second sentence says, "Respondents
 - 22 also did not explain that our loan included substantial loan
 - 23 origination fees, substantial upfront insurance premiums and
- 24 an actual interest rate of 11.79 percent, a prepayment penalty
- 02:28:08 25 if we tried to pay off our loan before five years."

- 1 Q. So, what predatory practices were employed by Household
- 2 with respect to this person, José Nanez?
- 3 A. Well, they have the effective rate presentation given to
- 4 them. They had single premium insurance being required -- and
- 02:28:25 5 that's particularly predatory. They had failure to disclose
 - 6 the -- that the insurance and taxes were not in the new
 - 7 payment, as were on the old, so they could compare. And they
 - 8 didn't -- failure to disclose the prepayment penalty.
 - 9 Q. And what does the last sentence of this complaint say?
- 02:28:46 10 A. The last sentence says, "We believe the respondents
 - 11 targeted us for predatory loans due to our national origin:
 - 12 Hispanic. As a result of their predatory lending, respondents
 - 13 have stripped away part of our loam equity and we are in
 - 14 danger of losing our home."
- 02:29:00 15 So, that's the equity stripping, again, that we
 - 16 talked about.
 - 17 Q. Why don't I show you what's been marked as Plaintiffs'
 - 18 Exhibit 1096 for identification.
 - 19 (Document tendered.)
- 02:29:30 20 BY MR. DROSMAN:
 - 21 Q. Do you recognize Plaintiffs' Exhibit 1096?
 - 22 A. I do.
 - 23 Q. What is it?
 - 24 A. This is a complaint from Amy Adams in New Cumberland,
- 02:29:39 25 Pennsylvania. It's dated September 10th, 2002, and it's

- 1 addressed to Household.
- 2 Q. And why do you recognize 1096?
- 3 A. This is one of the documents that I looked at in

- 02:29:51 5 MR. DROSMAN: Plaintiffs offer Plaintiffs' Exhibit

 - 7 MR. KAVALER: Your Honor, this is another one of

 - 15 (Plaintiffs' Exhibit No. 1096 received in evidence.)
 - 16 BY MR. DROSMAN:
 - 17 Q. Let's take a look at the first page of the document. You
 - 18 said that this document was sent to Household.
 - 19 What was the date it was sent to Household?
- 02:30:15 20 A. September 10th, 2002.
 - 21 Q. If you look at the second paragraph of the letter, what --
 - 22 A. Now, this is a complaint that's not on the complaint form,
 - 23 that -- she actually wrote this letter herself.
 - 24 Q. And if you look at the last page of the letter -- the page
- 02:30:34 25 ending "448" -- why don't we look at the page ending "448" of

- 1 the letter? It's the third page in.
- 2 Can you tell me: Did she it to anybody in particular
- 3 at Household?
- 4 A. Yes. She sent it to Mr. Aldinger, Mr. Gilmer,
- 02:30:52 5 Mr. Schoenholz and Mr. Streem.
 - 6 Q. She cc'd all those people?
 - 7 A. Yes.
 - 8 Q. Why don't we take a look again at the first page of 1096,
 - 9 the second paragraph, and tell us if that's of any
- 02:31:09 10 significance to your opinion.
 - 11 A. Yes.
 - 12 This is a case where she questioned the prepayment
 - 13 penalty at the time of the closing. And she says, "The
 - 14 salesman who was handling our refinance very nonchalantly
- 02:31:23 15 glossed over this issue and communicated to my husband and me
 - 16 that this would typically be about a \$3,000 fee, given our 6
 - 17 percent interest rate, which really turned out to be 9.49
 - 18 percent -- more on this later -- and that these fees can be
 - 19 waived for job-related relocations. As we are now facing
- 02:31:39 20 selling our house due to relocation, I have since found this
 - 21 not to be the case."
 - 22 O. What does that mean?
 - 23 A. Well, this is the failure to disclose what's going on with
 - 24 the prepayment penalty.
- 02:31:51 25 Here's someone that sees the prepayment penalty,

- 1 asked about it and they say, "We can waive it." And this
- 2 was -- I saw this in other complaints -- this very action.
- 3 Q. Why don't we take a look at the next page, the page ending
- 4 "447."
- 02:32:10 5 And if you look at the first non-indented paragraph,
 - 6 it begins, "To add insult to injury," can you tell us if
 - 7 there's any significance of that information to your opinion?
 - 8 A. Yes.
 - 9 And this says, "To add insult to injury, the salesman
- 02:32:26 10 who sold us this deal capitalized on the fact that we were
 - 11 receiving a 6 percent interest rate by participating in the
 - 12 biweekly EZ Pay Program.
 - "When I questioned the 9.49 percent rate listed on
 - 14 our contract at the signing, I was told that was the rate for
- 02:32:40 15 people not participating in the biweekly payment program.
 - 16 When I asked where the 6 percent interest rate was quoted in
 - 17 the agreement, I was told it was assumed in the EZ Pay
 - 18 Program, so that was why I wouldn't find it in the contract."
 - 19 So, this is the whole effective rate presentation,
- 02:32:58 20 where the customers were being deceived into thinking it was
 - 21 lower rate than they were actually getting.
 - 22 Here was a customer questioning, you know: "Why is
 - 23 this different than my contract rate, " and the employee's
 - 24 telling them from Pennsylvania that, "Don't worry. That's for
- 02:33:16 25 people that aren't participating in this biweekly payment

- 1 program."
- 2 Q. Then it looks like there's a series of bullet points on
- 3 that page and, then, another paragraph underneath that.
- 4 Can you take a look at that?
- 02:33:27 5 A. Yes.
 - 6 Q. It begins --
 - 7 A. "I am responsible -- "
 - 8 Q. "I am a responsible consumer."
 - 9 A. "I'm a responsible consumer with good credit who was duped
- 02:33:38 10 through your slick sales techniques into refinancing a 7
 - 11 percent FHA mortgage to your 9.49 percent unconventional loan,
 - 12 losing \$12,000 equity I had built up in my home and now I am
 - 13 facing being further penalized for selling my home to support
 - 14 a job move."
- 02:33:57 15 Q. What significance is that to your opinion?
 - 16 A. So, she had a 7 percent mortgage. She was told that she
 - 17 could get a 6 percent interest rate through the biweekly
 - 18 payment program; and, in fact, it turns out to be 9.49
 - 19 percent. And that's a typical --
- 02:34:14 20 Q. She went from a 7 percent loan to a 9-point-something
 - 21 percent loan?
 - 22 A. Yes, 9.49 percent.
 - 23 Q. And why does she say she did that?
 - 24 Why would anybody go from a lower rate loan to a
- 02:34:25 25 higher rate loan?

- 1 A. You wouldn't do it.
- 2 Plus, she had an FHA mortgage and now she has an
- 3 unconventional. And the FHA would be more attractive.
- 4 So -- well, you wouldn't do it. You wouldn't
- 02:34:37 5 willingly pay more money on your loan. I mean, for, what?
 - 6 What would be the point of that?
 - 7 Q. Does this support your opinion that this woman, Ms. Adams,
 - 8 was deceived by Household?
 - 9 A. Yes.
- 02:34:48 10 Q. What predatory lending practices do you see reflected in
 - 11 this complaint?
 - 12 A. Well, the non-disclosure or the -- discussing that the
 - 13 prepayment penalty would be waived, that's one. And, then,
 - 14 the effective rate presentation would be two. Equity
- 02:35:03 15 stripping would be three.
 - 16 Q. And did Ms. Adams attach anything to this complaint that
 - 17 she sent to Mr. Aldinger and Mr. Gilmer and Mr. Schoenholz?
 - 18 A. Yes.
 - 19 She attached a newspaper article -- actually, a
- 02:35:17 20 magazine article -- from Forbes entitled, "Home Wrecker" and
 - 21 it's dated September 2nd, 2002.
 - 22 Q. Have you reviewed this article?
 - 23 A. Yes.
 - 24 I actually reviewed this article separate from this
- 02:35:33 25 complaint because I was taking the -- I was canvassing

- 1 everything that was out there regarding predatory lending
- 2 during the 1999/2002 time frame. And I came across this
- 3 myself.
- 4 But she goes through and highlights some things in
- 02:35:44 5 here that are similar to what I found in looking at this file.
 - 6 Q. And the first thing that she highlights in the "Home
 - 7 Wrecker" article in Forbes Magazine, what's that?
 - 8 A. Well, she's talking about a William Meyers, a borrower,
 - 9 paid off his credit card debt by refinancing his loan with
- 02:36:07 10 Household.
 - "He says his new lender, Household International,
 - 12 charged him 11 percent interest, not the 7.2 percent interest
 - 13 as promised. Then it added 14,400 in fees and insurance to
 - 14 his \$80,100 loan, and stuck him with a \$15,000 second mortgage
- 02:36:23 15 at 20 percent. He didn't notice it until the first bill," a
 - 16 lot of the issues we've been talking about yesterday and
 - 17 today.
 - 18 Q. What about, in particular, in Ms. Adams' complaint? Is
 - 19 there any similarities between Ms. Adams' complaint and this
- 02:36:37 20 information in Forbes Magazine; specifically, with the 11
 - 21 percent interest --
 - 22 A. Yeah.
 - 23 Q. -- promised?
 - 24 A. Right.
- 02:36:44 25 Q. I'm sorry, the 7.25 percent interest promised, when it's

- 1 really an 11 percent interest rate?
- 2 A. Yes.
- 3 This was the effective rate presentation, where
- 4 they're trying to make their rates look more competitive.
- 02:36:56 5 And, so, they're saying, "If you pay half of your mortgage
 - 6 every other week, your rate's going to be 7.2," but really it
 - 7 was 11 percent.
 - 8 Q. Let's look at the next spot. I think it's the fourth
 - 9 paragraph in the article that Ms. Meyers highlighted,
- 02:37:11 10 apparently to show similarities.
 - 11 Can you tell us what that says?
 - 12 A. It's the one up above that.
 - 13 Q. The fourth paragraph down?
 - 14 A. Yeah.
- 02:37:19 15 There you go.
 - 16 Now, this is what happened -- this is what she claims
 - 17 happened -- to her. "Household is under fire for myriad
 - 18 tactics. In addition to the bait-and-switch on interest
 - 19 rates, it charges high prepayment penalties and service fees.
- 02:37:36 20 It lures clients with proposals showing monthly savings that,
 - 21 at times, fail to materialize."
 - 22 So, she's talking about the high -- or this article
 - 23 is talking about the high -- prepayment penalties; and, then,
 - 24 the effective rate presentation, which she talks about, too.
- 02:37:54 25 Q. The next spot in the article -- the Forbes article -- that

- 1 Ms. Adams highlighted, can you tell us about that?
- 2 A. Actually, the last part of that sentence also is things
- 3 that we were talking about today, too, if you'd go back to
- 4 that.
- 02:38:08 5 And it says, "And it structures mortgages to include
 - 6 last-minute second loans that make it difficult for borrowers
 - 7 to defect and get refinancing elsewhere. Household agents
 - 8 call it 'Closing the Back Door.'"
 - 9 So, that's -- we've been talking about closing the
- 02:38:21 10 back door here.
 - 11 Q. Did you call it "Blocking the Back Door"?
 - 12 A. "Blocking the Back Door," yes.
 - 13 Q. Is there a difference between "Blocking the Back Door" and
 - "Closing the Back Door"?
- 02:38:29 15 A. No, it's the same thing.
 - 16 Q. Take a look at the next paragraph that Ms. Adams
 - 17 highlighted.
 - 18 A. In this -- this -- is something else that we've been
 - 19 talking about: "But Household's questionable practices seem
- 02:38:40 20 to be in far wider use than that. For one thing, Meyers lives
 - 21 in Dayton, Ohio, not Bellingham, Washington."
 - 22 And this refers to the paragraph above which says,
 - 23 "Household says such complaints represent a minuscule fraction
 - 24 of its 100 billion in outstanding loans."
- 02:38:59 25 It also says, "Gripes about the interest-rate-trick

- 1 that fooled Meyers are largely confined to its office in
- 2 Bellingham, Washington."
- 3 Q. So, that's the few-bad-apple argument?
- 4 A. The rogue branch, roque employee.
- 02:39:10 5 If you go down, then -- going back to what's
 - 6 highlighted here -- "The Household pitch was so effective, it
 - 7 even lured customers with good credit, including Meyers.
 - 8 Customers and some ex-employees tell of the same interest rate
 - 9 trick in a dozen states."
- 02:39:24 10 So, Ms. Adams has good credit and, so, she's
 - 11 highlighting this because it says, "Even some people with good
 - 12 credit are being lured by this."
 - 13 Q. The next sentence, I think, is a quote from a regulator in
 - 14 Minnesota. What does he have to say about the few-bad-apple
- 02:39:44 15 argument that Household made?
 - 16 A. The Commissioner in Minnesota -- the Commerce Commissioner
 - 17 -- says, "Household encourages -- or at least tolerates --
 - 18 these abuses. It's not just an occasional rogue loan officer
 - 19 or rogue office. It has to do with corporate culture."
- 02:40:05 20 Q. Is that consistent with or different from the conclusions
 - 21 you drew in this case?
 - 22 A. No, it's consistent.
 - 23 Q. Okay.
 - Let's look at the next page, the page ending "450."
- 02:40:18 25 And, then, it looks like Ms. Adams has highlighted

- 1 some more paragraphs from the Forbes article on that page.
- 2 Let's talk about the first one.
- 3 A. Okay.
- 4 This one says, "Household also began EZ Pay Plus, a
- 02:40:32 5 program under which many borrowers, like Meyers, were lured
 - 6 with lower interest rates, but were really charged higher
 - 7 ones. EZ Pay Plus also quotes Karina Galindo, a Teacher's
 - 8 Assistant in Phoenix.
 - 9 "In April, 2000, Household offered to replace her
- 02:40:49 10 \$67,300 mortgage -- a Chase Manhattan Bank loan at 8.5
 - 11 percent -- with a bigger, but seemingly cheaper one: \$86,300
 - 12 at an effective rate of 7.6 percent, enough to pay off the old
 - 13 mortgage, and a \$12,200 personal loan she was paying off at
 - 14 15.7 percent. At least this is how she read a worksheet from
- 02:41:11 15 a Household loan officer.
 - 16 "Galindo signed up. Four days later, she says she
 - 17 got nervous and reviewed the 80-page agreement, signed and
 - 18 initialed in two dozen places, and spotted the real interest
 - 19 rate: 12.2 percent.
- 02:41:25 20 "How did it happen? Galindo says her agent, José
 - 21 Avila, handed her the worksheet entitled 'Biweekly Payment
 - 22 Quote" with this sentence at the bottom: 'If I can put
 - 23 together a loan that pays out like a 7.579 percent a year
 - 24 loan, but has a total term of 18.63 years, would you be
- 02:41:45 25 interested?"

- 1 Q. Let me stop you there.
- 2 That language that you just read, do you recognize
- 3 that language?
- 4 A. That's from the Dennis Hueman video.
- 02:41:55 5 Q. Okay.
 - 6 And what is this article talking about? What's the
 - 7 passage you just read?
 - 8 A. This is the effective rate presentation on how Household,
 - 9 in trying to make their mortgages look for competitive, would
- 02:42:09 10 do this effective rate presentation and lure these people in,
 - 11 thinking they were going to get a lower interest rate. Then
 - 12 they find out that they have, in fact, a higher interest rate.
 - 13 And here, you know, there's more interest and fees
 - 14 and premiums tacked on. So, it strips out your equity; it
- 02:42:25 15 keeps you there because no one else will refinance you, so
 - 16 that the back door is blocked.
 - 17 So, this paragraph goes to a lot of the things that
 - 18 we've been talking about today.
 - 19 Q. Now, in your evaluation of Household's lending practices,
- 02:42:40 20 did you also review Reports of Examinations written by state
 - 21 and federal regulators?
 - 22 A. I did.
 - 23 Q. Why did you review Reports of Examinations by regulators?
 - 24 A. Well, I wanted to see what the regulators thought. I
- 02:42:55 25 looked at the documentation and I wanted to see if they -- if

- 1 their findings supported my opinions.
- 2 Q. Which regulators issued Reports of Examination that you
- 3 reviewed?
- 4 A. I reviewed the OTS reports for the Federal Thrift that
- 02:43:11 5 Household had -- Household Bank FSB -- and, then, I reviewed
 - 6 the State Examination Reports from the finance company.
 - 7 And I also reviewed -- FDIC did a separate exam and,
 - 8 then, I think they did a joint one with the OTS.
 - 9 So, I reviewed any of the examination reports that
- 02:43:35 10 were available.
 - 11 Q. And how many State Examination Reports did you review
 - 12 approximately?
 - 13 A. I would say maybe 30.
 - I'm not sure. I know at one point I reviewed some
- 02:43:46 15 and, then, had to send some back. So, I'm not exactly sure
 - 16 how many. Maybe 30.
 - 17 Q. And from what different states did these Examination
 - 18 Reports come?
 - 19 A. New Jersey, Virginia, Kansas, Washington, Minnesota -- all
- 02:44:03 20 over the country.
 - 21 Q. Other states you haven't mentioned?
 - 22 A. Yes, uh-huh.
 - 23 Q. Why don't I show you what's been marked as Plaintiffs'
 - 24 Exhibit 1205 for identification.
 - 25 (Document tendered.)

- 1 BY MR. DROSMAN:
- 2 Q. Do you recognize Plaintiffs' Exhibit 1205?
- 3 A. I do.
- 4 Q. And what is 1205?
- 02:44:47 5 A. This is the Special Compliance Examination that was
 - 6 performed by the Office of Thrift Supervision, which is the
 - 7 regulator of the Federal Thrift, dated January 16th, 2003.
 - 8 Q. And did this examination also examine the finance company
 - 9 at Household?
- 02:45:06 10 A. Yes.
 - 11 Q. So, it examined both the Thrift and the Finance Company?
 - 12 A. That's right.
 - 13 Q. And why do you recognize this document?
 - 14 A. This was one of the documents that I reviewed in
- 02:45:16 15 formulating my opinions.
 - 16 Q. And who authored the document?
 - 17 A. The Office of Thrift Supervision.
 - 18 MR. DROSMAN: Plaintiffs offer Exhibit 1205 into
 - 19 evidence.
- 02:45:27 20 THE COURT: It will be admitted.
 - 21 (Plaintiffs' Exhibit 1205 received in evidence.)
 - 22 BY MR. DROSMAN:
 - 23 Q. So, why don't we take a look at the first page. It
 - 24 indicates that the subject concerns both the bank and the
- 02:45:39 25 finance company; is that right?

- 1 A. Yes.
- 2 If you look at the bottom, it says, "Household Bank,
- 3 FSB," that's the Federal Thrift, and, then, "Household Finance
- 4 Corporation."
- 02:45:47 5 This is a Special Compliance Exam and the federal
 - 6 regulators have the authority to go beyond the entity that
 - 7 they regulate, if it's affiliated with the regulate -- the
 - 8 entity that they regulate.
 - 9 And the OTS decided to do that in this case because
- 02:46:03 10 of concerns that they had.
 - 11 Q. So, even though they wouldn't ordinarily regulate the
 - 12 finance company, they decided to do a special examination of
 - 13 Household Finance Company in this case?
 - 14 A. That's right.
- 02:46:14 15 And we used to do that at the OCC if we were worried
 - 16 about an affiliate. We would go on and examine that
 - 17 affiliate.
 - 18 Q. Go ahead, if you would, and turn to the page ending "063."
 - 19 It looks like the heading on that page is, "Special
- 02:46:31 20 Compliance Examination."
 - 21 And, then, the date is June 3rd, 2002?
 - 22 A. Yes.
 - 23 Q. Does the first sentence of that document have any
 - 24 significance to your opinion?
- 02:46:41 25 A. "A Special Compliance Examination of Household Bank FSB

- 1 commenced on June 3rd, 2002"? That sentence?
- 2 Q. Right.
- 3 Does this tell you when the actual examination took
- 4 place?
- 02:46:54 5 A. Yes.
 - 6 Q. When was that?
 - 7 A. June 3rd, 2002.
 - 8 Q. So, in the middle of 2002, they performed this
 - 9 examination?
- 02:47:01 10 A. Yes.
 - 11 Q. And when did they issue their report, then?
 - Does the first page indicate January 16th, 2003?
 - 13 A. Yes, January 16th, 2003.
 - 14 Q. Okay.
- 02:47:20 15 If you could go down to the bottom of the page ending
 - 16 "063," where it talks about the "overall findings for the
 - 17 exam," and look at the first arrow there.
 - 18 A. Yes.
 - 19 And, first, the second sentence of the first
- 02:47:33 20 paragraph at the top of the page says, "The focus of this
 - 21 Special Examination was a variety of predatory lending and
 - 22 insurance sales issues."
 - 23 And, so, they're articulating what the scope of their
 - 24 Special Compliance Examination was.
- 02:47:49 25 Q. And what was the scope?

- 1 A. The scope is: "The focus of this Special Examination was
- 2 a variety of predatory lending and insurance sales issues."
- 3 Q. Okay.
- 4 If you take a look, then, at the bottom of that first
- 02:48:02 5 page, under, "Overall Examination Summary and Findings."
 - 6 A. Okay.
 - 7 So, the first one is: "There is evidence of
 - 8 insurance packing. HFC" -- and "HB" is Household Bank. So,
 - 9 that's the Federal Thrift.
- 02:48:16 10 "HFC/HB sold insurance products, personal property,
 - 11 disability, life and involuntary unemployment to a very high
 - 12 percentage of borrowers for both real estate and non-real
 - 13 estate-secured lending. There -- " I think that's the wrong
 - 14 word. It should be "T-h-e-i-r."
- 02:48:36 15 But, anyway, "There most egregious issue is sales of
 - 16 personal property insurance for, essentially, unsecured
 - 17 non-real estate loans."
 - 18 Q. Does that text that you just read have any significance to
 - 19 your opinions in this case?
- 02:48:47 20 A. Well, yes.
 - 21 My conclusion is that Household engaged in insurance
 - 22 packing. And this is what the OTS is saying, also.
 - 23 Q. Okay.
 - If you'd turn to the page ending "065."
- 02:49:02 25 It looks like the second arrow on that page indicates

- 1 that, "Some of the most significant concerns"; is that right?
- 2 A. (No response.)
- 3 Q. The second arrow on Page --
- 4 A. Yes.
- 02:49:14 5 Q. -- 065?
 - 6 A. And, then, they're articulated here.
 - 7 Q. So, let's talk about some of the most significant concerns
 - 8 that the federal regulator -- in this case, the Office of
 - 9 Thrift Supervision -- found.
- 02:49:28 10 A. Okay -- excuse me.
 - 11 So, the first box -- they have little boxes on this
 - 12 side -- "Many cases of multiple -- " the first box there
 - 13 (indicating) -- "Many cases of multiple and frequent
 - 14 refinancing/debt consolidations in short time frames."
- 02:49:46 15 So, this would be loan flipping.
 - 16 Q. What's the next box or bullet that they have indicated?
 - 17 A. "Routine payment of high levels of loan fees associated
 - 18 with frequent refinancings.
 - "In many instances, refinances offered marginal
- 02:50:02 20 benefit."
 - 21 That would be to the borrower. This is another issue
 - 22 about loan flipping and charging the high level of loan fees.
 - 23 Q. This talks about -- the next one -- the next bullet on
 - 24 that page -- what is that?
- 02:50:16 25 A. This is on insurance. It says, "Aggressive sales

- 1 practices, with frequent sales of single payment credit life
- 2 insurance."
- And, remember, that was the one that got tacked onto
- 4 your loan for 30 years, but it ran out after five years, in
- 02:50:31 5 terms of the term of it. And you were still paying for the
 - 6 next 25.
 - 7 It says, "Also, frequent sales of personal property
 - 8 insurance, involuntary unemployment insurance and disability
 - 9 insurance. Loans commonly rolled into new or additional loans
- 02:50:44 10 with credit insurance routinely included. The credit life
 - 11 insurance was typically for a maximum of five years, with a
 - 12 single payment fee collected up front."
 - And, of course, tacked on the loan and amortized over
 - 14 the 30 years.
- 02:50:58 15 Q. And these are all OTS' significant concerns; is that
 - 16 right?
 - 17 A. Yes.
 - 18 Q. What's the next significant concern that the OTS had?
 - 19 A. The next one is: "High Loan to Value Lending. Household
- 02:51:07 20 offered loans well in excess of a hundred percent of the
 - 21 underlying collateral."
 - 22 And that's, of course, equity stripping, where the
 - 23 value of your house is a hundred thousand and they would lend
 - 24 up to a hundred percent of the value of your house.
- 02:51:23 25 So, you would have no equity when you walked out of

- 1 there.
- 2 Q. And is that a predatory lending practice?
- 3 A. Yes.
- 4 Q. Is that also known as equity stripping?
- 02:51:33 5 A. Equity stripping.
 - 6 Q. What's the next significant concern that the OTS had?
 - 7 A. The next one is: "Cases of significantly declining home
 - 8 equity due to increasing consumer debt."
 - 9 And that's, basically, equity stripping, again.
- 02:51:47 10 Q. Tell us what that means.
 - 11 A. It means that if you are consolidating your loans or if
 - 12 you go to Household and you refinance your loan and they add
 - on points and fees and premiums to your loan, and you walk out
 - of there with a hundred percent loan to value, you've,
- 02:52:05 15 essentially, stripped away any equity that you had in your
 - 16 house.
 - 17 Q. Turn to the next page -- the page ending "066" -- and look
 - 18 at -- there's a "Significant Concern" in the box at the top of
 - 19 the page?
- 02:52:17 20 A. "Use of Household's EZ Pay Plus electronic payment product
 - 21 through Fort Knox National Bank as a means of misinforming
 - 22 applicants about the realities/benefits of increased biweekly
 - 23 payments."
 - 24 This is the effective rate presentation.
- 02:52:38 25 Q. And that was a significant concern of the OTS?

- 1 A. Yes.
- 2 Q. If you'd turn to the page ending "091," it looks like that
- 3 page indicates, "Examination Summary and Findings"; and, then,
- 4 there's some summary of the findings that were provided to
- 02:52:57 5 HFC, the finance company.
 - 6 Can you look at the first arrow on Page 091 and tell
 - 7 me whether that's significant to your opinion?
 - 8 A. It says, "There is evidence of insurance packing. This is
 - 9 based on loan file reviews, as well as analysis of data
- 02:53:14 10 relating to insurance sales. HFC sold insurance products,
 - 11 personal property, disability, life and involuntary
 - 12 unemployment at its HFC/Beneficial offices to a very high
 - 13 percentage of eligible borrowers for both real estate and
 - 14 non-real estate secured lending. There is a major concern
- 02:53:33 15 with the practice of selling personal property insurance on
 - 16 what are, essentially, unsecured loans."
 - 17 Q. Why is that significant to your opinion?
 - 18 A. It just -- it supports my opinion that they engaged in
 - 19 insurance packing.
- 02:53:47 20 Q. If you turn to the page ending "093," on the third arrow
 - 21 on that page, if you can tell me whether that's significant to
 - 22 your opinion?
 - 23 A. Yes. This concerns the good-faith estimate issues that
 - 24 we've been talking about.
- 02:54:04 25 "A review of various loan files found that good-faith

- 1 estimates often disclosed a very wide range of costs when
- 2 estimating the potential charges to the borrower. The use of
- 3 such wide ranges easily led to confusion for the applicants.
- 4 The examiners believe that the regular use of wide ranges for
- 02:54:21 5 loan cost estimates is an unfair and deceptive practice. A
 - 6 recent policy change at Household should correct this
 - 7 situation."
 - 8 Q. Okay.
 - 9 And why is that significant to your opinion?
- 02:54:32 10 A. Because this supports my opinions that Household used the
 - 11 wide range to mislead the borrowers and, then, charged them at
 - 12 the high end of the range or above the range.
 - 13 Q. If you'd turn to the page ending "095," it looks like, in
 - 14 this case, the federal regulators are listing a number of
- 02:54:59 15 different civil complaints and state investigations, and
 - 16 they're set forth in the arrows?
 - 17 A. Yes.
 - 18 Q. Do those -- are those relevant to your opinions?
 - 19 A. Yes. And these are many of the same things that we've
- 02:55:10 20 been talking about here.
 - 21 Q. Let's look at the first arrow.
 - 22 A. "Many cases of multiple and frequent refinancings, debt
 - 23 consolidations in short time frames."
 - 24 That's loan flipping.
- 02:55:21 25 Q. And what are all these things?

- 1 A. These are concerns that various civil complaints and state
- 2 regulators -- they're summarizing what their concerns are.
- 3 Q. So, the OTS has looked at the various complaints in the
- 4 state investigations and they're sort of summarizing what they
- 02:55:39 5 found?
 - 6 A. Yes.
 - 7 Q. And what's the next thing they summarize?
 - 8 A. "Routine payment of high levels of loan fees associated
 - 9 with frequent refinancings."
- 02:55:47 10 Q. What is that?
 - 11 A. And that's where you pack on points and fees and insurance
 - 12 premiums every time you flip the loan.
 - So, it's what we've been talking about today: Equity
 - 14 stripping and loan flipping, insurance packing.
- 02:56:04 15 Q. So, the frequent refinancings, that's the loan flipping
 - 16 that you've been speaking --
 - 17 A. Loan flipping, yes.
 - 18 Q. What's the next arrow on the page?
 - 19 A. "Borrowers paying a high price for frequent refinancings.
- 02:56:16 20 In many instances, refinances offered marginal or
 - 21 insignificant benefit."
 - 22 And that's the loan flipping; and, every time you
 - 23 flip it, adding on -- or every time Household would flip the
 - 24 loan, they would add on -- insurance, points and high fees.
- 02:56:29 25 Q. And was that -- did that benefit the borrower -- these

- 1 frequent refinancings?
- 2 A. No.
- 3 O. What's the next arrow?
- 4 A. "Aggressive Sales Practices."
- 02:56:41 5 Q. And the next one?
 - 6 A. "Loans commonly rolled into new or additional loans and
 - 7 credit insurance routinely included with the loan product."
 - 8 So, this would be insurance packing every time the
 - 9 loan was flipped.
- 02:56:52 10 Q. And the next concern that the federal regulators found
 - 11 when they were looking at all the different state
 - 12 investigations, what's that?
 - 13 A. This is: "Frequent sales of single payment credit life
 - 14 insurance. Also, frequent sales of personal property
- 02:57:07 15 insurance, unemployment insurance and disability insurance."
 - 16 So, this is the egregious practice of selling that
 - 17 single payment credit life insurance, which many states have
 - 18 outlawed; and, then, insurance packing.
 - 19 Q. And the next arrow?
- 02:57:21 20 A. "The credit life insurance was typically for a maximum of
 - 21 five years, with a single payment collected upfront."
 - That's what they said before of what they found; and,
 - of course, that's the egregious part of this product.
 - 24 Q. The next summarized concern from all the state
- 02:57:36 25 investigations, what is that?

- 1 A. "High Loan to Value Lending. Household offered loans well
- 2 in excess of a hundred percent of the underlying collateral."
- 3 Of course, we talked about that -- stripping away the
- 4 equity. Even -- they even offered one that went above a
- 02:57:51 5 hundred percent.
 - 6 Q. And, then, the next summarized concern from all the state
 - 7 investigations?
 - 8 A. "Cases of declining home equity because of increasing
 - 9 consumer debt."
- 02:58:05 10 That's equity stripping.
 - 11 O. What is that?
 - 12 A. Pulling out the equity because of adding on high points in
 - 13 insurance premiums and other closing costs.
 - 14 Q. And, then, if you look at -- we'll skip a few of them.
- 02:58:23 15 If you look at the bottom arrow -- I know there's
 - 16 many -- what is that bottom arrow:
 - 17 A. This is that good-faith estimate issue: "Use of wide
 - 18 ranges on good-faith estimate disclosures."
 - 19 This practice was determined to be an unfair and
- 02:58:37 20 deceptive practice.
 - 21 Q. And the "GFE" in that sentence refers to, what?
 - 22 A. "Good-faith estimate."
 - 23 Q. And the state investigations found that --
 - 24 A. That's what they concluded, yes.
- 02:58:45 25 Q. If you could turn to the page ending "120."

- And it looks like there's a heading, No. 5:
- 2 "Examiner Review of Real Estate Secured Lending: High Loan
- 3 Fees."
- 4 Can you tell me what the last paragraph on that page
- 02:59:07 5 -- "120" -- shows?
 - 6 A. I'm sorry, I'm on the wrong place. Let me get it.
 - 7 Q. "120."
 - 8 A. Can you tell me what -- where -- you're directing me?
 - 9 I --
- 02:59:22 10 Q. Sure. If you'd look at the page ending "120"?
 - 11 A. Okay.
 - 12 Q. And, then, there's a heading on that page: "Examiner
 - 13 Review of Real Estate Secured Lending"?
 - 14 A. Oh, okay.
- 02:59:31 15 Q. "High Loan Fees."
 - 16 A. Yes.
 - 17 Q. Is the last paragraph on that page of any significance to
 - 18 your opinion?
 - 19 A. The last paragraph says, "The distinguishable pattern from
- 02:59:48 20 this sample is the high number of loans, 15 of 21 -- or 71.4
 - 21 percent -- with origination fees of 7 percent or more. Loan
 - 22 fees of 7 percent are considered extremely high and are
 - 23 indicative of a high fee structure."
 - 24 Q. Can you tell us what because that means?
- 03:00:05 25 A. Yes.

- Now, we talked about Household charging discount
- 2 points, and that would normally be a negotiation between the
- 3 borrower and the lender, and the borrower may decide to pay
- 4 one discount point to lower the discount rate, say, 25 basis
- 03:00:24 5 points.
 - 6 Household would charge -- the majority of their loans
 - 7 were charged at the high end of what state law would allow.
 - 8 Usually, either 5 percent or 7 to 7-and-a-half percent. And
 - 9 what the regulators are saying here -- the OTS is saying
- 03:00:39 10 here -- is that they consider loan fees of 7 percent to be
 - 11 extremely high and indicative of a high fee structure.
 - 12 So, just to put it in perspective.
 - 13 Q. So, if you had loan fees of 7 percent on a \$100,000 loan,
 - 14 what would your fee be?
- 03:00:56 15 A. \$7,000.
 - 16 So, a discount point is one percent of the loan
 - 17 balance.
 - 18 Q. And the regulators considered that to be, in their words,
 - 19 extremely high?
- 03:01:06 20 A. Extremely high.
 - 21 Q. If you turn to the next page, the page ending "121," take
 - 22 a look at the top -- the heading at the top.
 - No. 6 is: "Deceptive Acts." Do you see that?
 - 24 A. Yes.
- 03:01:20 25 Q. And, then, if you look down into that paragraph under

- 1 "Deceptive Acts," the second paragraph -- the second sentence
- 2 of that paragraph -- is that of any significance to your
- 3 opinion?
- 4 A. The second sentence says, "However, examiners believe that
- 03:01:38 5 HFC has engaged in unfair and deceptive acts, as described in
 - 6 Section 3, relating to insurance sales."
 - 7 Q. What about the next sentence?
 - 8 A. "Also, although not a technical RESPA violation, the
 - 9 examiners believe that the wide ranges for good-faith
- 03:01:54 10 estimates was also a deceptive act."
 - 11 Q. Is this significant -- this information significant -- to
 - 12 your opinions in this case?
 - 13 A. Yes.
 - 14 Q. How?
- 03:02:01 15 A. It supports my opinions that not only were they engaged in
 - 16 insurance packing; but, also, that they -- the range, the wide
 - 17 range that they -- gave borrowers, and, then, charged either
 - 18 at the high end of the range or in excess of the range --
 - 19 which would be a violation of RESPA -- supports my opinions.
- 03:02:22 20 Q. I'll show you what has been marked as Plaintiffs' Exhibit
 - 21 1333 for identification.
 - 22 (Document tendered.)
 - 23 BY MR. DROSMAN:
 - Q. Do you recognize Plaintiffs' Exhibit 1333?
- 03:02:57 25 A. I do.

- 1 Q. What is it?
- 2 A. This is a letter from the Washington Department of
- 3 Financial Institutions to Household dated May 17th, 2002.
- 4 Q. Why do you recognize it?
- 03:03:07 5 A. This is one of the documents that I looked at in
 - 6 formulating my opinions.
 - 7 MR. DROSMAN: Plaintiffs move Exhibit 1333 into
 - 8 evidence.
 - 9 THE COURT: It will be admitted.
 - 10 (Plaintiffs' Exhibit No. 1333 received in evidence.)
 - 11 BY MR. DROSMAN:
 - 12 Q. Let's take a look at this document.
 - 13 To whom was the letter addressed?
 - 14 A. To Tom Schneider.
- 03:03:27 15 Q. And what's the subject of the letter?
 - 16 A. "Expanded Report of Examination."
 - 17 Q. And who is Mr. Schneider?
 - 18 A. He is in charge of Policy and Compliance for Household.
 - 19 Q. What is Policy and Compliance?
- 03:03:38 20 A. My understanding was that he -- his area coordinated
 - 21 Household's activities with the regulators.
 - 22 And, then, it also at one point he would look at some
 - 23 of the complaints from the Better Business Bureau and the AG's
 - 24 office and things like that.
- 03:03:55 25 Q. And, then, if you look at the second paragraph of the

- 1 letter, is that significant to your opinion?
- 2 A. Yes.
- 3 Q. Tell me why.
- 4 A. It says, "This report identifies significant patterns and
- 03:04:11 5 practices that the Department finds unacceptable. The report
 - 6 also carries serious allegations of wrongdoing with Washington
 - 7 consumers.
 - 8 "Contrary to Household's prior explanations, the
 - 9 Department has found that the patterns, practices and alleged
- 03:04:25 10 harmful acts are not isolated to an individual office in
 - 11 Washington.
 - 12 "Further, the patterns and practices discussed in the
 - 13 report appear to occur from Household offices across the
 - 14 country."
- 03:04:38 15 Q. This paragraph that you just read, is this relevant to
 - 16 your conclusion that this wasn't one or two bad apples at
 - 17 Household?
 - 18 A. Yes. It supports my opinion that Household engaged in
 - 19 predatory lending practices company-wide, nation-wide, and it
- 03:04:55 20 was a systemic practice -- a systemic issue.
 - 21 Q. Now, the subject here is: "Expanded Report of
 - 22 Investigation" -- or "Examination," I apologize.
 - 23 And the letter indicates that there's an enclosure.
 - 24 Did you review the expanded Report of Examination
- 03:05:11 25 from the Department of Financial Institutions at Washington?

- 1 A. Yes.
- 2 Q. I'll show you what has been marked as Plaintiffs' Exhibit
- 3 290 for identification.
- 4 (Document tendered.)
- 03:05:32 5 THE COURT: I think that probably at this point,
 - 6 before we get into the new exhibit, it might be a good time to
 - 7 take our afternoon break. We're five minutes past 3:00
 - 8 o'clock. So, we'll do that at this time.
 - 9 We will take a 20-minute break, ladies and gentlemen,
- 03:05:43 10 and resume at 25 after.
 - 11 (Jury out.)
 - 12 THE COURT: Before we break, I think it's a good time
 - 13 to ask if the attorneys have any suggestions with respect to
 - 14 the outstanding timing issues with the jurors, and the one
- 03:06:37 15 question regarding training logs, et cetera.
 - 16 MR. DOWD: I think, your Honor, it sounded like the
 - 17 Court was inclined to break a little early today, anyway. But
 - 18 if we're going to break earlier for the jurors, then I think
 - 19 it would make sense to start earlier.
- 03:06:57 20 And I think one time, when you were speaking to the
 - 21 jury this morning, you said, "We're going to start at 10:30."
 - 22 I think you just misspoke.
 - 23 THE COURT: I misspoke. It should have been "10:00
 - 24 o'clock," if I said that.
- 03:07:06 25 MR. DOWD: I understood that. I just think we should

- 1 based upon that, you must make your determination.
- 2 Proceed.
- 3 MR. DROSMAN: Thank you, your Honor.
- 4 BY MR. DROSMAN:
- 03:37:27 5 Q. When we broke, I had provided you with Plaintiffs' Exhibit
 - 6 290 for identification.
 - 7 Do you recognize Plaintiffs' Exhibit 290?
 - 8 A. I do.
 - 9 Q. And what is this?
- 03:37:37 10 A. This is the Washington Department of Financial
 - 11 Institutions expanded report of examination, dated as of April
 - 12 30, 2002.
 - 13 Q. We saw a cover letter a moment ago, Plaintiffs' Exhibit
 - 14 1333. Is this the report of -- expanded report of examination
- 03:38:00 15 that the cover letter, 1333, referred to?
 - 16 A. Yes.
 - 17 Q. And why do you recognize Plaintiffs' Exhibit 290?
 - 18 A. This was a document that I considered in formulating my
 - 19 opinion.
- 03:38:14 20 MR. DROSMAN: Plaintiffs offer Exhibit 290 into
 - 21 evidence.
 - 22 MR. KAVALER: This is another one of those limited
 - 23 documents, your Honor.
 - 24 MR. DROSMAN: Actually it isn't, your Honor. There's
- 03:38:22 25 no objection to this document, your Honor.

- 1 MR. KAVALER: I believe it's covered by limiting
- 2 instruction No. 2, your Honor.
- 3 THE COURT: Let's take a look.
- 4 MR. DROSMAN: Withdrawn, your Honor. There's another
- 03:38:43 5 exhibit that's identical to this to which there was no
 - 6 objection. So that's my mistake. This one, however, has a
 - 7 limiting instruction.
 - 8 THE COURT: Very well. The jury has been instructed
 - 9 on the limited use of evidence as to certain documents. The
- 03:38:55 10 document will be admitted with that instruction.
 - 11 BY MR. DROSMAN:
 - 12 Q. Now, let's look at the first page of Exhibit 290.
 - 13 What is an expanded report of investigation?
 - 14 A. Well, in this case, instead of just doing a regular
- 03:39:14 15 examination, they expanded it to take into consideration
 - 16 certain things that they were interested in looking at.
 - 17 Q. And what was the date that they conducted this
 - 18 examination?
 - 19 A. It says it's dated April 30, 2002.
- 03:39:29 20 Q. And if you turn to -- we'll take a look inside the
 - 21 expanded report of examination. If you take a look at the
 - 22 page ending 668, the first paragraph on that page.
 - 23 Is that significant to your opinions in this case?
 - 24 A. Yes. Is it the first -- my copy doesn't show -- the first
- 03:40:01 25 full paragraph starts with, While the misrepresentation.

- 1 Q. Yes, the first partial paragraph.
- 2 A. Okay.
- 3 Q. Is that significant to your opinion in this case?
- 4 A. Yes.
- 03:40:16 5 Q. Can you tell us why?
 - 6 A. Well, it says -- let's see if we can --
 - 7 Q. The sentence there begins, After reviewing the complaints.
 - 8 A. Yeah, I was just looking at the previous sentence here.
 - 9 After reviewing the complaints, HFC's responses to
- 03:40:39 10 the complaints and documents relative to the complaints, the
 - 11 Department believes that HFC representatives have employed
 - 12 sales tactics intended to mislead, misdirect or confuse the
 - 13 borrower. As discussed below, this belief is supported by the
 - 14 Department's own test originations of loans at three different
- 03:40:56 15 HFC branches in Washington.
 - 16 Q. What about the first sentence that you read, why is that
 - 17 supportive of your opinion in this case?
 - 18 A. After reviewing the complaints, because the -- my opinions
 - 19 go to misleading, misdirecting or confusing the borrower; and
- 03:41:17 20 so this would support my opinions.
 - 21 Q. And did the Washington Department of Financial
 - 22 Institutions come to that same conclusion?
 - 23 A. Yes.
 - 24 Q. What about the second sentence that you read?
- 03:41:27 25 A. Well, the second sentence is very unusual. The Department

- 1 in Washington State actually went out and did mystery
- 2 shopping, if you know what that is, where you go into the
- 3 store to see if -- you know, how the sales staff treats you
- 4 and report back to the company. They were getting so many
- 03:41:47 5 complaints, they decided to go out and do some mystery
 - 6 shopping themselves. But when you do this as an examiner, you
 - 7 actually apply for a loan. And it actually makes your credit
 - 8 rating go down. So this is a very extreme step to take as a
 - 9 regulator. We did it at the OCC a handful of times in the 18
- 03:42:05 10 years I was there.
 - 11 And so this is what they did. That's what this
 - 12 sentence means, As discussed below, this belief is supported
 - 13 by the Department's own test originations of loans at three
 - 14 different HFC branches in Washington.
- 03:42:19 15 So they went a really extra step in actually applying
 - 16 for loans at three different branches to see what their sales
 - 17 techniques were going to be.
 - 18 Q. And what did they conclude when they went and engaged in
 - 19 this mystery shopping?
- 03:42:32 20 A. Well, in some respects, the disclosures that were supposed
 - 21 to be given to them were not given to them. Or in another
 - 22 respect, somebody put their arm over the disclosures. But
 - 23 they found many of the same practices that we've discussed
 - 24 here in the last couple of days.
- 03:42:49 25 Q. Did they conclude when they engaged in this mystery

- shopping that the Household/HFC sales representatives engaged
- 2 in sales tactics intended to mislead, misdirect or confuse the
- 3 borrower?
- 4 A. Yes.
- 03:43:03 5 Q. If you take a look down at the heading number two,
 - 6 confusion over rates, points and fees.
 - 7 A. Yes.
 - 8 Q. Does that have any bearing on your opinion in this case?
 - 9 A. It does. And it says, Consumers complain that they were
- 03:43:18 10 somehow confused or misled about the rates, points or fees
 - 11 offered by HFC. Some consumers apparently believed that their
 - 12 rate would either be lower than what it was or that somehow
 - 13 the effective rate would be lower due to the payment
 - 14 structure. Other consumers were alarmed at the amount of fees
- 03:43:35 15 they were required to pay in the transaction, indicating that
 - 16 they must have somehow been confused about the fees they would
 - 17 pay.
 - 18 Q. So why is that supportive of your opinion?
 - 19 A. Well, because this whole effective rate scheme was
- 03:43:52 20 developed to make -- so that Household could compare their
 - 21 otherwise high interest rate loan with a competitor's lower
 - 22 interest rate loan. And we've seen examples of effective rate
 - 23 presentations being made around the country. So it further
 - 24 supports my opinions that Household engaged in systemic
- 03:44:13 25 predatory practices.

- 1 Q. Did it bear on your opinion that the predatory practice
- 2 specifically in this case, the use of effective rate or
- 3 equivalent rate, was widespread?
- 4 A. Yes.
- 03:44:25 5 Q. And how does it support -- in what way does it support
 - 6 your opinion?
 - 7 A. Well, they went -- they actually went and did tests
 - 8 themselves to see if what the complaints that they were
 - 9 receiving about this effective rate presentation were true.
- 03:44:40 10 And they've concluded that, in fact, that the way that
 - 11 Household was structuring their rates were intended to
 - 12 mislead, misdirect and confuse the borrower or deceptive sales
 - 13 practices, which is part of the definition of predatory -- or
 - 14 covers -- the predatory lending term covers deceptive sales
- 03:45:04 15 practices.
 - 16 Q. If you look at the next paragraph, third sentence in, it
 - 17 begins, A subpattern of this pattern of confusion.
 - 18 A. Yes.
 - 19 Q. Does that have any bearing on your conclusions in this
- 03:45:16 20 case?
 - 21 A. It does. It says, A subpattern of this pattern of
 - 22 confusion has been identified by the Department in HFC's
 - 23 misuse of the good faith estimate and what appears to be
- 24 intentional confusion about discount points charged on certain
- 03:45:30 25 loans. This subpattern of confusion has been identified by

- 1 the Department in over half of the recent complaints and is
- 2 discussed in greater depth below.
- 3 Q. How does that bear on your opinion in this case?
- 4 A. Well, my opinion is that they used the good faith estimate
- 03:45:45 5 to confuse the borrower by showing a wide range of closing
 - 6 costs when, in fact, they were going to be charged at the
 - 7 higher rate or possibly greater than the range. And this
 - 8 supports my opinion.
 - 9 Q. If you could turn to page ending 670. And I guess the
- 03:46:03 10 first -- the second full paragraph on that page. It begins,
 - 11 The Department has also identified three additional concerns.
 - 12 Does that have any significance to your opinions in
 - 13 this case?
 - 14 A. Yes.
- 03:46:18 15 Q. Why?
 - 16 A. This says that, The Department has identified three
 - 17 additional concerns resulting from borrower confusion over the
 - 18 biweekly and bimonthly program. One, borrowers have been told
 - 19 that by accepting the biweekly payment program, they can
- 03:46:32 20 effectively reduce the interest rate on their loan from
 - 21 approximately 14 percent down to 7 percent. The Department
 - 22 has encountered reference to this 14 to 7 percent statement a
 - 23 number of times and addressed the problem directly with HFC
 - 24 management in mid 2001. HFC informed the Department that the
- 03:46:50 25 practice was isolated to a single branch in Washington and

- 1 that the matter was not a corporate practice. However, the
- 2 Department has identified the practice to other branches in
- 3 Washington and has received reports from other regulators in
- 4 other states concerning the practice. Contrary to HFC's
- 03:47:06 5 claims, the Department does not believe the practice is
 - 6 isolated.
 - 7 Q. How is that relevant or significant to your opinions in
 - 8 this case?
 - 9 A. They're concluding that this effective rate presentation
- 03:47:18 10 is cropping up in other than just the Bellingham, Washington,
 - 11 office, which is what HF- -- Household would always say that's
 - 12 the rogue office, Bellingham, Washington; and that they're
 - 13 hearing from regulators around the country that this is
 - 14 cropping up there too. And that supports my opinion that
- 03:47:35 15 Household engaged in systemic and companywide predatory
 - 16 lending practices.
 - 17 Q. If you turn to the page ending 671. It's a continuation
 - 18 of identify patterns that the Department of Financial
 - 19 Institutions in Washington has observed. If you look at
- 03:47:55 20 number five on that page. It's the second paragraph there.
 - 21 It's entitled prepayment penalty.
 - 22 A. Yes.
 - 23 Q. The first sentence of that paragraph, does that support
 - 24 your opinion in this case?
- 03:48:06 25 A. Yes. It says, Consumers complained that they were unaware

- 1 of a prepayment penalty or that they were told they did not
- 2 have a prepayment penalty. However, their loans did contain a
- 3 prepayment penalty.
- 4 Q. And if you take a look at the next page, page ending 672.
- 03:48:26 5 The heading number six indicates an insurance packing. Do you
 - 6 see that?
 - 7 A. Yes.
 - 8 Q. Did the Washington DFI or Department of Financial
 - 9 Institutions also find indications of insurance packing?
- 03:48:40 10 A. Yes.
 - 11 Q. And if you take a look down at seven, upselling loans.
 - 12 A. Yes.
 - 13 Q. The first sentence under seven, upselling loans, does that
 - 14 support your opinion in this case?
- 03:48:53 15 A. It does. And this is basically the loan splitting. The
 - 16 Department found that HFC attempts to provide both a first and
 - 17 a second mortgage to borrowers regardless of the borrower's
 - 18 desire or need for two loans.
 - 19 And that's the loan splitting that we talked about.
- 03:49:10 20 Q. I'll show you what has been marked as Plaintiffs' Exhibit
 - 21 445 for identification.
 - 22 (Tendered.)
 - 23 BY MR. DROSMAN:
 - 24 Q. Do you recognize Plaintiffs' Exhibit 445?
- 03:49:38 25 A. I do.

- 1 Q. What is it?
- 2 A. This is a memo. It's been -- it's an attachment to an
- 3 e-mail from Stephen Hicks to a variety of people at Household.
- 4 And the subject is Meeting with Michigan regulators. And it's
- 03:49:58 5 dated June 18, 2002.
 - 6 Q. Why do you recognize this document?
 - 7 A. This was a document that I looked at in formulating my
 - 8 opinions.
 - 9 MR. DROSMAN: Plaintiffs offer Exhibit 455 in
- 03:50:14 10 evidence.
 - 11 THE COURT: It will be admitted.
 - 12 BY MR. DROSMAN:
 - 13 Q. And, specifically, this particular document, this was sent
 - 14 by Stephen Hicks, it indicates?
- 03:50:24 15 A. Yes.
 - 16 Q. And if you look at the page ending 592, it appears to be a
 - 17 memo that Mr. Hicks sent?
 - 18 A. Yes.
 - 19 Q. Who is Mr. Hicks?
- 03:50:34 20 A. He was an official at Household.
 - 21 Q. And was he in the policy and compliance department?
 - 22 A. I believe so.
 - 23 Q. And that's the department that interfaces with the
 - 24 regulators?
- 03:50:44 25 A. Yes, Mr. Schneider's department.

- 1 Q. And the subject indicates Meeting with Michigan
- 2 regulators?
- 3 A. Yes.
- 4 Q. On what date was the meeting with the Michigan regulators?
- 03:50:53 5 A. June 7, 2002, it says.
 - 6 Q. And if you look at the second to last sentence of the
 - 7 first paragraph, were there two significant issues for the
 - 8 Michigan regulators?
 - 9 A. Yes. They talked about the good faith estimate and proper
- 03:51:10 10 disclosure, and they talked about prepayment penalties.
 - 11 Q. The first significant issue for the Michigan regulators
 - 12 reads GFE and proper disclosure there?
 - 13 A. Yes.
 - 14 Q. Can you tell us whether that's significant to your
- 03:51:25 15 opinion?
 - 16 A. It's similar findings to what I saw in other states. And
 - 17 it says, The examiners -- and this is Michigan regulators now.
 - 18 The examiners reviewed approximately 60 loan files and
 - 19 identified six where the GFE was missing, fees were not
- 03:51:41 20 disclosed or the difference in fees disclosed versus the
 - 21 HUD-1 -- which is the good faith estimate -- or which is
 - 22 the -- the HUD-1 is your closing document -- was significant.
 - 23 So let me read that again.
 - 24 The examiners reviewed 60 loan files and identified
- 03:51:56 25 six where the GFE -- which is the good faith estimate given

- 1 three days after the completed application -- was missing,
- 2 fees were not disclosed or the difference in the fees
- 3 disclosed versus the HUD-1 -- which is the closing document --
- 4 was significant.
- 03:52:11 5 Q. What does the next sentence say?
 - 6 A. With a 10 percent error rate, they indicated that they
 - 7 would require corrective action.
 - 8 Q. And why is this significant to your opinion?
 - 9 A. Because this is the type of activity that I saw in other
- 03:52:26 10 states to draw the conclusion that Household engaged in
 - 11 systemic and companywide predatory lending practices.
 - 12 Q. And in this case, specifically, with failure to disclose
 - 13 and the good faith estimate?
 - 14 A. Yes.
- 03:52:40 15 Q. Can you look at the last full paragraph on that page. It
 - 16 begins, This repeat examination issue.
 - 17 A. This repeat examination issue was also noted in their
 - 18 March 2000 examination. The examiners expressed concern over
 - 19 our lack of action in getting this issue resolved.
- 03:52:57 20 Q. Is that significant to your opinion in this case?
 - 21 A. Yes. Examiners expect -- and regulators expect if they
 - 22 find something, that it's going to be corrected at the next
 - 23 examination. And here, this is a repeat examination, which
 - 24 can lead to an enforcement action, anywhere from a cease and
- 03:53:16 25 desist order, requiring refunds, civil money penalties or even

- 1 change in management.
- Q. So a year earlier, they found the same things, is that
- 3 essentially what these people are saying?
- 4 A. Yes.
- 03:53:31 5 Q. If you could turn to the next page, page ending 593. One
 - 6 of the concerns that the Michigan regulators expressed -- it's
 - 7 the third one on the page -- is credit insurance
 - 8 cancellations?
 - 9 A. Yes. It says, The examiners indicated that they are
- 03:53:44 10 alarmed with significant numbers of cancellations of mortgage
 - 11 insurance. They indicated that the cancellation rate
 - 12 suggested our sales practices may be inappropriate. They
 - 13 indicated that the rate was much higher than any of their
 - 14 other regulated lenders. They estimated that our cancellation
- 03:53:59 15 rate was 50 percent within the first three months of the loan.
 - 16 They asked us to look into it.
 - 17 Q. How is that significant?
 - 18 A. If you remember, the free look that the Household sales
 - 19 staff was trained to do -- so, in other words, if -- assume
- 03:54:16 20 that the customer wants the insurance, the insurance would be
 - 21 put on the loan documents. When the borrower would look at it
 - 22 and say, well, what is that? Is that credit insurance? I
 - 23 don't want that; they were trained to say, don't worry, you
 - 24 can keep it for 30 days and then cancel it.
- 03:54:34 25 So what as a regulator you're trained to do is you

- 1 look at the penetration ratios to see if insurance is
- 2 required; and, that is, how many loans that were booked in a
- 3 given time frame had insurance. Or you look to see if there's
- 4 an excessive number of cancellations. And that's what they
- 03:54:52 5 did in Michigan. They noticed that there's an excessive
 - 6 number of cancellations, and that could be indicative that
 - 7 there's insurance packing going on and these people are
 - 8 canceling it.
 - 9 Q. And then the next item there, prepayment penalties?
- 03:55:06 10 A. Prepayment penalties. It says here, The examiners
 - 11 indicated that based on a review of our complaints, we need to
 - 12 better disclose to our customers the terms of the loan. They
 - 13 indicated that there seems to be a lot of confusion among our
 - 14 customers regarding terms. They indicate that several
- 03:55:21 15 complaints mention that our branch personnel make many
 - 16 inappropriate comments when questioned about prepayment
 - 17 penalties. For example, it was noted that our branch
 - 18 personnel say, Don't worry about the penalty.
 - 19 And I've seen that in other places where they say
- 03:55:36 20 don't worry, it will be waived. And we saw that in one of the
 - 21 complaints from Ms. Adams, that she was told it would be
 - 22 waived for a job relocation.
 - 23 Q. And Ms. Adams was from Pennsylvania, right?
 - 24 A. I believe so.
- 03:55:49 25 Q. And this is the Michigan regulators?

- 1 A. This is Michigan.
- 2 Q. Identifying the same practice --
- 3 A. Yes.
- 4 Q. -- that Ms. Adams complained about?
- 03:55:55 5 A. That's right.
 - 6 Q. I'll show you what has been marked as Plaintiffs' Exhibit
 - 7 19 for identification.
 - 8 (Tendered.)
 - 9 BY MR. DROSMAN:
- 03:56:24 10 Q. Do you recognize Plaintiffs' Exhibit 19?
 - 11 A. Yes.
 - 12 Q. And what is it?
 - 13 A. This is an FDIC/OTS concurrent examination report.
 - 14 Q. What's the date of it?
- 03:56:35 15 A. August 27, 2001.
 - 16 Q. Why do you recognize it?
 - 17 A. This is one of the documents that I looked at in
 - 18 formulating my opinions.
 - 19 MR. DROSMAN: Your Honor, plaintiffs offer Exhibit 19
- 03:56:47 20 into evidence.
 - 21 THE COURT: It will be admitted.
 - 22 BY MR. DROSMAN:
 - 23 Q. Let's take a look at the first page.
 - 24 What does the FDIC stand for?
- 03:56:56 25 A. The FDIC is the Federal Deposit Insurance Corporation.

- 1 And they are the federal agency that insures the deposits of
- 2 depository institutions in the United States.
- 3 Q. And then if you look below -- apparently that's their
- 4 seal?
- 03:57:16 5 A. Yes.
 - 6 Q. If you look below the seal, it says FDIC review concurrent
 - 7 with OTS exam?
 - 8 A. That's right.
 - 9 Q. What does that mean?
- 03:57:22 10 A. That means that the FDIC has backup regulatory authority
 - 11 for any entity that they are insuring the deposits. In this
 - 12 case Household's bank, FSB stands for Federal Savings Bank.
 - 13 And so the FDIC went in concurrently with the OTS to do a
 - 14 joint examination.
- 03:57:42 15 Q. And concurrently means at the same time?
 - 16 A. At the same time.
 - 17 Q. If you turn to page ending 689. There looks like there
 - 18 have been some portions of this document which have been
 - 19 redacted or deleted. But if you look at the bottom portion of
- 03:58:00 20 the document, the first two sentences there, is that
 - 21 significant to your opinion?
 - 22 A. Yes. It says, The thrift appears to be involved in -- to
 - 23 some extent in predatory lending. Further, a consumer
 - 24 advocacy group has named Household organization the 2001
- 03:58:19 25 predatory shark lender of the year.

- 1 Q. And then if you go ahead and turn to page ending 699. And
- 2 there's a small section of text on that page. I think the
- 3 rest has been deleted or redacted.
- 4 Can you tell me whether that's significant to your
- 03:58:38 5 opinion?
 - 6 A. The OTS and the FDIC examiners believe that insurance
 - 7 sales practices are predatory. Community affairs specialist
 - 8 Glenn Brewer is currently reviewing practices and will be
 - 9 preparing a memo. The penetration rate of insurance sales of
- 03:58:54 10 property, credit, life, unemployment and disability insurance
 - 11 are all considered high, as illustrated in the table below.
 - 12 Q. And unfortunately we don't have that table. But what does
 - 13 the OTS refer to in that sentence?
 - 14 A. That's the Office of Thrift Supervision. That's the
- 03:59:10 15 primary federal regulator of the Federal Savings Bank.
 - 16 Q. I'll show you what has been marked as Plaintiffs' Exhibit
 - 17 550 for identification.
 - 18 (Tendered.)
 - 19 BY MR. DROSMAN:
- 03:59:43 20 Q. Do you recognize Exhibit 550?
 - 21 A. I do.
 - 22 O. What is it?
 - 23 A. It is a document attached to an e-mail. The e-mail is
 - 24 dated August 15, 2002. It's from David Huey, which is -- he's
- 04:00:08 25 at the Washington State AG's office, to Kathleen Curtin and

- 1 others. And it's -- the subject is multistate working group
- 2 reply to HFC.
- 3 Q. Why do you recognize this document?
- 4 A. This is one of the documents I reviewed in formulating my
- 04:00:26 5 opinions.
 - 6 MR. DROSMAN: Plaintiffs offer Exhibit 550 into
 - 7 evidence.
 - 8 THE COURT: It will be admitted.
 - 9 BY MR. DROSMAN:
- 04:00:34 10 Q. Let's take a look at the first page. You said that it was
 - 11 from David Huey from the Washington State AG. What does AG
 - 12 stand for?
 - 13 A. Attorney general.
 - 14 Q. And it looks like on the right there to Mr. Huey's name,
- 04:00:47 15 there's a cc to a number of other people. Do you see that?
 - 16 A. Yes.
 - 17 Q. Who are those other people?
 - 18 A. I think those are all of the other members of the
 - 19 multistate working group, it looks like to me.
- 04:01:03 20 Q. Are those others attorneys general?
 - 21 A. Yes.
 - 22 Q. And you mentioned a multistate working group. Can you
 - 23 tell us what that is?
 - 24 A. Well, in the case -- in this case, the attorneys general
- 04:01:18 25 from various states got together because they were all

- 1 receiving this -- similar complaints regarding Household. And
- 2 they got together to discuss what they needed to do. And so
- 3 this is part of that discussion with Household on the
- 4 complaints and the regulatory issues that they were seeing in
- 04:01:38 5 various states.
 - 6 Q. So the right-hand column there lists the names and e-mail
 - 7 addresses of different attorneys generals from states all
 - 8 across the United States?
 - 9 A. Yes.
- 04:01:50 10 Q. Iowa is there; is that right?
 - 11 A. Iowa, New York, Michigan, Ohio, New Mexico, California,
 - 12 Florida, Minnesota, Michigan.
 - 13 Q. And then if you take a look, it appears that the e-mail
 - 14 attaches a memo, is that correct, on page ending 756?
- 04:02:24 15 A. Yes.
 - 16 Q. And this memo was addressed to Kathleen Curtin; is that
 - 17 right?
 - 18 A. Yes.
 - 19 Q. Who is Kathleen Curtin?
- 04:02:32 20 A. She was the lawyer for -- general counsel for the consumer
 - 21 finance section of Household. It says HFC/Beneficial.
 - Q. So she's the vice president and general counsel of HFC?
 - 23 A. Yes.
 - 24 Q. And what was the date of the memo?
- 04:02:52 25 A. The date is -- August 15 is the e-mail. And the memo is

- 1 August 14 --
- 2 Q. And --
- 3 A. -- 2002.
- 4 Q. And who is writing this particular memo?
- 04:03:06 5 A. And the memo is being written by David Huey on behalf of
 - 6 the multistate working group.
 - 7 Q. And David Huey was the assistant attorney general from the
 - 8 State of Washington?
 - 9 A. Right, from Washington State.
- 04:03:20 10 Q. And he was sort of the representative of all the different
 - 11 attorneys generals across the United States?
 - 12 A. Right.
 - 13 Q. And if you take a look at the second -- third paragraph on
 - 14 that page, it's the third sentence in, can you tell us whether
- 04:03:38 15 that has any significance to your opinions in this case?
 - 16 A. It says, Household's hope that the states would reconsider
 - 17 their position that some of Household's practices are
 - 18 problematic is understandable. However, we believe that your
 - 19 company may have underestimated our understanding of how its
- 04:03:55 20 practices are actually implemented where it counts, at the
 - 21 interface with your customers.
 - 22 The explanations and rationales Household articulated
 - 23 on July 9 and in the July 17 letter have not given us any
 - 24 reason to reconsider our position that the practices we
- 04:04:11 25 earlier identified present serious problems under a variety of

- 1 consumer protection and regulatory laws.
- Further, the responses provided no information which
- 3 has led us to change our position that those identified
- 4 practices warrant changes in the future and relief for
- 04:04:27 5 Household's customers who suffered from them in the past.
 - 6 Q. Is that significant to your opinion in this case?
 - 7 A. Yes.
 - 8 Q. Why?
 - 9 A. Because my opinions are that Household engaged in systemic
- 04:04:41 10 and companywide predatory lending. And that's what they were
 - 11 saying, it's more pervasive than Household wants to admit.
 - 12 Q. If you could turn to the page ending 757 and take a look
 - 13 at the fourth paragraph on that page.
 - 14 A. And it begins with what? I want --
- 04:05:08 15 Q. We had hoped for the -- that the July 17 letter would have
 - 16 been more responsive.
 - 17 A. We had hoped that the July 17 letter would have been more
 - 18 responsive to the proposed framework for settlement rather
 - 19 than purely defensive. Indeed, the letter seems to indicate a
- 04:05:23 20 continued denial concerning what we have found to be
 - 21 nationwide common practices. While Household might like to
 - 22 maintain the belief that these are isolated instances with
 - 23 rogue offices and loan officers, the coast-to-coast usage of
 - 24 common forms and sales techniques belie any such position.
- 04:05:41 25 Q. Tell us why that's significant to your opinion.

- 1 A. And it supports my position -- my opinions that Household
- 2 engaged in companywide and systemic predatory lending; that
- 3 the excuse that it's a rogue officer or a rogue branch in
- 4 Bellingham, Washington, for example, doesn't hold water when
- 04:06:02 5 you look at the sum total of the documentation.
 - 6 Q. So this is essentially the multistate AGs, the attorneys
 - 7 generals from all across the United States, rejecting
 - 8 Household's explanation that it was just a few bad apples?
 - 9 A. Yes.
- 04:06:17 10 Q. Then if you could turn to the next page, page ending 758,
 - 11 and look at the first paragraph there. It's a partial
 - 12 paragraph. It begins, These figures are, to put it mildly,
 - 13 large.
 - 14 Can you tell us whether the rest of that paragraph
- 04:06:33 15 supports your opinion in this case?
 - 16 A. Yes. We note that several of the most insidiously
 - 17 deceptive sales practices, which attracted regulatory
 - 18 attention to Household practices at the outset, relate to
 - 19 products and practices initiated by Household in 1999.
- 04:06:48 20 Industry figures indicate that since 1999, Household's
 - 21 originations have nearly doubled. Almost assuredly the
 - 22 misleading sales practices the states have identified have
 - 23 contributed to that growth. Ultimately the value of
 - 24 restitution and reformation must be viewed against that
- 04:07:12 25 backdrop.

- 1 Q. Why does this particular information support your opinion
- 2 in this case?
- 3 A. Well, because my opinions outline that when Gary Gilmer
- 4 came to Household in 1998, the focus turned to growth; and
- 04:07:31 5 that for 1999, there was an obsession about growth. And they
 - 6 hired Andrew Kahr. They developed these predatory products
 - 7 and services, which they implemented. And they did grow. As
 - 8 it shows here, Household's originations nearly doubled. And
 - 9 the conclusion of the regulators supports my conclusion that
- 04:07:56 10 they engaged in predatory lending practices and that they were
 - 11 systemic and companywide.
 - 12 Q. This growth that you said, that they doubled their loan
 - 13 originations, right? What are loan originations?
 - 14 A. Those are new loans that they booked. And we talked about
- 04:08:10 15 how the employees were being compensated for booking more
 - 16 loans and for booking more dollars. And that's what they're
 - 17 talking about. The number of new loans, the dollar amount of
 - 18 new loans that they booked doubled and -- since 1999. And the
 - 19 date of this was August of 2002.
- 04:08:27 20 Q. And what does the Washington State attorneys generals
 - 21 attribute that huge doubling of loan originations to?
 - 22 A. To these deceptive sales practices that have -- that they
 - 23 implemented and that they were using.
- Q. And is that consistent with your opinion in this case?
- 04:08:45 25 A. Yes.

- 1 MR. KAVALER: Objection, your Honor.
- 2 THE COURT: Sustained.
- 3 BY MR. DROSMAN:
- 4 Q. What's your understanding as to how major issues and
- 04:19:37 5 obstacles relates to predatory lending on that page?
 - 6 A. They were listing the major issues and obstacles to their
 - 7 loan growth and their profitability. And so they have several
 - 8 listed here, and one of them is predatory lending.
 - 9 Q. So they highlighted that as a major issue and obstacle to
- 04:19:58 10 loan growth?
 - 11 A. Or to their operating plan, what their goals were for
 - 12 2001.
 - 13 Q. Let's talk a little bit about ways in which you went about
 - 14 reaching your conclusions in this case.
- 04:20:19 15 Did you ever look at, for example, the total number
 - 16 of Household's loans, on the one hand, and then the number of
 - 17 complaints on the other and try to calculate some sort of
 - 18 complaint-to-open-loan ratio or percentage?
 - 19 A. No.
- 04:20:35 20 Q. Why not?
 - 21 A. Because that ratio is meaningless. Regulators look at
 - 22 complaints on a complaint-by-complaint basis because it's very
 - 23 difficult for people to file a complaint. It takes a lot of
 - 24 energy. They have to put something in writing. They have to
- 04:20:52 25 get all their documentation together. And so when someone

- 1 complains, the regulators take it seriously. Even if there's
- 2 a handful of complaints, the regulators take them seriously.
- 3 They look at each complaint. They get the response
- 4 from the lender, in this case Household. And they come to
- 04:21:12 5 some conclusion whether laws had been violated or deceptive
 - 6 practices have been foisted on the borrower, whatever the
 - 7 issue might be. And so the -- the complaint framework and the
 - 8 complaint-based review of a lender does not lend itself to a
 - 9 ratio analysis of complaints to open loans. It's -- that's
- 04:21:41 10 not meaningful.
 - 11 Q. Now, when you were -- you were a lender for 25 -- I mean
 - 12 you were a regulator for 25 years; is that right?
 - 13 A. Yes.
 - 14 Q. And first you were a regulator with the OCC, the federal
- 04:21:52 15 government; is that right?
 - 16 A. That's right, the regulator of national banks.
 - 17 Q. And then a regulator for the Texas State Banking
 - 18 Commission; is that right?
 - 19 A. Right. I was the Texas banking commissioner.
- 04:22:02 20 Q. You headed that department?
 - 21 A. Yes.
 - 22 Q. Did you ever calculate this ratio of complaints to open
 - 23 loans during your 25 years of regulatory experience?
 - 24 A. No.
- 04:22:12 25 Q. Did you ever have anybody underneath you say calculate

- 2 Do you recall that?
- 3 A. I do.
- 4 Q. And you talked about the fact that you looked at the
- 09:55:30 5 seriousness of the allegations, the geographic dispersion or
 - 6 spread of those allegations.
 - 7 Did you look at anything else when assessing
 - 8 complaints, customer complaints?
 - 9 A. Well, in the Household case or just as a regulator?
- 09:55:45 10 Q. As a regulator.
 - 11 A. As a regulator, I would look at the nature of the
 - 12 complaint, what type of a complaint was it, what were the
 - 13 allegations in terms of violations of law; and, of course,
 - 14 then how widespread was it in the particular lender, how
- 09:56:00 15 serious was it, what was the response of the company. So you
 - 16 try and take everything into consideration.
 - 17 Q. Did you also look at the trend of complaints, whether they
 - 18 were increasing or decreasing over time?
 - 19 A. Yes.
- 09:56:12 20 Q. And why did you do that?
 - 21 A. Well, because if -- whenever a complaint would come in, we
 - 22 would always send it to the regulated entity. In the case --
 - 23 in my case, that would be national banks or state banks. And
 - 24 we would ask, you know, how -- what do you think about this
- 09:56:29 25 complaint; and if it's valid, how are you going to resolve it.

- 1 And so you would expect if it was a legitimate issue, for it
- 2 to be corrected. So if we continued to see complaints of the
- 3 same nature, you know, then we might send an examiner out to
- 4 do a special investigation, for example. Or we would
- 09:56:49 5 definitely send the complaints to the examiners in case they
 - 6 wanted to expand the scope of their examination.
 - 7 Q. And in this particular case, when you were examining the
 - 8 documents to arrive at your conclusions, did you look at all
 - 9 three of these issues with respect to the complaints that
- 09:57:07 10 customers made about Household?
 - 11 A. Yes.
 - 12 Q. Are there other reasons that a ratio of complaints to open
 - 13 loans wouldn't provide you with useful information?
 - 14 A. Well, it doesn't lend itself to a ratio analysis, such as
- 09:57:27 15 looking at how many loans in a loan portfolio are past due,
 - 16 because people who have been taken advantage of often don't
 - 17 know they've been taken advantage of so they don't know to
 - 18 complain. And a lot of people that are mad about something,
 - 19 for example, I've been taken advantage of, won't go to the
- 09:57:44 20 effort to write it down and send it in. And that's what we've
 - 21 known over the course of time. So it's just not something
 - 22 that lends itself to a ratio analysis.
 - You have to take every complaint seriously. You have
 - 24 to analyze every complaint. And you have to get the
- 09:58:00 25 explanation from the lender to find out why are we getting

- 1 conclusions in this case?
- 2 A. Yes, I did.
- 3 Q. And did Household's denials of predatory lending, did that
- 4 alter or change your view that Household engaged in widespread
- 10:12:10 5 systemic predatory lending practices?
 - 6 A. Well, I looked at the documents prior to formulating my
 - 7 opinions. I took all of the information into consideration in
 - 8 formulating my opinions. And the more documents that I looked
 - 9 at, the less persuasive that argument became in my mind. And
- 10:12:31 10 I concluded at the end of looking at all the information that
 - 11 Household engaged in widespread and systemic and companywide
 - 12 predatory lending, notwithstanding their claims that it was --
 - you know, that they didn't or that it was a rogue employee or
 - 14 a rogue branch.
- 10:12:49 15 Q. Why didn't the Household's denials that they engaged in
 - 16 predatory lending, why didn't that change your view that they
 - 17 did, in fact, engage in widespread, systemic predatory lending
 - 18 practices?
 - 19 A. Well, there were several reasons why that didn't change my
- 10:13:07 20 view. The first one is because, as these complaints started
 - 21 to escalate, I didn't see from Household any attempt at trying
 - 22 to identify the root causes of these complaints. I would see
 - 23 an issuance here or an e-mail there that would say we don't
 - 24 engage in predatory lending or everyone else in the industry
- 10:13:29 25 engages in it but us.

- 1 A. So as re-agings go up, as loans are re-aged, which is
- 2 taken out of the two-plus bucket and put back in current, the
- 3 number of two-plus delinquencies goes down. So this is taking
- 4 loans from the two-plus bucket and putting them over into the
- 10:33:30 5 current bucket. So there's an inverse relationship between
 - 6 re-aging and delinquent -- two-plus delinquencies.
 - 7 Q. What if two-plus delinquencies go up instead of down, what
 - 8 is the effect on re-aging?
 - 9 A. Well, if they -- if Household stopped re-aging, for
- 10:33:48 10 example, or diminished the amount of their re-aging, the
 - 11 re-aging would go down and the delinquencies would go up
 - 12 because then the -- there was no way to make those loans
 - 13 current. So here re-aging is going down and the two-plus
 - 14 numbers are going up, so it's a direct inverse relationship.
- 10:34:05 15 Q. And is re-aging of loans significant to a regulator?
 - 16 A. Yes. When I was a field examiner, this is one of the
 - 17 things that we looked at in particular to determine if a
 - 18 lender was masking their delinquencies. We would look at a
 - 19 variety of tactics that they could use, for example, rewriting
- 10:34:27 20 the loan, forbearance, a variety of things. And we would look
 - 21 to see how prevalent that was in the loan portfolio because
 - the more they were doing that, the more it would lead us to
 - 23 conclude that they were masking delinquencies.
 - 24 Q. Now, during your reviews as an expert in this case, did
- 10:34:47 25 you determine whether Household used re-aging to manipulate

- 1 its two-plus delinquency number?
- 2 A. Yes, that was one of my conclusions, was that Household
- 3 used various re-aging tactics and practices to mask their
- 4 delinquencies.
- 10:35:02 5 Q. I'll show you what has been marked as Plaintiffs' Exhibit
 - 6 1387 for identification.
 - 7 (Tendered.)
 - 8 BY MR. DROSMAN:
 - 9 Q. Do you recognize Plaintiffs' Exhibit 1387?
- 10:35:34 10 A. I do.
 - 11 Q. What is it?
 - 12 A. This is an e-mail from Elaine Markell to Rich Peters and
 - 13 others at Household -- she was at Household -- regarding the
 - 14 Re-aging Fitch Servicer Presentation Slides, dated November
- 10:35:48 15 12, 2002.
 - 16 Q. Why do you recognize this document?
 - 17 A. This was one of the documents that I looked at in
 - 18 formulating my opinions on the re-aging issues.
 - 19 MR. DROSMAN: Plaintiffs move Exhibit 1387 into
- 10:36:02 20 evidence.
 - 21 THE COURT: It will be admitted.
 - 22 BY MR. DROSMAN:
 - 23 Q. Why don't we start at the bottom e-mail, I guess, the
 - 24 first in the string. And can you tell us, first, who Elaine
- 10:36:12 25 Markell is in this e-mail?

- 1 A. Elaine Markell is a woman who worked in the mortgage
- 2 services division, which was kind of the sister division of
- 3 consumer lending.
- 4 Q. And was she the vice president of default services in that
- 10:36:29 5 mortgage services business unit?
 - 6 A. Yes.
 - 7 Q. And it looks like she's sending an e-mail to Rich Peters.
 - 8 Was he the vice president of credit risk for Household
 - 9 mortgage services?
- 10:36:40 10 A. Yes.
 - 11 O. What's significant to you about this e-mail that
 - 12 Ms. Markell is sending?
 - 13 A. Well, if the -- if you could highlight this -- the
 - 14 paragraph here. It says, Rich, you need to change the slides
- 10:36:56 15 for the presentation.
 - 16 And this is for the presentation to Fitch.
 - 17 First of all, what you have on the slides does not
 - 18 represent the policies in place since September 27 when I was
 - 19 directed to add back EZ pay restructures and restructures on
- 10:37:13 20 bankruptcies 13.
 - That means Chapter 13 bankruptcies.
 - The bankruptcy 13 restructures were done upon receipt
 - of the plan without the payment of funds. In addition to
 - that, restructures were done on any Chapter 13 where one
- 10:37:29 25 payment was made in the past 60 days. Since there was no

- other reason for the implementation of these restructure.
- 2 policies other than to make the predetermined delinquency
- 3 number, you must take the bullet point out that restructures
- 4 are not done to defer loss recognition since it clearly does.
- 10:37:47 5 Presenting the true facts about restructures to Fitch is
 - 6 equally as important as stating the true and unadjusted
 - 7 delinquency which we have discussed before.
 - 8 Q. One of the sentences you read there said, Since there's no
 - 9 other reason for the implementation of these restructure
- 10:38:06 10 policies other than to make the predetermined delinquency
 - 11 number.
 - 12 What's the difference between restructuring and
 - 13 re-aging?
 - 14 A. Household used them interchangeably.
- 10:38:15 15 Q. So why is that significant to you, that Ms. Markell
 - 16 thought that there was no other reason for the implementation
 - of these re-aging or restructuring policies other than to make
 - 18 the predetermined delinquency number?
 - 19 A. Because Household was trying to hit a delinquency target.
- 10:38:31 20 Because at this point in time, in November 2002, they were
 - 21 reporting certain delinquency numbers and certain of their
 - 22 policies. And Fitch is a reporting agency that was coming in
 - 23 to give them a more fuller investigation.
 - 24 Q. Does this suggest or support your opinion that Household
- 10:38:56 25 was using re-aging to manipulate its two-plus delinquency

- 1 number?
- 2 A. Yes.
- 3 O. How does it do that?
- 4 A. Well, because she's saying here there's no other reason
- 10:39:03 5 for us to be doing these restructures with Chapter 13
 - 6 bankruptcy accounts and doing all these shenanigans if it
 - 7 wasn't to make a certain number.
 - 8 Q. And the delinquency number in this case, is that the
 - 9 two-plus delinquency number?
- 10:39:20 10 A. Yes.
 - 11 Q. I'll show you what has been marked as Plaintiffs' Exhibit
 - 12 77 for identification.
 - 13 (Tendered.)
 - 14 BY MR. DROSMAN:
- 10:39:49 15 Q. Do you recognize Exhibit 77?
 - 16 A. I do.
 - 17 Q. What is it?
 - 18 A. This is an e-mail string regarding the re-aging, on how
 - 19 many loans had been re-aged one time versus multiple times,
- 10:40:01 20 with a chart attached showing that very thing.
 - 21 Q. What's the date of the e-mail?
 - 22 A. The date is September 11, 2002.
 - 23 Q. And why do you recognize this document?
 - 24 A. This is one of the documents that I looked at to analyze
- 10:40:19 25 and formulate my opinions regarding re-aging.

- 1 MR. DROSMAN: Plaintiffs offer Exhibit 77 into
- 2 evidence.
- 3 THE COURT: It's admitted.
- 4 BY MR. DROSMAN:
- 10:40:30 5 Q. Why don't we take a look -- you said it's two pages, an
 - 6 e-mail with an attachment. Why don't we look at the e-mail.
 - 7 Can you tell us the significance of the e-mail to
 - 8 your opinion?
 - 9 A. Yes. The bottom says, For your information.
- 10:40:44 10 Mr. Schoenholz asked for a ratio -- and that should say of --
 - 11 domestic multiple re-ages as a percentage of total re-age.
 - 12 The question came to me via Gary -- which I assume is
 - 13 Gilmer -- and we provided Mr. Schoenholz with the ratio of
 - 14 47.9 percent over the phone.
- 10:41:02 15 And then if you look at the second page and look at
 - 16 the bottom line. If you could highlight the very bottom line,
 - 17 you can see -- let's see if -- okay. This line right here
 - 18 shows total re-age loans of \$15 billion of a total portfolio
 - 19 of \$98 billion.
- 10:41:35 20 Q. What does that mean?
 - 21 A. Or 47.9 percent of these loans have been re-aged multiple
 - 22 times. So of the re-age section -- let me start all over
 - 23 again.
 - Of the loans that Household had that had been
- 10:41:56 25 re-aged, 47.9 percent of them had been re-aged more than one

- 1 time.
- 2 O. So let's start -- starting in this \$98 billion number,
- 3 this signifies all of the loans that Household had at that
- 4 time?
- 10:42:09 5 A. Yes.
 - 6 O. And then what does this \$15.9 billion number signify?
 - 7 A. And that signifies how many had been re-aged. And that
 - 8 would have been 16 percent of their whole portfolio had been
 - 9 re-aged.
- 10:42:23 10 Q. And then this 47.9 percent number, what does that mean?
 - 11 A. Of the 15 billion, 47.9 percent had been re-aged, almost
 - 12 half of the 15 billion had been re-aged multiple times.
 - 13 Q. And what does that mean, re-aged multiple times?
 - 14 A. Well, it's really -- when you re-age something, you know,
- 10:42:44 15 you're taking it out of the delinquency and you're putting it
 - 16 into the current bucket. And then they're not paying again,
 - 17 and then you re-age it again and you re-age it again. And so
 - 18 you are, in effect, masking your past due because there's no
 - 19 way for the customer -- the customer is not paying. You're
- 10:43:02 20 just re-aging it to take it out of the delinquency bucket.
 - 21 And that's what Household was doing.
 - 22 Q. So re-aging multiple times means you've re-aged a loan
 - once already, you're re-aging it again, perhaps again and
 - 24 again --
- 10:43:14 25 A. Right.

- 1 Q. -- just to take it out of the delinquent bucket repeatedly
- 2 and put it back in the current?
- 3 A. Right. And the time frame is, it's in the two-plus bucket
- 4 and you re-age so it goes back to current. So it takes a
- 10:43:26 5 number of months. It takes two months to get it back in the
 - 6 two-plus bucket. Then you re-age it and it goes into the
 - 7 current. Then it takes a couple of months to get back there.
 - 8 So once they re-age, they have a little bit of time before
 - 9 they have to deal with it again.
- 10:43:41 10 Q. And who is asking for this information, this ratio of how
 - many loans had been re-aged multiple times?
 - 12 A. It says Mr. Schoenholz is asking for it.
 - 13 Q. And that's David Schoenholz, the CFO of the company?
 - 14 A. Yes.
- 10:43:58 15 Q. I'll show you what has been marked as Plaintiffs' Exhibit
 - 16 654 for identification.
 - 17 (Tendered.)
 - 18 BY MR. DROSMAN:
 - 19 Q. Do you recognize Plaintiffs' Exhibit 654?
- 10:44:28 20 A. I do.
 - 21 Q. And what is this?
 - 22 A. This is an e-mail from Dave Stockdale to various managers
 - 23 or senior -- senior managers at Household. And the subject is
 - 24 retail services re-age policy. And the date is September 4,
- 10:44:51 25 2001.

- 1 Q. And why do you recognize this document?
- 2 A. This is one of the documents I looked at in formulating my
- 3 opinions.
- 4 MR. DROSMAN: Plaintiffs offer Exhibit 654 into
- 10:45:03 5 evidence.
 - 6 THE COURT: It's admitted.
 - 7 BY MR. DROSMAN:
 - 8 Q. Why don't we take a look at this. The bottom e-mail
 - 9 appears to be from Dave Stockdale; is that right?
- 10:45:15 10 A. It looks like it's from Dave Stockdale to Paul
 - 11 "Markawitz."
 - 12 Q. Paul Makowski?
 - 13 A. I'm sorry. I'm mispronouncing his name. Makowski, yes.
 - 14 Q. Mr. Makowski was the chief credit officer; is that
- 10:45:30 15 correct?
 - 16 A. Yes.
 - 17 Q. If you take a look at the second paragraph of the e-mail,
 - 18 does that have any significance to your opinion?
 - 19 A. Yes. This is what I was talking about. This says, For
- 10:45:41 20 maximum benefit to year-end, retail sales should perform the
 - 21 re-age between the customer cycle date and the month-end with
 - 22 a sweep at month-end. This will ensure that all September
 - 23 re-ages will be unable to reach two-plus by year-end.
 - In other words, they're going to take all of them at
- 10:45:57 25 a certain time because then it would prevent them from

- 1 progressing back to the two-plus number by year-end when they
- 2 have to report it on their 10-K.
- 3 Q. So is this significant to your opinion that Household
- 4 manipulated its two-plus delinquency number through the use of
- 10:46:13 5 re-aging?
 - 6 A. Yes.
 - 7 Q. Why?
 - 8 A. Well, because they're discussing how they're going to
 - 9 manipulate their delinquency number by using the re-age
- 10:46:21 10 practice at a certain -- and they're even planning when
 - they're going to use it so that these loans won't then become
 - 12 delinquent and show up again in the two-plus bucket at
 - 13 year-end.
 - 14 Q. Then the last sentence there says, This will ensure that
- 10:46:36 15 all September re-ages will be unable to reach two-plus at
 - 16 year-end.
 - 17 A. Yes.
 - 18 Q. Do you see that?
 - 19 What do you understand that to mean?
- 10:46:44 20 A. Well, they were timing the re-ages so that they could
 - 21 prevent the ones in this particular category from becoming
 - 22 delinquent again, such that it reaches that two-plus bucket at
 - 23 year-end so they don't have to disclose it as delinquent.
 - Q. They have to disclose all the delinquent loans at the
- 10:47:03 25 year-end in their form 10-K, their annual report?

- 1 A. Yes.
- 2 Q. And so what's your conclusion about why -- what this means
- 3 here?
- 4 A. So they're timing these re-ages so that this group of
- 10:47:12 5 loans will not show up as two-plus delinquent at year-end.
 - 6 O. And they do that by re-aging those loans?
 - 7 A. Yes, at a certain time. They're timing it because they
 - 8 know that the progression will be that it will go to 30 days
 - 9 past due, then 60 days past due, in which case it's going to
- 10:47:29 10 end up in the two-plus bucket. So they're timing it so that
 - 11 doesn't happen until January so they don't have to disclose
 - 12 it.
 - 13 Q. I'll show you what has been marked as Plaintiffs' Exhibit
 - 14 454 for identification.
- 10:47:47 15 (Tendered.)
 - 16 BY MR. DROSMAN:
 - 17 Q. Before we actually get to 454, there was one issue on that
 - 18 last exhibit that we were talking about that I wanted to
 - 19 discuss with you.
- 10:48:01 20 If we can put back up 654, the first page.
 - 21 And this is the example of the timing of the re-ages
 - 22 so that they wouldn't be delinquent at year-end. If you look
 - 23 at the top e-mail, it looks like it was forwarded by
 - 24 Mr. Makowski?
- 10:48:21 25 A. Yes.

- 1 O. And was it forwarded to Mr. Schoenholz?
- 2 A. Yes. He was cc'd on it.
- 3 Q. Perhaps we can zoom in on that so we can see whether it
- 4 was forwarded to Mr. Schoenholz.
- 10:48:35 5 So you said Mr. Schoenholz received a copy of this
 - 6 e-mail?
 - 7 A. Yes.
 - 8 Q. Why don't we turn now to Plaintiffs' Exhibit 454 for
 - 9 identification.
- 10:48:52 10 Do you recognize Plaintiffs' Exhibit 454?
 - 11 A. I do.
 - 12 O. What is it?
 - 13 A. This is a document. It's an e-mail string. And it's got
 - 14 some handwritten notes and then a chart attached to it.
- 10:49:08 15 Q. And the e-mail string that you talked about, who is the
 - 16 e-mail from?
 - 17 A. Well, there are several e-mails, but some of them are from
 - 18 Gary Gilmer.
 - 19 Q. And what are the dates?
- 10:49:22 20 A. The date of the bottom e-mail is February 22, 2000.
 - 21 Q. And what's the subject of the e-mail?
 - 22 A. And the subject is "cut."
 - 23 Q. Why do you recognize Plaintiffs' Exhibit 454?
 - 24 A. This was one of the documents that I looked at in
- 10:49:39 25 formulating my opinions.

- 1 MR. DROSMAN: Plaintiffs offer Exhibit 454 into
- 2 evidence.
- 3 THE COURT: It will be admitted.
- 4 BY MR. DROSMAN:
- 10:49:50 5 Q. Let's take a look at the bottom e-mail on page ending 417
 - 6 that you said is entitled "cut."
 - 7 That's from Dick Schaffer; is that right?
 - 8 A. Yes, and he's sending this to Gary Gilmer.
 - 9 Q. And that's the defendant in this case?
- 10:50:06 10 A. Yes.
 - 11 Q. And Dick Schaffer is the managing director of operations
 - 12 for the consumer lending division; is that correct?
 - 13 A. Yes.
 - 14 Q. Can you tell me what's significant about the text of that
- 10:50:18 15 e-mail?
 - 16 A. Well, he's saying here, I just revisited the two-plus
 - 17 forecast with each of my guys. Bottom line looks like a \$25
 - 18 million cut without the magic, parentheses, grace period, and
 - 19 75,000 with it. We are a little afraid of the 29-day month so
- 10:50:32 20 we aren't being overly aggressive with this forecast. It
 - 21 looks pretty solid.
 - 22 Q. Let's just focus on the first two sentences of that
 - 23 e-mail. Bottom line looks like a \$25 million cut without the
 - 24 magic, parens, grace period, and \$75 million with it.
- 10:50:57 25 Is he talking about the two-plus delinquency number

- 1 in this case?
- 2 A. Yes.
- 3 Q. And is he talking about a cut to the two-plus delinquency
- 4 number?
- 10:51:04 5 A. Yes.
 - 6 Q. So what do you understand this to mean here?
 - 7 A. Well, what Household did is they would give their
 - 8 borrowers 15 days after the date that the payment was due as a
 - 9 grace period to make their payment. And so, unlike other
- 10:51:19 10 lenders who just report delinquencies straight up, what they
 - 11 would do is, say, for example, a loan was 74 days past due,
 - 12 they would deduct 15 days from that and that would bring it
 - 13 back down to 59 days and so they wouldn't report that as a
 - 14 two-plus number, a loan that's in the two-plus bucket.
- 10:51:40 15 So they would use grace periods as a way to mask past
 - due by deducting 15 days from how many ever days the loans
 - 17 were past due in the two-plus bucket and bringing them back
 - 18 into the current bucket.
 - 19 And so what he's saying here is that without the
- 10:51:56 20 magic of the grace period, they would not be -- it would look
 - 21 like their delinquencies would be cut 25 million; but with
 - 22 using this grace period tactic, they would be able to cut
 - 23 two-plus numbers 75 million.
 - 24 Q. So they could cut \$50 million from their two-plus numbers
- 10:52:17 25 by using the magic of the grace period; is that right?

- 1 A. Yes, yes.
- 2 Q. And does this -- is this significant to your opinion that
- 3 Household used re-aging practices like the grace period to
- 4 manipulate its two-plus numbers?
- 10:52:31 5 A. Yes. I mean, there's no reason to do that unless you were
 - 6 manipulating your delinquencies.
 - 7 Q. Who is receiving this particular e-mail?
 - 8 A. Mr. Schaffer was sending it to Gary Gilmer.
 - 9 Q. I'll show you what has been marked as Plaintiffs' Exhibit
- 10:52:53 10 262 for identification.
 - 11 (Tendered.)
 - 12 BY MR. DROSMAN:
 - Q. Do you recognize Plaintiffs' Exhibit 262?
 - 14 A. I do.
- 10:53:17 15 Q. And what is Plaintiffs' Exhibit 262?
 - 16 A. This is a series of e-mails that describes the cut in
 - 17 delinquencies using this tactic for the grace periods, of
 - 18 deducting the 15 days and pushing it back into the current
 - 19 bucket. And they're quantifying it from a dollar perspective
- 10:53:39 20 each month. There's a series of them.
 - 21 Q. And who is the recipient of these e-mails?
 - 22 A. Let's see here. It looks like Douglas Friedrich.
 - 23 Q. And he's the managing director, the head honcho, of
 - 24 mortgage services at Household; is that right?
- 10:54:00 25 A. Yes.

- Q. And why do you recognize Plaintiffs' Exhibit 262?
- 2 A. This is one of the documents that I reviewed in
- 3 formulating my opinions.
- 4 MR. DROSMAN: Plaintiffs offer Exhibit 262 into
- 10:54:12 5 evidence.
 - 6 THE COURT: Admitted.
 - 7 BY MR. DROSMAN:
 - 8 Q. Why don't we take a look at the first page of this series
 - 9 of e-mails.
- 10:54:19 10 What's the title of the e-mail?
 - 11 A. So the title of the e-mail is two-plus reconciliation.
 - 12 Q. And what does this particular e-mail show?
 - 13 A. It shows that the adjustment for the 15-day grace period
 - 14 was \$19 million in this case for this month, the month of --
- 10:54:42 15 it would be the prior month, so January 2001.
 - 16 O. So that the re-aged number was actually 431, is that
 - 17 right, according to Sarah's figure?
 - 18 A. Yes.
 - 19 Q. And then they're deducting or lowering that re-age number
- 10:54:56 20 by 19.7 million; is that right?
 - 21 A. Actually the number is the two-plus number and so then
 - 22 they're taking out the 15-day grace period. So they're
 - 23 adjusting the two-plus number.
 - Q. And what are the parens around the 19.7 million?
- 10:55:11 25 A. That means they're taking it out. It's negative.

- 1 Q. The final two-plus delinquency number that they come up
- 2 with after taking out the grace period is what?
- 3 A. 418 million.
- 4 Q. And you said that this e-mail was sent on 2/6/01, so it
- 10:55:24 5 would be for the month of January, right?
 - 6 A. Right.
 - 7 Q. Let's look at the next page, page ending 842.
 - 8 And this e-mail was sent on March 7, 2001; is that
 - 9 right?
- 10:55:40 10 A. Yes.
 - 11 Q. Again, sent to Doug Friedrich, the head of Household's
 - 12 mortgage services unit; is that right?
 - 13 A. Right.
 - 14 Q. And what's this showing here?
- 10:55:48 15 A. And this is the two-plus reconciliation again. So it
 - 16 shows that the two-plus numbers for the grace period
 - 17 adjustment were being reduced by 16 million.
 - 18 Q. Again, lowering the two-plus numbers by 16.1 million
 - 19 for --
- 10:56:04 20 A. Right, for that month.
 - 21 Q. For that month.
 - 22 What about the next page?
 - 23 A. This is similar. These are all these same sort of
 - 24 reconciliations. So here the grace period adjustment is
- 10:56:17 25 17,483,000. So two-plus numbers are being reduced by this

- 1 grace period adjustment.
- Q. And what's the date of this e-mail?
- 3 A. August 7, 2001. So this would be for July.
- Q. And do the rest of the e-mails show the same thing?
- 10:56:36 5 A. Yes.
 - 6 Q. Does this -- is this significant to your opinion that
 - 7 Household used re-aging tactics like the use of the grace
 - 8 period to manipulate its two-plus delinquency numbers?
 - 9 A. Yes.
- 10:56:48 10 Q. Why?
 - 11 A. Well, because there's no reason to make this kind of
 - 12 adjustment. Other lenders just do a straight-up deal. Here,
 - 13 what they were doing is using their grace period to move loans
 - 14 from the two-plus bucket back to current. And the pass --
- 10:57:03 15 these sorts of delinquency numbers are very important to
 - 16 regulators and others because it shows the condition of the
 - 17 loan portfolio.
 - 18 Q. Is this grace period right here, is this the same grace
 - 19 period we heard referred to earlier in an earlier e-mail as
- 10:57:21 20 the magic?
 - 21 A. Yes.
 - 22 Q. Now, is there a relationship between predatory lending on
 - 23 the one hand -- we talked quite a bit about that yesterday --
 - 24 and the use of practices like re-aging to hide the true
- 10:57:34 25 quality of Household's loans on the other?

- 1 A. Yes, there is a relationship.
- 2 Q. Did you prepare a demonstrative to assist you in
- 3 explaining the relationship between predatory lending
- 4 practices on the one hand and hiding the quality of
- 10:57:46 5 Household's loans on the other?
 - 6 A. I did.
 - 7 Q. I'll show you what has been marked as Plaintiffs'
 - 8 Demonstrative Exhibit 31 for identification.
 - 9 Can you tell us what this exhibit shows?
- 10:58:05 10 A. Yes. Household starts out making a predatory loan. And
 - 11 remember, they're packing on fees and insurance premiums and
 - 12 stripping away the equity. And what happens is, the borrower
 - 13 cannot pay the loan. It's too large for the borrower to pay.
 - 14 So Household has one of two choices. They can either
- 10:58:26 15 re-age it so that it's not showing up on their two-plus
 - 16 bucket. Or they can refinance it or rewrite it down below,
 - 17 which is flipping it, adding more insurance, adding more fees
 - 18 to it.
 - 19 And then --
- 10:58:39 20 Q. Let me just pause there. To refinance it or rewrite it,
 - 21 does that take it out of the two-plus bucket as well?
 - 22 A. Right. And it brings it back to current. So they can
 - 23 either re-age it using some sort of tactic that we've already
 - 24 talked about or they can actually rewrite it and make a new
- 10:58:56 25 loan and start over.

- 1 Q. Okay.
- 2 A. And then, no matter what, the borrower still can't pay
- 3 because the loan is so packed full of products, premiums and
- 4 fees and can't go anywhere else because the equity has been
- 10:59:11 5 stripped and the loan to value is too high so they're stuck.
 - And Household then has one of two choices. They can either
 - 7 rewrite it on the top, which is flip it again and add more
 - 8 fees and premiums, insurance premiums to it, or they can
 - 9 re-age it using one of the tactics, like the grace period or
- 10:59:30 10 one of their other tactics.
 - 11 O. So if they rewrite it right here, does that -- again, that
 - 12 takes it out of the delinquent bucket; now all of a sudden
 - 13 they have a brand new loan so it's current again?
 - 14 A. Yes. So whether they re-age it or they rewrite it, that's
- 10:59:47 15 going to bring it to the current bucket. But rewriting it
 - 16 allows them to pack on more fees and insurance premiums. So
 - 17 they can do -- they can either re-age it or rewrite it.
 - 18 Q. And you talked -- is there a predatory lending practice
 - 19 that this implicates right here?
- 11:00:02 20 A. Yes. I mean, it implicates all sorts of predatory lending
 - 21 practices, loan flipping because they're re-aging it multiple
 - 22 times, insurance packing, equity stripping. If they rewrite
 - 23 it into two loans, that would be loan splitting. You know,
 - 24 originally they're reeling them in with the effective rate, as
- 11:00:22 25 Dennis Hueman would say, and blocking the back door with the

- 1 prepayment penalty so that -- and because they've stripped out
- 2 the equity, there's nowhere for them to go to refinance.
- 3 Q. So what's the last step?
- 4 A. So the borrower still can't pay, and the cycle starts over
- 11:00:39 5 again and go on one of two paths. So there's a correlation
 - 6 between predatory lending practices and the need for Household
 - 7 to re-age and mask their delinquencies.
 - 8 Q. Thank you, Ms. Ghiglieri.
 - 9 MR. DROSMAN: I have no further questions at this
- 11:00:57 10 time.
 - 11 THE COURT: You may cross-examine.
 - 12 MR. KAVALER: Thank you.
 - 13 CROSS-EXAMINATION
 - 14 BY MR. KAVALER:
- 11:01:22 15 Q. Good morning, Ms. Ghiglieri.
 - As you know, I'm Tom Kavaler, and I represent the
 - 17 defendants. And we've met before, correct?
 - 18 A. Yes.
 - 19 Q. Okay. I'm going to ask you a few questions today about
- 11:02:07 20 the same subject matter you've been talking about for the past
 - 21 couple of days. And my time is sort of limited, so I'm going
 - 22 to try and ask you questions that can be answered yes or no.
 - 23 If I do that, will you answer them yes or no?
 - 24 A. If I can answer them with a yes or a no.
- 11:02:20 25 Q. Perfect. Thank you.

- 1 Q. Do you know what percentage of the assets or the revenue
- 2 were accounted for by those three banks?
- 3 A. I didn't calculate that, nor did I see that in the
- 4 documents.
- 11:05:39 5 Q. Was it a small percentage?
 - 6 A. I don't know.
 - 7 Q. What percentage was accounted for by the finance company?
 - 8 A. I didn't see any of those percentages in the documents.
 - 9 Q. And you had never been a securities regulator; is that
- 11:05:54 10 correct?
 - 11 A. That's correct.
 - 12 Q. And you're offering no opinions here today regarding
 - 13 movements in the price of Household stock, correct?
 - 14 A. That's correct.
- 11:06:02 15 Q. And you're offering no opinions here about the impact of
 - 16 any public statements on the group of investors that are
 - 17 bringing this action against Household; is that correct?
 - 18 A. Yes.
 - 19 Q. Now, you told us yesterday -- or I think the day before,
- 11:06:19 20 Tuesday, I think -- about 40 Bankers Boxes. You remember
 - 21 counsel pointing to this box here and identified that as a
 - 22 Bankers Box?
 - 23 A. Yes.
 - 24 Q. All right. And that's the universe of documents that you
- 11:06:31 25 reviewed other than the depositions you talked about?

- 1 A. Well, if you recall, we had this conversation before. I
- 2 reviewed a lot of documents in hard copy. And then there were
- 3 approximately 75 depositions, some of which I printed out and
- 4 some of which I didn't, and then the exhibits to those
- 11:06:49 5 depositions. So I reviewed a large number of documents that I
 - 6 didn't print out, if -- if that's what you're asking me, how
 - 7 many documents I looked at.
 - 8 Q. Let's focus on the 40 Bankers Boxes. Approximately how
 - 9 many documents does that comprise?
- 11:07:08 10 A. I have no idea.
 - 11 Q. Okay. Do you know roughly how many sheets of paper come
 - 12 in a Bankers Box?
 - 13 A. No.
 - 14 Q. About 2,000?
- 11:07:17 15 A. I have no idea.
 - 16 Q. No idea. Okay.
 - 17 Do you know that Household, the defendants in this
 - 18 case, produced to investors' counsel approximately five
 - 19 million documents?
- 11:07:26 20 A. I don't know how many they produced.
 - 21 Q. Did you select the contents of those 40 boxes from a
 - 22 larger universe of millions and millions of documents?
 - 23 A. Well, the plaintiffs' lawyers sent me some documents. I
 - 24 requested some documents. And I had access to a database that
- 11:07:44 25 had depositions and exhibits. So some of -- some of each I

- 1 would say.
- Q. Putting aside the depositions and exhibits, you didn't
- 3 personally see the five million document universe and cull it
- 4 down to those 40 boxes, did you?
- 11:07:59 5 A. I didn't personally see it.
 - 6 Q. Right. Investors' counsel gave you the 40 boxes, right?
 - 7 A. No. I asked for some documents that I knew, based on my
 - 8 experience of regulating lenders, that Household would have;
 - 9 and then they sent me some. So it was a combination of me
- 11:08:18 10 asking for some documents and them sending me some documents.
 - 11 O. But the end result was 40 boxes?
 - 12 A. Well, approximately, plus all -- everything that I had
 - 13 access to online.
 - 14 Q. All right. It certainly was not five million documents?
- 11:08:33 15 A. I'm sure I didn't look at five million documents.
 - 16 Q. Okay. And you're giving us here your opinions about
 - 17 things that you've read in that universe of documents,
 - 18 correct?
 - 19 A. Yes.
- 11:08:51 20 Q. You're not testifying to any facts, that is, you don't
 - 21 know actually what occurred? You only know what you gleaned
 - 22 from the documents you reviewed, right?
 - 23 A. That's correct.
 - Q. Mr. Schoenholz would be able to tell us what he did,
- 11:09:06 25 Mr. Aldinger would be able to tell us what he did and

- Mr. Gilmer would be able to tell us what he did, correct?
- 2 A. Yes.
- 3 O. And you'd be able to express opinions on that?
- 4 A. Well, it's the same thing that I did as a regulator. You
- 11:09:19 5 know, I would look at certain things and formulate opinions.
 - 6 That's what I did here. I'm not a fact witness. I'm an
 - 7 expert witness.
 - 8 Q. That's my point.
 - 9 A. Okay. I agree with that.
- 11:09:28 10 Q. And you understand that we've also hired an expert, and
 - our expert is going to have a different opinion?
 - 12 A. I'm sure.
 - 13 Q. Now, a few minutes ago, you told us about -- you were
 - 14 talking about re-aging; and you said -- you were talking about
- 11:10:08 15 the two-plus number, and you said Household reported this
 - 16 information in its 10-K. Do you recall that?
 - 17 A. Yes.
 - 18 Q. The 10-K is the annual report?
 - 19 A. Yes.
- 11:10:16 20 Q. That's filed with the SEC?
 - 21 A. Yes.
 - 22 Q. And that's publicly available to anyone who wants to read
 - 23 it?
 - 24 A. Yes.
- 11:10:24 25 Q. Does the SEC have a Web site where people can access those

- 1 documents?
- 2 A. Yes.
- 3 Q. Did you read Household's annual reports filed with the
- 4 Securities and Exchange Commission?
- 11:10:33 5 A. I looked at some of the charts where they disclosed their
 - 6 past due, but I didn't read the full documents. That was
 - 7 outside of really what I was asked to opine on.
 - 8 Q. So you just accessed a part of them?
 - 9 A. I just looked at them, the delinquency charts.
- 11:10:49 10 Q. But you could have accessed all of them?
 - 11 A. Sure.
 - 12 Q. And so can anyone?
 - 13 A. So can anyone.
 - 14 Q. That's public information?
- 11:10:56 15 A. Yes.
 - 16 Q. And you are not here -- and you haven't focused on
 - 17 anything having to do with the disclosures that Household made
 - 18 in those public reports or elsewhere, correct?
 - 19 A. Yes.
- 11:11:26 20 Q. Now, you used some words several times in your testimony.
 - 21 I'd like to explore with you what you meant by them.
 - 22 You said certain things were systemic. Do you recall
 - 23 that?
 - 24 A. I do.
- 11:11:40 25 Q. Tell me what you meant, please, by systemic.

- 1 A. Companywide.
- 2 Q. Okay. And you used the word companywide also. So those
- 3 both mean the same thing?
- 4 A. Yes.
- 11:11:49 5 Q. And you said widespread. What does that mean?
 - 6 A. Companywide, pervasive.
 - 7 Q. And --
 - 8 A. They all mean the same thing.
 - 9 Q. I'm sorry. I didn't mean to interrupt you. Are you
- 11:11:55 10 finished?
 - 11 A. I guess.
 - 12 Q. Okay. So all three of those words mean the same thing?
 - 13 A. Yes.
 - 14 Q. Okay. Can you define those three words without using
- 11:12:06 15 those three words? In other words, what does systemic or
 - 16 companywide or widespread mean? Does it mean it's everywhere?
 - 17 Does it mean there's a lot of it? What does it mean?
 - MR. DROSMAN: Objection, compound.
 - 19 THE COURT: Overruled as to that.
- 11:12:22 20 BY THE WITNESS:
 - 21 A. Well, I -- what I was trying to portray by those words was
 - 22 that the practices that I found that were predatory, for
 - 23 example, were occurring in more than just one location by more
 - 24 than just one employee. They were occurring around the
- 11:12:45 25 country.

- 1 BY MR. KAVALER:
- 2 Q. Okay. And yesterday -- or Tuesday I guess -- we looked at
- 3 Demonstrative Exhibit 29. Let's see if we can put that up
- 4 again.
- 11:12:57 5 MR. KAVALER: Your Honor, can we have the switch,
 - 6 please.
 - 7 THE COURT: Where do you want it directed, counsel?
 - 8 MR. KAVALER: If I knew more about technology, I
 - 9 would know. I want these gentlemen to be able to put up on
- 11:13:14 10 the screen something.
 - 11 THE COURT: Technology is tough.
 - MR. KAVALER: Thank you, your Honor. You're dealing
 - 13 with Mr. Low Tech here.
 - 14 BY MR. KAVALER:
- 11:13:23 15 Q. Now, do you recall this chart that was prepared by either
 - 16 yourself or counsel?
 - 17 A. Yes.
 - 18 Q. Okay. And these are some of the practices that you talked
 - 19 about on Tuesday, maybe over into Wednesday?
- 11:13:35 20 A. Yes.
 - 21 Q. And let's start with the effective/equivalent rate. Do
 - 22 you know how many complaints there were altogether about
 - 23 effective/equivalent rate during the period 1999 to 2002?
 - 24 A. I don't know how many complaints there were and -- on the
- 11:14:15 25 effective rate?

- 1 Q. Yes.
- 2 A. I don't know how many complaints they had on effective
- 3 rate in total.
- 4 Q. Do you know what percentage of their loans generated
- 11:14:25 5 complaints about effective rate?
 - 6 A. I didn't see a percentage, but I do know that Household
 - 7 calculated refunds of \$1.2 billion for the effective rate
 - 8 presentation that they made. So I'm assuming it was a large
 - 9 number of loans and must have been a pretty substantial
- 11:14:47 10 percentage.
 - 11 Q. But you can't tell me what that percentage is?
 - 12 A. No.
 - 13 Q. You know that Household had, during the relevant time, in
 - 14 Mr. Gilmer's business unit about 3.2 million accounts?
- 11:15:01 15 A. I don't know if that's true or not.
 - 16 Q. You don't know that.
 - Okay. You know that that's set forth in Household's
 - 18 10-K for the year 2001?
 - 19 A. It could be. I looked at the -- some of the past due
- 11:15:17 20 charts. I didn't analyze the 10-Ks.
 - 21 Q. Do you have any reason to question the number that
 - 22 Household put in its 10-K describing how many accounts they
 - 23 had?
 - 24 A. I don't have any reason to question it.
- 11:15:27 25 Q. Okay.

- 1 MR. KAVALER: Can we see Exhibit 852.
- 2 BY MR. KAVALER:
- Q. This -- you recognize this as Household's 10-K for 2001?
- 4 A. That's what it says.
- 11:15:48 5 Q. Okay.
 - 6 Can we pull up where it shows the number of loans.
 - 7 You see there, it's talking about this business has
 - 8 approximately 1,400 branches located in 46 states, 3.2 million
 - 9 open customer accounts, 39.5 billion in managed receivables
- 11:16:26 10 and 13,000 employees.
 - 11 Do you see that?
 - 12 A. I see that.
 - Q. Do you understand that to be describing the business unit
 - 14 that Mr. Gilmer ran?
- 11:16:35 15 A. Yeah. I mean, that's what it says.
 - 16 Q. Okay. You have no reason to doubt that?
 - 17 A. No.
 - 18 Q. All right. So half of 1 percent of 3.2 million accounts
 - 19 would be 16,000 accounts?
- 11:16:56 20 A. If you say so.
 - 21 Q. I'm reluctant to say so because the other thing I'm not
 - 22 good at is math. But I've been told that. I think that's
 - 23 right.
 - Did you see 16,000 effective rate or equivalent rate
- 11:17:10 25 complaints?

- 1 A. I didn't see 16,000. I looked at over a hundred
- 2 complaints, and they had various complaints. That's what I
- 3 looked at.
- 4 Q. Did you ever manage a large public company?
- 11:17:28 5 A. No.
 - 6 Q. Did you ever work at a large public company?
 - 7 A. No.
 - 8 Q. Are you aware that large public companies have a tendency
 - 9 to measure almost everything that can be measured?
- 11:17:42 10 MR. DROSMAN: Objection.
 - 11 THE COURT: Sustained.
 - 12 BY MR. KAVALER:
 - 13 Q. Did you notice when you were looking at Household's
 - 14 documents that Household had a tendency to measure many things
- 11:17:55 15 and express things in terms of percentages?
 - 16 A. Well, I saw a lot of percentages in the documents I looked
 - 17 at.
 - 18 Q. Have you ever heard the phrase in your experience as a
 - 19 regulator "you can't manage what you can't measure"?
- 11:18:20 20 A. I don't know if I've ever heard that before or not.
 - 21 Q. Okay. So you can't tell me how many effective rate
 - 22 complaints there were and you can't tell me what percentage of
 - 23 Household's open accounts were; is that correct?
 - 24 A. Well, Household can't either. I mean, because not all the
- 11:18:42 25 complaints were tracked. So I for sure can't, and I question

- 1 whether Household can.
- Q. That was my question, whether you could.
- 3 A. I don't know how I could have because they weren't all
- 4 tracked. I didn't see a document showing all of them.
- 11:18:58 5 Q. Short answer is you can't tell me either how many they are
 - 6 or what percentage of the open loans they represent; is that
 - 7 right?
 - 8 A. I would only be able to tell you if I saw a document like
 - 9 that.
- 11:19:09 10 Q. So, therefore, you can't tell me?
 - 11 A. Well, I didn't see anything to be able to tell you that,
 - 12 no.
 - 13 Q. And you can't tell me whether they were more than one-half
 - 14 of 1 percent of the open loans, can you?
- 11:19:23 15 A. I didn't -- I don't have a basis to tell you because I
 - 16 didn't see anything like that.
 - 17 Q. That means you can't tell me, correct?
 - 18 A. Well, I can't tell you what I haven't seen.
 - 19 Q. I agree with that.
- 11:19:37 20 Now, you said a couple of times in the last couple of
 - 21 days that Household had to come up with a way of describing
 - 22 its rates, its effective rates, because its rates were higher
 - 23 than the rates of competitors. Do you recall that?
 - 24 A. Yes.
- 11:20:01 25 Q. What competitors were you comparing Household to?

- 1 A. Well, I was looking at, for example, the Dennis Hueman
- video where he's talking about competitor rates being higher.
- 3 And I saw some other documents discussing Household's rates
- 4 versus competitors. So I didn't really analyze whether it
- 11:20:18 5 would have been a bank or a finance company or anything like
 - 6 that. I'm just looking at what was in the documents from
 - 7 Household employees.
 - 8 Q. The competitor Mr. Hueman talked about was Billy Bob's
 - 9 Loan Company, right?
- 11:20:31 10 A. Yes.
 - 11 Q. Did you think there really is a company called Billy Bob's
 - 12 Loan Company or did you think he was just using that as an
 - 13 example?
 - 14 A. Well, there would be no way to tell -- there would be no
- 11:20:40 15 reason to tell a consumer that their rate was lower than it
 - 16 really was if their rates weren't -- if their rates were
 - 17 competitive because they could just be straight up with them.
 - 18 O. That's your opinion, right?
 - 19 A. Yes.
- 11:20:53 20 Q. I'm trying to find out if you know any facts. Do you know
 - 21 which competitors charged what rates?
 - 22 A. I didn't do a survey of the time period and Household's
 - 23 rates.
 - Q. Therefore, the answer to my question is, no, you don't,
- 11:21:10 25 correct?

- 1 A. Unless I saw something in one of the documents. I can't
- 2 recall sitting here. I may have looked at something. But
- 3 just sitting here, I can't think of --
- 4 Q. You mentioned a moment ago in your answer -- you mentioned
- 11:21:22 5 the word banks. You understand that finance companies and
 - 6 banks are different?
 - 7 A. Well, they have to comply with the same lending laws, but
 - 8 they are different with how they fund their operations. I
 - 9 agree with that.
- 11:21:34 10 Q. Banks have deposits; finance companies do not?
 - 11 A. That's right.
 - 12 Q. And that affects their cost of funds?
 - 13 A. Right.
 - 14 Q. So finance companies generally charge rates different than
- 11:21:43 15 banks?
 - 16 A. Their cost of funds are generally higher and so they
 - 17 generally charge more, yes.
 - 18 Q. So, therefore, for you to say that Household charged
 - 19 higher rates than banks would be nothing more than to say
- 11:21:55 20 Household is a finance company and a bank is a bank, right?
 - 21 A. Well, that would be one of the reasons, yes.
 - 22 Q. So putting aside banks, do you have a list for me of
 - 23 finance companies who had lower rates than Household?
 - 24 A. I think I just said that I didn't do a survey of who
- 11:22:11 25 charged what rate.

- 1 Q. Okay. So every time you told us throughout your testimony
- 2 that Household had to use effective rate techniques because
- 3 its rates were higher than someone else, if I ask you who the
- 4 someone else is, you don't know?
- 11:22:27 5 A. Well, I remember reading in Andrew Kahr's information
 - 6 where he talked about how they needed to show Household's
 - 7 rates being more competitive. And so I concluded that their
 - 8 rates were higher than their competitors. But I didn't do an
 - 9 analysis of the time frame. I didn't go back in time and try
- 11:22:47 10 and figure out who was charging what rate.
 - 11 O. So your basis was something Andrew Kahr said?
 - 12 A. I -- well, Andrew Kahr, the Dennis Hueman video and other
 - 13 documents that I saw.
 - 14 Q. Let's take them one at time.
- 11:22:59 15 The Dennis Hueman video, you mean the portions that
 - 16 this jury saw?
 - 17 A. Yes.
 - 18 Q. Where he referred to Billy Bob's Loan Company?
 - 19 A. Well, he was using an example; but he was teaching his
- 11:23:09 20 sales staff to sell the loans when they otherwise wouldn't be
 - 21 able to because their rates were higher.
 - 22 Q. I'm trying to find out higher than whose.
 - 23 A. Well, I don't have their competitors' names for you or the
 - 24 interest rates.
- 11:23:25 25 Q. You think Mr. Gilmer knows what his competitors' rates

- 1 were?
- A. Hopefully.
- 3 Q. Okay. You said Mr. Kahr -- you got some information from
- 4 Mr. Kahr. Was he ever an officer of Household?
- 11:23:37 5 A. No, he was a consultant.
 - 6 Q. Was he an employee of Household?
 - 7 A. He was a consultant.
 - 8 Q. A consultant is someone that you pay money to to get an
 - 9 opinion from, sort of like an expert witness, right?
- 11:23:47 10 A. Or you get help in figuring out how to grow your loan
 - 11 portfolio, I mean, different suggestions.
 - 12 Q. Did Mr. Kahr provide -- did you see somewhere in
 - 13 Mr. Kahr's materials a list of the competitors of Household
 - 14 who charged lower rates that you've talked about for the last
- 11:24:03 15 three days?
 - 16 A. I don't recall that, seeing that in his information.
 - 17 Q. You didn't conduct a survey of any other competitors? You
 - 18 didn't do any analysis? You don't have a chart to show us
 - 19 that says this competitor charged this and Household charged
- 11:24:28 20 that? Nothing like that?
 - 21 A. No.
 - MR. KAVALER: Let's see the list again.
 - 23 BY MR. KAVALER:
 - 24 Q. The next thing up there is insurance packing.
- 11:24:43 25 Can you tell me how many claims of insurance packing

- there were throughout all of Household?
- 2 A. Well, Household -- the internal documents from Household
- 3 showed approximately \$160 million in refunds, and so I'm
- 4 assuming that that was quite a large number.
- 11:25:05 5 Q. Well, my question was: Can you tell me either as a number
 - 6 or a percentage how many claims there were of insurance
 - 7 packing during the time period you examined?
 - 8 A. Not precisely.
 - 9 Q. Do you think there was 16,000?
- 11:25:21 10 A. I don't know. I didn't see a number. I only saw what the
 - 11 estimate of the refunds based on insurance packing would be.
 - 12 Q. If Household says that its calculations showed the number
 - 13 was less than half of 1 percent, do you have any basis to
 - 14 suggest they're incorrect?
- 11:25:41 15 A. No.
 - 16 Q. You testified that it's your opinion that when a customer
 - 17 got to a loan closing, the insurance would already be added
 - 18 on. Do you remember that?
 - 19 A. Yes.
- 11:25:51 20 Q. Did you ever attend even one loan closing at Household?
 - 21 A. No.
 - 22 Q. Do you know if Mr. Gilmer ever attended any house closings
 - 23 at Household -- or loan closings? Let me start again.
 - 24 Do you know if Mr. Gilmer ever attended any loan
- 11:26:09 25 closings at Household during his career?

- 1 you'll tell me you didn't look at them?
- 2 A. Right.
- 3 Q. So you just went to the SEC filing and looked for what you
- 4 were looking for?
- 11:28:40 5 A. I was just looking at their past due charts.
 - 6 Q. Right. You weren't looking to see generally what one
 - 7 could learn about Household by looking at the SEC filings?
 - 8 A. No, I didn't read the SEC filings. That was beyond what I
 - 9 was asked to do.
- 11:28:55 10 Q. Beyond what you were asked to do. You were asked to come
 - 11 here and talk to this jury about a very specific subject, and
 - 12 you didn't look at anything beyond that?
 - 13 A. I looked at the documents in the case regarding predatory
 - 14 lending and re-aging, but I didn't analyze the SEC filings,
- 11:29:10 15 no.
 - 16 Q. But you are a member of the Georgia bar and the D.C. bar,
 - 17 I think you said, inactive?
 - 18 A. Uh-huh.
 - 19 Q. You understand that this case is a securities fraud case,
- 11:29:19 20 don't you?
 - 21 A. Yes.
 - 22 Q. You understand it's about the disclosure that Household
 - 23 made to the investors, correct?
 - 24 A. Yes.
- 11:29:25 25 Q. And you understand the issue in the case is whether that

- disclosure was complete or not complete, true or false,
- 2 correct?
- 3 A. Yes.
- 4 Q. You looked at nothing having to do with that disclosure,
- 11:29:35 5 correct?
 - 6 A. No, because they have another expert looking at that.
 - 7 Q. Who is that?
 - 8 A. I don't know.
 - 9 Q. I see.
- 11:29:42 10 A. It's not me.
 - 11 Q. Okay.
 - 12 A. I was looking at the predatory lending and the re-aging.
 - 13 Q. So you have nothing to contribute to this jury on those
 - 14 subjects, nothing about disclosure, nothing about the public
- 11:29:54 15 filings of the company, nothing about what the analysts said,
 - 16 correct?
 - 17 A. Yes.
 - 18 Q. Okay. But you did read newspapers you said?
 - 19 A. No, I didn't say newspapers. There were a couple of
- 11:30:11 20 articles in Forbes and -- well, I take that back. The San
 - 21 Francisco Chronicle, yes.
 - 22 Q. So you read some newspapers?
 - 23 A. Yes.
 - 24 Q. Did you see an article in the St. Louis Post-Dispatch
- 11:30:25 25 about Household?

- 1 A. I don't remember that.
- 2 Q. Let me show it to you and see if that refreshes your
- 3 recollection.
- 4 Can we have Exhibit 397.
- 11:30:38 5 THE COURT: Is this the plaintiffs' or defendants'
 - 6 exhibit?
 - 7 MR. KAVALER: This is defendants', your Honor.
 - 8 BY MR. KAVALER:
 - 9 Q. This is an article on August 25, 2000, in the St. Louis
- 11:30:50 10 Dispatch, talking about, Protestors say Household, one of the
 - 11 nation's largest consumer lenders, through its subsidiary
 - 12 Household Financial Corp. and Beneficial, sells borrowers
 - 13 single premium insurance policies without their knowledge.
 - 14 Do you see that?
- 11:31:06 15 A. I see what you're pointing to.
 - 16 Q. And that's your point?
 - 17 A. Well, yes.
 - 18 Q. Okay.
 - 19 A. It's insurance packing.
- 11:31:13 20 Q. Right. And then it says, This policy pays off the
 - 21 borrower's loan in case of death, but industry experts view
 - 22 the policy as overpriced because many borrowers would be
 - 23 better served by buying life insurance that would cover the
 - 24 cost of the loan.
- 11:31:26 25 Do you see that?

- 1 A. Yes.
- 2 Q. You agree with that, don't you?
- 3 A. I do.
- 4 Q. And you know that this subject, the wisdom of selling
- 11:31:34 5 single premium credit life insurance in conjunction with
 - 6 loans, was a controversial subject which was covered in the
 - 7 press during these years, correct?
 - 8 A. I don't know how widespread it was being covered in the
 - 9 press. I haven't researched that issue.
- 11:31:50 10 Q. You know that there was controversy about this subject?
 - 11 A. In the regulatory community there was.
 - 12 Q. And there were differing views amongst the regulators on
 - 13 the one hand and the various lenders on the other hand,
 - 14 correct?
- 11:32:01 15 A. Well, I know that the regulators thought it was predatory
 - 16 in nature and overpriced.
 - 17 Q. Right. And you know that Household was far from the only
 - 18 company that sold this product, right?
 - 19 A. I don't have any basis to be able to say how many
- 11:32:18 20 companies sold it.
 - 21 Q. Are you aware of any other companies selling this product?
 - 22 A. Well, I know that some of the banks sold it initially
 - 23 before the regulators clamped down on them; but I don't have a
 - 24 basis to be able to say how many companies sold it.
- 11:32:32 25 Q. The banks used this product and then they stopped,

- 1 correct?
- 2 A. Yes.
- 3 Q. Household used this product and it stopped, correct?
- 4 A. Yes.
- 11:32:42 5 Q. You know that Household voluntarily stopped selling single
 - 6 premium credit life insurance at a point in 2001, don't you?
 - 7 A. Yes.
 - 8 Q. So there was a point in time when this was a product that
 - 9 was commonly used by people, including Household; then there
- 11:32:56 10 was a point in time when this was a product that was less
 - 11 commonly used; and one of the company's that stopped using it
 - 12 was Household, correct?
 - 13 A. I don't know if that's a correct characterization, but it
 - 14 was a product that people stopped using.
- 11:33:10 15 Q. And before they stopped using it, they must have been
 - 16 using it, correct?
 - 17 A. But I don't know how widespread. I mean, that's what I'm
 - 18 saying. I have no basis to be able --
 - 19 Q. So this is another one of those areas where you don't know
- 11:33:23 20 the numbers; you just have an impression; but the impression
 - 21 is, at a point in time, people, including Household, sold this
 - 22 product; and at a later point in time, people, including
 - 23 Household, stopped selling this product, correct?
 - 24 A. What was the first part of your question?
- 11:33:37 25 Q. You have a sense -- you can't quantify for me, but

- 1 nevertheless you have a sense that there was a point in
- 2 history where various lenders sold this product; and then
- 3 there was a later point in history where various lenders
- 4 stopped selling this product, correct?
- 11:33:53 5 A. Yes.
 - 6 Q. And when people were selling this product, Household sold
 - 7 it; and at a later point when people weren't selling this
 - 8 product, Household stopped selling it, correct?
 - 9 A. I mean, I don't have the basis for saying yes to that. I
- 11:34:08 10 don't know at what point Household stopped selling it versus
 - 11 everyone else stopping selling it.
 - 12 Q. Okay. You have a basis for saying no to that?
 - 13 A. No, I don't have a basis for being able to put Household's
 - 14 decision to stop selling it in context with everyone else.
- 11:34:23 15 Q. Fair enough. Fair enough. On that we'll have to ask
 - 16 somebody who actually knows, right? Mr. Gilmer, for instance?
 - 17 A. You'll have to ask somebody other than me, whoever you
 - 18 want.
 - 19 Q. Okay. Now, from the period of mid 1999 through 2001, were
- 11:34:47 20 there states that prohibited the sale of single premium credit
 - 21 insurance?
 - 22 A. Yes.
 - 23 Q. How many?
- 24 A. Well, I know there were many, but I don't know the exact
- 11:35:03 25 number.

- 1 it's a five-year prepayment penalty, then it would be
- 2 considered illegal under the Deceptive Trade Practices Act.
- 3 So anything that's legal, either under the statute or under
- 4 the Deceptive Trade Practices Act, would not be predatory. So
- 11:43:31 5 I think I'm consistent on that.
 - 6 Q. Okay. And while we're talking on the subject of credit
 - 7 insurance, the question of whether or not Household disclosed
 - 8 to its shareholders that it sold credit insurance, that's
 - 9 outside the scope of what you were asked to look at; isn't
- 11:43:48 10 that correct?
 - 11 A. Yes.
 - 12 Q. All right.
 - Go back to the chart, please.
 - 14 The next item there on your demonstrative is failure
- 11:44:03 15 to properly disclose. Do you see that?
 - 16 A. I do.
 - 17 Q. This was also something that you found to be widespread
 - 18 and systemic and companywide?
 - 19 A. Yes.
- 11:44:15 20 Q. Okay. How many instances of this did you find in your
 - 21 review of the 40 Bankers Boxes?
 - 22 A. Well, I didn't count them specifically.
 - 23 Q. Well, whether you counted them specifically, do you think
 - 24 there were 16,000 of them?
- 11:44:29 25 A. 16,000? I'm sure I didn't find 16,000.

- 1 Q. 15,000?
- 2 A. I didn't count them. I have --
- 3 Q. Are you under the impression you found 15,000?
- 4 A. I have no way of giving you a specific number. I found
- 11:44:41 5 them in a number of states. I looked at the regulatory
 - 6 material, which also told me that the regulators agreed with
 - 7 my opinion that it was systemic because they were coming from
 - 8 a variety of states.
 - 9 Q. But you didn't find examples of this problem that impacted
- 11:45:01 10 anywhere near even one-half of 1 percent of Household's 3.2
 - 11 million outstanding consumer loans, correct?
 - 12 A. Well, this is like the complaint ratio analysis. If I
 - 13 found deception in 50 instances across the country as a
 - 14 regulator, that would concern me; and I would conclude that
- 11:45:24 15 it's a widespread practice if it's happening in a
 - 16 geographically dispersed area. But I didn't sit down and
 - 17 figure out a ratio percentage because I don't find that to be
 - 18 persuasive.
 - 19 Q. I listened to what you said about ratios. That's why I'm
- 11:45:42 20 not asking you about percentages. I appreciate what you said.
 - 21 What I'm asking you about, however, is raw numbers.
 - 22 You didn't find anything remotely approaching 16,000 instances
 - 23 of failure to properly disclose, did you?
 - 24 A. I didn't count them, but I'm sure I didn't find 16,000.
- 11:45:57 25 Q. Right. I listened pretty carefully to your testimony, and

- 1 Q. And you're not offering any testimony on whether or not
- 2 the fact that Household used prepayment penalties was or was
- 3 not disclosed to Household's investors, correct?
- 4 A. Yes.
- 11:56:52 5 Q. Do you have any knowledge on that subject?
 - 6 A. No.
 - 7 Q. Okay. The next subject up there is excessive points and
 - 8 fees. And, again, this is something you found to be
 - 9 widespread, systemic and companywide?
- 11:57:19 10 A. Yes.
 - 11 Q. How many instances of this problem did you see in the
 - 12 various documents you looked at?
 - 13 A. I didn't count the number of instances for any of these
 - 14 activities. So my answer is the same. I didn't count the
- 11:57:37 15 number of times that Household charged excessive fees.
 - 16 Q. But whatever number it was, it was nothing remotely
 - 17 approaching 16,000 times, correct?
 - 18 A. I didn't count them, so I don't know what the number would
 - 19 be, plus I only looked at a subset of, you know, the total
- 11:57:56 20 loans obviously. I didn't look at every loan they made over
 - 21 that course of time.
 - 22 Q. But you looked at everything you wanted to look at, right?
 - 23 A. Yes, I looked at everything I felt like I needed to look
 - 24 at.
- 11:58:06 25 Q. And you looked at everything you felt you needed to look

- 1 at to come here and give this jury your opinion, correct?
- 2 A. Yes.
- 3 Q. And having done that -- and let me back up.
- I certainly didn't put any restrictions on what you
- 11:58:19 5 could look at, did I?
 - 6 A. No.
 - 7 Q. Okay. Having done that, you're unable to say that the
 - 8 rate or the number -- I apologize. I take your point about
 - 9 ratios -- the number of instances of excessive points and fees
- 11:58:34 10 is anywhere remotely close to one-half of 1 percent of the
 - 11 volume of Household's loans outstanding, correct?
 - 12 A. I didn't count them, so I have no way of being able to
 - 13 answer that question.
 - 14 Q. Yes, you do. You can say, no, I can't say it's anywhere
- 11:58:50 15 near one-half of 1 percent, correct?
 - 16 MR. DROSMAN: Objection, your Honor, argumentative.
 - 17 THE COURT: Sustained.
 - MR. KAVALER: Okay.
 - 19 BY MR. KAVALER:
- 11:59:02 20 Q. Now, you testified on this subject that Household charged
 - 21 points within what the state would allow, correct?
 - 22 A. I think I -- I think my testimony was not exactly that.
 - 23 Q. Let me read you your testimony. This is from Page 441,
 - 24 Lines 9 to 13 of this trial transcript from two days ago.
- 11:59:22 25 One is they would -- it was their goal to charge 7 to

- 1 Household; and there was a dialogue, right?
- 2 A. Well, that's an interesting way to describe it, a
- 3 dialogue.
- 4 Q. Well, did you see any documents reflecting Household's
- 01:42:27 5 dialogue with the State of California on this subject?
 - 6 A. I did.
 - 7 Q. And did you see that Mr. Detelich and Mr. Schneider met
 - 8 with representatives of the California Department of
 - 9 Corporations to discuss the AMTPA prepayment penalty late fee
- 01:42:43 10 preemption situation, and someone came and reported that the
 - 11 meeting went very well and that the response from the
 - 12 Department of Corporations was guardedly positive for the
 - 13 prepayment penalty provision and the State of California did
 - 14 not object to the preemption? Did you see that document?
- 01:43:00 15 A. Well, I think what that document said was that they were
 - 16 going to look into it further. I don't think that document
 - 17 that you're reading from, if it's the same one I remember,
 - 18 said that they blessed it.
 - 19 My impression after reading that document was, they
- 01:43:13 20 went in and talked about it. California said -- and I used to
 - 21 do this as a regulator too -- well, I can't think of anything
 - 22 at the moment, but let me do some further research; you send
 - 23 me some additional material. And I don't have a letter or
 - 24 anything from California that blessed it.
- 01:43:30 25 Q. All right. Let's look at that document. It's Defendants'

- 1 Exhibit 219.
- MR. KAVALER: May I approach the witness, your Honor?
- 3 THE COURT: Yes.
- 4 (Tendered.)
- 01:43:41 5 BY MR. KAVALER:
 - 6 Q. Is this the document you were thinking of?
 - 7 A. Yes, it is.
 - 8 Q. Okay. And there's a memo at the bottom, an e-mail from
 - 9 Patrick Zenzola, government relations, California. And he
- 01:44:04 10 sends it to a bunch of people, including Mr. Detelich,
 - 11 Ms. Allcock, Mr. Schneider, Ms. Curtain and other people.
 - 12 Do you see that?
 - 13 A. Yes.
 - 14 Q. And the first paragraph says, Tom Detelich, Tom Schneider
- 01:44:17 15 and I met with representatives of the California Department of
 - 16 Corporations on Monday to discuss the AMTPA prepayment
 - 17 penalty/late fee preemption. The meeting went very well. The
 - 18 response from the DOC was guardedly positive for the
 - 19 prepayment penalty preemption. They did not object to the
- 01:44:39 20 preemption.
 - 21 Do you see that?
 - 22 A. I do.
 - 23 Q. Okay. And this is Household having a dialogue with the
 - 24 State of California about this situation, correct?
- 01:44:47 25 A. Yes. But the remainder of the sentences go to what I was

- 1 talking about, which is they went into California; they said
- 2 this is what we want to do; California said we don't see
- 3 anything at the moment, but we want you to send us additional
- 4 information.
- 01:45:05 5 I did not see a follow-up from this discussion where
 - 6 California blessed it. In fact, I think California
 - 7 participated in the settlement regarding prepayment
 - 8 penalties -- well, I guess that was a couple of years later.
 - 9 O. But this document reflects Household executives meeting
- 01:45:25 10 with California and openly and freely discussing the
 - 11 situation, putting forth their position, listening to
 - 12 California's position and being responsive, correct?
 - 13 A. Yes. And, I mean, that's what this says. This is what I
 - 14 would expect to have seen in every state because normally when
- 01:45:44 15 you're going to do something that may violate state law, you
 - 16 go to the regulators first and you get them to bless it. And
 - 17 I didn't see that in all the states, and I didn't see what the
 - 18 final outcome was of this.
 - 19 Q. "I didn't see" is another way of saying I have no
- 01:46:00 20 information to give this jury on that subject, right?
 - 21 A. Say that again.
 - 22 Q. Sure. When you say I didn't see something, that means I
 - 23 have no substantive testimony to give this jury on that
 - 24 subject? I'm not here to say you did it right; I'm not here
- 01:46:12 25 to say you did it wrong; I just don't know?

- 1 A. Well, I thought you asked me if I saw where they met with
- 2 California and they blessed them doing this particular thing.
- 3 Q. I don't believe I used the word "blessed."
- 4 A. And I said, no, I didn't see that.
- 01:46:28 5 Q. If that's what you heard, I apologize for any confusion I
 - 6 might have caused. I don't think I used the word "blessed."
 - 7 I asked about a dialogue.
 - 8 They were having a dialogue with California, correct?
 - 9 A. Yes, if you want to couch it like that, a dialogue.
- 01:46:43 10 Q. And you weren't at that meeting?
 - 11 A. No, I wasn't.
 - 12 Q. Mr. Detelich and Mr. Schneider were at that meeting?
 - 13 A. That's what it says here.
 - 14 Q. Right.
- 01:46:55 15 A. I have no way of knowing.
 - 16 Q. But you have no reason to doubt it?
 - 17 A. I mean, I have no -- no knowledge whatsoever if they were
 - 18 there or not.
 - 19 Q. Okay. Let's go to loan flipping. I think that's the next
- 01:47:07 20 one.
 - 21 You said loan flipping is simply continuous
 - 22 refinances, correct?
 - 23 A. Yes.
 - Q. And you said each time Household would refinance a loan,
- 01:47:22 25 they would flip a loan?

- 1 A. I don't know if I said each time. Are you reading from my
- 2 testimony?
- 3 Q. I'm reading from your testimony in this courtroom on March
- 4 31, at Page 444, Line 24 to Page 445, Line 1. Quote: Each
- 01:47:43 5 time Household would refinance a loan, they would flip a loan.
 - 6 Is that what you meant to say?
 - 7 A. Well, I guess what I meant to say was, in doing loan
 - 8 flipping, they would refinance a loan and add more fees and
 - 9 products. I'm sure that in all the loans that they made, we
- 01:48:04 10 could find one or two or how many ever where they refinanced
 - 11 that it wasn't considered loan flipping. But a lot of the
 - 12 documents that I've looked at had loans refinanced more than
 - one time, where they would add the points all over again and
 - 14 they would add the insurance premiums all over again. And
- 01:48:25 15 that's what I was referring to there.
 - 16 Q. So your position is not it's each time, but it's a very
 - 17 high level of incidence?
 - 18 A. Where they were doing loan flipping.
 - 19 Q. That's what I'm trying to find out. What you testified
- 01:48:37 20 is, each time Household would refinance a loan, they would
 - 21 flip a loan.
 - 22 Let's start with refinance. A refinance means a
 - 23 customer has a loan. He comes back to the same lender, and he
 - 24 comes out with a new loan with new terms; and he pays whatever
- 01:48:50 25 costs are associated with that, correct?

- 1 A. Right.
- Q. That's a common practice, isn't it?
- 3 A. Yes.
- 4 Q. Is --
- 01:48:55 5 A. It's not a common practice to charge points all over again
 - 6 or it's not a common practice to add insurance all over again
 - 7 or every time or as many times as you can. That's the
 - 8 difference between just doing a refinance and actually doing a
 - 9 predatory loan flipping. That was sort of the distinction I
- 01:49:14 10 was just trying to make to you just now.
 - 11 Q. So you have no quarrel with a plain vanilla refinance,
 - 12 right?
 - 13 A. Right.
 - 14 Q. What percentage of Household loans are you now saying --
- 01:49:23 15 what percentage of Household refinances are you now saying
 - 16 constitute flipping?
 - 17 A. I don't know the number, but I do know that when they
 - 18 looked at it internally for refunding for loan flipping, it
 - 19 came out to -- I think it was \$60 million. So it was a large
- 01:49:39 20 number of loans that they flipped.
 - 21 O. But yesterday it sounded like you were saying it was a
 - 22 hundred percent; today it sounds like you're off the hundred.
 - 23 I'm trying to find out where you are now.
 - 24 A. I don't know what the exact number is. But based on
- 01:49:52 25 internal documents at Household with how much they calculated

- that they were going to have to refund for loan flipping,
- which totaled \$60 million, I'm assuming that it's a large
- 3 number. Now, what the exact number is, I don't know. I did
- 4 not calculate the specific number of loan flippings or equity
- 01:50:12 5 strippings or anything like that. I didn't feel that was
 - 6 necessary for me to reach conclusions regarding whether they
 - 7 did or did not do predatory lending.
 - 8 Q. But certainly if what anyone took from your testimony
 - 9 yesterday that -- when you said each time Household would
- 01:50:26 10 refinance a loan, you're clearly saying today you didn't mean
 - 11 each time?
 - 12 A. Well, I think I was talking in context of loan flipping.
 - 13 And so if you take sentences in isolation, it's easy to, you
 - 14 know, decide what you're going to say about it. But what I
- 01:50:44 15 think I was referring to in this section was loan flipping.
 - 16 And where they were loan flipping, each time they did a
 - 17 refinance, they would add those points and fees.
 - 18 Q. So taking sentences in isolation doesn't give you a fair
 - 19 view of what was actually said; is that your point?
- 01:51:02 20 A. No. I'm just saying you have to take it in context of
 - 21 what you're saying. And that's what I tried to do in this
 - 22 case, where I tried to look at as many documents as I could.
 - 23 Of course, I didn't look at every single one. I understand
 - 24 that. But I tried to look at quite a few so I could draw some
- 01:51:17 25 conclusions.

- 1 Q. Taking it in context, as you just said, would be like
- 2 looking at the entire company to make a judgment about what
- 3 kind of company it was as opposed to looking at things that
- 4 exist up and in one-half or less of 1 percent of the company's
- 01:51:32 5 operations; would you agree with that?
 - 6 A. Well, you're focused on the percent or the number of
 - 7 complaints or the number of loans or whatever you're saying.
 - 8 I took a broader view of that, and I looked at the type of
 - 9 lending practices they engaged in. I looked at what their
- 01:51:49 10 training was. I looked at what their -- how were their
 - 11 employees compensated. I looked at the internal audit. I
 - 12 looked at their compliance function. I looked at complaints.
 - 13 I looked at the investigations and the examinations by the
 - 14 regulators.
- 01:52:04 15 So I looked at and used the methodology that I would
 - 16 use as a bank regulator. When we would go in to examine First
 - 17 National Bank of Chicago, for example, it was impossible for
 - 18 us to look at every single solitary loan that they had. So we
 - 19 had to make some judgments as far as how many loans we were
- 01:52:25 20 going to look at, how many, you know, depository accounts we
 - 21 were going to look at so that we could check compliance with
 - 22 the laws. And where we found problems, we would expand that.
 - 23 And so it -- it -- it -- that sort of an analysis doesn't lend
 - 24 itself to calculating the exact number of loans in each of
- 01:52:50 25 those categories. I looked at a much broader spectrum of

- 1 things for the company.
- 2 Q. I think the next thing on your list was blocking the back
- 3 door. And the last thing on your list. Okay. We're making
- 4 progress.
- 01:53:10 5 And you said that if Household makes a loan and the
 - 6 customer only stays for a short time, they're not going to be
 - 7 as profitable as if the customer would stay and pay, correct?
 - 8 A. Are you reading from my testimony?
 - 9 Q. I am reading from the trial transcript on March 31 at Page
- 01:53:31 10 464, Line 21 to 465, Line 1. The question was:
 - 11 Question: Why is that significant to your opinion?
 - You said, Answer: Well, because Household is in the
 - 13 business of making loans. And if they make a loan and the
 - 14 customer only stays for a short time, you know, they are not
- 01:53:46 15 going to be as profitable as they would be if the customer
 - 16 would stay and pay. I left out the "you know?"
 - 17 A. Thank you for doing that. So -- and your question is?
 - 18 Q. The question is: Do you recall that testimony?
 - 19 A. Yes.
- 01:53:59 20 Q. Okay. When you talk about the profitability of customers,
 - 21 you're talking about the profitability to the owners of the
 - 22 company, which is the investors, correct?
 - 23 A. When I made that statement, I was focused on the amount of
 - 24 income that Household was going to generate. And ultimately
- 01:54:25 25 when you talk about the company, you talk about its investors,

- 1 I suppose. That's not generally what I focus on. But, yes.
- 2 But here I was just trying to discuss the income stream of the
- 3 company.
- 4 Q. You say that's not generally what you focus on. You've
- 01:54:43 5 never been the CEO of a public company, have you?
 - 6 A. Not the CEO.
 - 7 Q. You don't know what Mr. Aldinger focused on during the
 - 8 years he was CEO of Household?
 - 9 A. Well, I know Household focused on growth in the 1999, you
- 01:54:59 10 know, to 2000 time frame. But, of course, every company has
 - 11 to focus on profitability, whether you're publicly traded or
 - 12 not, because otherwise you would go out of business.
 - 13 Q. There you go.
 - And so that's what you were saying here, that --
- 01:55:17 15 let's talk -- a profitable loan is better for the company,
 - 16 better for the shareholders, better for everybody than an
 - 17 unprofitable loan, correct?
 - 18 A. Yes. And from my standpoint, a sound loan is better for
 - 19 the company than an unsound loan or a good loan is better than
- 01:55:35 20 a bad loan because if it's a bad loan, you don't get paid.
 - 21 Q. And you mentioned the word income. In addition to income,
 - 22 the company has to focus on costs, right?
 - 23 A. You mean just generally their costs or --
 - 24 Q. Sure.
- 01:55:52 25 A. Sure.

- Q. And profit is the difference between income and costs?
- A. Income less expenses, right.
- 3 Q. Okay. And do you understand that when a loan is priced,
- 4 the company takes into account certain costs, including the
- 01:56:10 5 cost of getting that money it's going to lend -- if it's not a
 - 6 bank, it doesn't have deposits -- and it makes certain
 - 7 assumptions as to how long the loan will last?
 - 8 A. Yes.
 - 9 Q. Okay. And let's assume they've -- they've assumed a
- 01:56:25 10 length of five years, and the customer pays off after one
 - 11 year. The company will not make the profit it assumed it
 - 12 would make on that loan, correct?
 - 13 A. Yes.
 - 14 Q. Okay. So to protect the profit for the company's
- 01:56:37 15 shareholders, the company has two choices. They can raise the
 - 16 prices to all borrowers thereby increasing income and then one
 - 17 borrower or another will pay off early and so be it and the
 - 18 company will still make enough profits for its shareholders
 - 19 because everybody pays more; or they could try to focus the
- 01:56:58 20 incremental cost on the fellow who pays off early, correct?
 - 21 A. I just have never seen something like that. I've seen
 - 22 other frameworks, but I'm not familiar with that.
 - 23 Q. You're not familiar with what I'm describing?
 - 24 A. Well, I understand what you're trying to say; but the
- 01:57:20 25 specifics of what you're saying, I haven't --

- 1 Q. Okay.
- 2 A. -- ever heard a lender say that we are focusing on people;
- 3 we're going to charge someone more if they pay off early.
- 4 I've never heard that before.
- 01:57:34 5 Q. Do you know what that's called in the lending trade?
 - 6 A. I don't know.
 - Q. Prepayment penalty. Have you ever heard that?
 - 8 A. I've heard the term prepayment penalty.
 - 9 Q. Isn't what I just told you, the business case for a
- 01:57:49 10 prepayment penalty is to focus the cost of an early
 - 11 termination of a loan on the person who causes that loss in
 - 12 revenue without focusing the cost on all the other borrowers
 - 13 who are not causing any loss in anticipated revenue?
 - 14 A. I guess you could explain it like that. I've never heard
- 01:58:07 15 a lender say that before. But, I mean, I guess you can couch
 - 16 it like that.
 - 17 Q. And you understand that the market niche of a finance
 - 18 company, Household and others, starts off with people
 - 19 who major banks like Wells Fargo don't choose to lend to
- 01:58:37 20 because they don't have the credit criteria that that bank is
 - 21 looking for?
 - 22 A. Right.
 - 23 Q. Okay. Now, in looking at these various documents, did you
 - 24 come across a document where Mr. Gilmer put out his list of
- 01:59:06 25 predatory practices, which might be similar to, might be

- 1 different than this?
- 2 I'm sorry. Are you okay?
- 3 A. I'm okay.
- 4 Q. You need a break or something?
- 01:59:17 5 A. No. I can keep going. I just might cough a little.
 - 6 Q. Did you come across a list of Mr. Gilmer's assembly of
 - 7 practices he thought were predatory?
 - 8 A. I saw several memos from him where he discussed predatory
 - 9 lending practices. I'm not sure I know what you're referring
- 01:59:37 10 to.
 - 11 Q. Let me show you Defendants' 29 -- I'm sorry, 209.
 - 12 I'll ask you if this is one of the memos of
 - 13 Mr. Gilmer's that you recall seeing?
 - 14 A. I do.
- 02:00:00 15 Q. Okay. Let's go through it together. It's dated May 1,
 - 16 2000. And it was sent to all Household employees, correct?
 - 17 A. Yes.
 - 18 Q. And the subject is predatory lending. Mr. Gilmer writes,
 - 19 Predatory lending is a very high-profile subject in the
- 02:00:13 20 financial services industry today; and, unfortunately, there
 - 21 is some good reason for that. Clearly, some companies,
 - 22 although few in number, have committed outrageous acts that
 - 23 appear to have been driven by greed. As I mentioned in an
 - 24 earlier note to you, our aim and, frankly, our commitment is
- 02:00:34 25 to drive these unscrupulous players from our business. You

- 1 may rest assured that we are doing all we can, including
- 2 forming coalitions and working with our friends in the state
- 3 and federal legislative branches, to curb their activity. You
- 4 will be hearing more about these efforts in the coming weeks.
- 02:00:53 5 Do you see that?
 - 6 A. I do.
 - 7 Q. Okay. And then he goes on. He's got another paragraph
 - 8 there. I'll skip it in the interest of moving along. And
 - 9 then he says in the third paragraph, As you may know, there
- 02:01:04 10 are a few activities that are often mentioned in reports on
 - 11 predatory lending.
 - And then he goes on to say, Below I have listed these
 - 13 activities along with a brief description of each, as well as
 - 14 our internal policies that relate to each one. I thought you
- 02:01:20 15 might find the stark differences in these policies and
 - 16 processes interesting.
 - And the first bullet point he has is stripping. Do
 - 18 you see that?
 - 19 A. I do.
- 02:01:29 20 Q. He says, Stripping: The practice of making RE -- that's
 - 21 real estate?
 - 22 A. Yes.
 - 23 Q. Okay. Thank you. Practice of making real estate loans to
 - 24 customers where the lender, using a variety of unscrupulous
- 02:01:41 25 tactics, hopes to ultimately foreclose on property, sell it

- 1 and pocket the equity. HFC -- that's Household Finance
- 2 Corporation?
- 3 A. Yes.
- 4 Q. HFC/Beneficial policy: We do not permit hard equity
- 02:01:57 5 loans.
 - 6 Do you see that?
 - 7 A. I do.
 - 8 Q. He's writing this to all Household employees in May of
 - 9 2000, correct?
- 02:02:04 10 A. Yes.
 - 11 Q. He says, In every case, we review our customers'
 - 12 circumstances and conclude that the customer has the intent
 - and the ability to repay the debt. Further, every effort is
 - 14 made to avoid foreclosure, to include renegotiations of terms,
- 02:02:23 15 payment extensions, et cetera. Finally, in those few
 - 16 circumstances when foreclosure becomes our only alternative,
 - 17 we always refund any and all excess funds, parenthesis, any
 - 18 money from the sale of the property in excess of the amount
 - 19 necessary to clear the debt, close parenthesis, back to the
- 02:02:45 20 borrower.
 - 21 Do you see that?
 - 22 A. I do.
 - 23 Q. He is stating Household's policy on this subject to all
 - 24 employees?
- 02:02:52 25 A. That's what he's saying, yes.

- 1 Q. I agree.
- Next bullet point, packing.
- 3 A. I don't necessarily agree with it, but that's what it says
- 4 here.
- 02:03:00 5 Q. That was my question. He is stating Household's policy to
 - 6 all employees as of May 2000, correct?
 - 7 A. Well, he's stating what he's stating. What I have said in
 - 8 my prior testimony and in the reports is that I don't think
 - 9 that they don't do equity stripping.
- 02:03:21 10 Q. Nevertheless, this is Mr. Gilmer writing to every single
 - 11 employee in the company telling them what the company's policy
 - 12 is, correct?
 - 13 A. Well, he's saying what he's saying in this memo.
 - 14 Q. The next bullet point says, Packing: The practice of
- 02:03:39 15 requiring a customer to accept credit -- I'm sorry -- to
 - 16 accept credit-related insurance as a condition for obtaining a
 - 17 loan or hiding the fact that insurance is a part of the
 - 18 transaction.
 - And underneath that, he says, HFC/Beneficial policy:
- 02:03:55 20 Under no circumstances will we ever require customers to buy
 - 21 credit insurance from us as a condition for obtaining a loan.
 - 22 Beyond that, our customers receive a 30-day free look, during
 - 23 which time they may cancel their insurance and obtain a full
 - 24 refund. Beyond that, a customer may cancel insurance at any
- 02:04:17 25 time and receive a refund of all unearned premiums.

- 1 Again, this is Mr. Gilmer in May of 2000 saying this
- 2 to all Household employees, correct?
- 3 A. Well, that's what it says here.
- 4 Q. Flipping, next bullet. The practice of rapidly renewing
- 02:04:36 5 RE secured loans, each time collecting points, parenthesis,
 - 6 sometimes 20 or more, close parenthesis, on the full amount
 - 7 financed for the purpose of gouging customers.
 - 8 HFC/Beneficial policy: Rapid refinancing of RE loans
 - 9 for this purpose is forbidden. Further, the maximum number of
- 02:04:58 10 points allowed under any circumstance is seven and a half.
 - 11 Beyond that, for loans refinanced within a year, our policy
 - 12 prohibits charging any points whatsoever on the refinanced
 - 13 amount.
 - 14 Do you see that?
- 02:05:14 15 A. I do.
 - 16 O. That's Mr. Gilmer telling every single Household employee
 - in May of 2000 that that's our policy, that's the company's
 - 18 policy, correct?
 - 19 A. Well, this is what he's writing to them, yes.
- 02:05:26 20 Q. Okay. And then he says, As you can see from this summary,
 - 21 we stand far apart from the unscrupulous lenders that we've
 - 22 all read about in the press. In fact, HFC/Beneficial is often
 - 23 cited as, quote, the standard, close quote, for high ethics
 - 24 and fair customer dealings by our regulators and legislators.
- 02:05:50 25 I know that you share my pride in our position and will

- 1 support our efforts to maintain our standing in the years
- 2 ahead.
- 3 And that's also what he wrote to every single
- 4 employee of the company on May 1, 2000, correct?
- 02:06:03 5 A. That's what the memo stated, yes.
 - 6 Q. That's my question.
 - 7 Now, here's my next question: Did you ever see a
 - 8 memo from Mr. Gilmer to all the employees saying please ignore
 - 9 my memo of 5/1/00 and do something completely different; I
- 02:06:21 10 just sent that memo out so that I have it available to point
 - 11 to if someone said to me you're a predatory lender? Did you
 - 12 see a memo like that?
 - 13 A. No.
 - 14 Q. And Household had approximately 14,000 employees in this
- 02:06:36 15 particular business and 32,000 overall during these years?
 - 16 A. I don't know the exact number. I know you pointed it out
 - 17 in the 10-K. If you say so.
 - 18 Q. You have no reason to question what's in the 10-K?
 - 19 A. No.
- 02:06:51 20 Q. Did you ever see something that suggests to you Mr. Gilmer
 - 21 had a conference call with these 14,000 employees and said
 - 22 don't pay any attention to my memo?
 - 23 A. I didn't see anything that indicated he had a conference
 - 24 call with them.
- 02:07:03 25 Q. Did you see anything that indicated Mr. Gilmer went around

- the country meeting with these 14,000 people saying don't pay
- 2 attention to this memo?
- 3 A. I didn't see anything like that.
- 4 Q. And I think I heard you say a minute ago, this is one of
- 02:07:17 5 numerous memos that you saw from Mr. Gilmer to all the
 - 6 employees to the same general effect, correct?
 - 7 A. Well, I didn't say numerous; but I know there was at least
 - 8 three that I saw, one per year approximately during that time
 - 9 frame that I was looking at these documents.
- 02:07:35 10 Q. All right. We might get to look at some more, but I'll
 - 11 pass for the time being.
 - 12 A. I'm sorry?
 - 13 Q. I said we might get to look at some more, but for the
 - 14 moment, I'll pass on to something else.
- 02:07:48 15 I apologize. I take that back. Let me show you --
 - 16 let me ask you, you said you saw one of these a year. Did you
 - 17 see one entitled "ethical behavior" issued by Mr. Gilmer on or
 - 18 about October 3, 2001?
 - 19 A. I'll have to look at the memo --
- 02:08:19 20 Q. Absolutely.
 - 21 A. -- to tell you if I saw it or not.
 - 22 Q. Absolutely.
 - MR. KAVALER: Your Honor, may I approach.
 - Let the record reflect I'm handing the witness a copy
- 02:08:30 25 of Defendants' 165.

- 1 (Tendered.)
- 2 BY MR. KAVALER:
- 3 Q. And this is, again, to all consumer lending employees.
- 4 That's Mr. Gilmer's business group, correct?
- 02:08:41 5 A. I'm sorry? May I have a moment to look at this?
 - 6 Q. Sure. Take all the time you need to read this document.
 - 7 (Brief pause.)
 - 8 BY THE WITNESS:
 - 9 A. I'm not -- I don't think I saw this memo.
- 02:09:13 10 BY MR. KAVALER:
 - 11 Q. Let me see if I can refresh your recollection. Focus on
 - 12 the bottom paragraph because there's some distinctive words in
 - 13 there you might recall.
 - 14 A. Okay.
- 02:09:22 15 Q. He says, Let me say, I take pride in the fact that 99.9
 - 16 percent of our people uphold and support our company
 - 17 standards. As I have communicated before, I also take pride
 - 18 in the fact we maintain a zero tolerance for inappropriate and
 - 19 unethical behavior and demonstrate that with swift action.
- 02:09:42 20 The introduction of the employee integrity tip line is simply
 - 21 an additional tool you can use to help us maintain our great
 - 22 company name.
 - Do those words refresh your recollection that you saw
 - 24 this memo?
- 02:09:54 25 A. I don't think I did. But I know that he sent out a few

- 1 that were similar to this.
- 2 Q. Right. And the phrase "zero tolerance" was one that he
- 3 used quite frequently?
- 4 A. I don't remember that.
- 02:10:04 5 Q. Okay. And you understand the phrase "demonstrate with
 - 6 swift action" means people who violate his policies will be
 - 7 punished?
 - 8 A. Well, that would be a good explanation of it, I think.
 - 9 Q. And, in fact, from your review of the documents, you know
- 02:10:19 10 that people who violated Household's policies were, in fact,
 - 11 punished?
 - 12 A. I didn't hear the last part of your question. Were what?
 - 13 Q. I'm sorry. You know from your review of the documents
 - 14 that people who violated Household's policies in this area
- 02:10:35 15 were, in fact, punished by Household?
 - 16 A. I did see a few of those documents.
 - 17 Q. All right. Including some people being fired?
 - 18 A. I saw one or two of those, I think.
 - 19 Q. Including instances where the account executive who made a
- 02:10:52 20 bad loan was fired and sometimes the branch manager who
 - 21 supervised that account executive was also fired?
 - 22 A. I can't remember their positions, but I did see a handful
 - 23 of those types of documents.
 - Q. And that was for violating Household's policies as
- 02:11:07 25 articulated by Mr. Gilmer and others?

- 1 A. Yes.
- 2 Q. Okay. Now, you talked yesterday about a person named
- Andrew Kahr -- I'm sorry -- the day before yesterday, I think
- 4 it was. Anyway, in the last couple of days, you told us about
- 02:12:00 5 Andrew Kahr, correct?
 - 6 A. Yes.
 - 7 Q. And you told us he was a founder of a company called
 - 8 Providian, correct?
 - 9 A. Yes.
- 02:12:06 10 Q. He was not a founder of Household?
 - 11 A. No, not that I know of.
 - 12 Q. Well, you know Household is 125 years old, don't you?
 - 13 A. Is it 125 years old? I don't know if I knew that.
 - 14 Q. Assuming that's true, then you don't think he was a
- 02:12:19 15 founder of Household?
 - 16 A. I'm not sure how old he is really.
 - 17 Q. Okay. And Providian is not a company related to
 - 18 Household?
 - 19 A. No.
- 02:12:29 20 Q. All right. So he was the founder of some other company.
 - 21 And he was -- I think I might have asked you this. If I did,
 - 22 I apologize. I'm getting senile in my old age. He was not a
 - 23 senior executive of Household?
 - 24 A. He was a consultant for Household.
- 02:12:42 25 Q. Not an employee?

- 1 A. No.
- 2 Q. So if you were drawing a table of organization -- do you
- 3 know what a table of organization is?
- 4 A. Yes.
- 02:12:49 5 Q. If you were drawing a table of organization for Household,
 - 6 where would you put him on it?
 - 7 A. Well, you could put him on a dotted line to Mr. Gilmer or
 - 8 something like that. Sometimes you see consultants on there
 - 9 or not at all.
- 02:13:01 10 Q. Not at all or a dotted line. What does a dotted line
 - 11 usually mean?
 - 12 A. Well, that they're either not an employee or they are
 - 13 reporting sort of outside the framework.
 - 14 Q. And on this table of organization of Household as you
- 02:13:14 15 understand it, where would you put Mr. Aldinger?
 - 16 A. Above Mr. Gilmer.
 - 17 Q. At the top?
 - 18 A. Yes.
 - 19 Q. You certainly wouldn't put Mr. Kahr at the same level as
- 02:13:34 20 Mr. Aldinger, would you?
 - 21 A. Well, I mean, you asked me where you would put him on an
 - 22 org chart. And I would think it would only make sense if he's
 - 23 not an employee to put him on a dotted line reporting to
 - 24 Mr. Aldinger or Mr. Gilmer because I think he was actually
- 02:13:51 25 hired to promote the growth for the finance --

- 1 Q. For giving advice?
- 2 A. Consumer finance.
- ٦ Yes.
- 4 Q. By giving advice, not by running the company?
- 02:13:57 5 A. No, no. And that's not what I'm saying.
 - 6 Q. Now, you read to the jury from Plaintiffs' Exhibit 1388,
 - 7 which is in evidence, which is an article about Mr. Kahr's
 - 8 company, Providian, in the San Francisco Chronicle.
 - 9 Do you remember that?
- 02:14:18 10 A. Yes.
 - 11 Q. That's the article that's up there on the screen now.
 - 12 And this article says various negative things about
 - 13 Mr. Kahr, correct?
 - 14 A. Yes.
- 02:14:29 15 Q. And the point of that was to say that when Household
 - 16 engaged Mr. Kahr, they should have been aware of these things?
 - 17 MR. DROSMAN: Objection, calls for speculation.
 - 18 THE COURT: Overruled.
 - 19 BY THE WITNESS:
- 02:14:50 20 A. So -- can you ask me the question again?
 - 21 BY MR. KAVALER:
 - 22 Q. Sure. The point of your reading from this article was to
 - 23 suggest that when Household engaged Mr. Kahr as a consultant,
 - 24 they should have been aware of its contents?
- 02:15:02 25 A. Are you saying the contents of the article?

- 1 Q. Sure.
- 2 A. Well, the article was dated in 2002, which was sort of
- 3 towards the end of when Mr. Kahr was helping them.
- 4 Q. It was four years after you testified that they engaged
- 02:15:17 5 him as a consultant, right?
 - 6 A. They engaged him at the end -- or, well, three, three and
 - 7 a half. They engaged him at the end of 1998.
 - 8 Q. The article is dated May 5, 2002, correct?
 - 9 A. I can't see the date, but, yes, 2002.
- 02:15:30 10 Q. Okay.
 - 11 A. Yes.
 - 12 Q. So Mr. Aldinger couldn't possibly have read this article
 - 13 before Household engaged Mr. Kahr, correct?
 - 14 A. Well, it hadn't been written yet.
- 02:15:39 15 Q. The answer is correct?
 - 16 A. Yes.
 - 17 Q. And Mr. Schoenholz couldn't have read this article before
 - 18 Household engaged Mr. Kahr?
 - 19 A. Right.
- 02:15:45 20 Q. And Mr. Gilmer couldn't have read this article before
 - 21 Household engaged Mr. Kahr?
 - 22 A. Right.
 - 23 Q. And you have no reason to believe Mr. Aldinger,
 - 24 Mr. Schoenholz or Mr. Gilmer ever read this article, correct?
- 02:15:55 25 A. I have no idea if they read it or not.

- 1 Q. You don't know whether they read it or not. For all you
- 2 know, the first time they ever saw it was yesterday on the
- 3 screen?
- 4 A. Well, unless they were following Mr. Kahr because right
- 02:16:08 5 after this, there were some internal memos saying that they
 - 6 wanted to start -- they blocked Mr. Kahr's e-mail; and they
 - 7 deleted all of the e-mails internally regarding Mr. Kahr. And
 - 8 then -- I don't know if it was Mr. Aldinger, one of the senior
 - 9 officials, said we better get rid of all the memos too. So I
- 02:16:29 10 think someone at Household read this because right after that,
 - 11 they did a document destruction regarding Andrew Kahr.
 - 12 Q. The answer to my question is you don't know if any of them
 - 13 ever saw this memo earlier than yesterday, do you?
 - 14 A. I don't.
- 02:16:49 15 Q. Do you know how Mr. Kahr came to Household's attention?
 - 16 A. As I'm sitting here, I don't. I may have looking at the
 - 17 documents three years ago. But I just don't know sitting
 - 18 here.
 - 19 Q. I think you just told me you read a bunch of Mr. Kahr's
- 02:17:07 20 memos, correct?
 - 21 A. Yes.
 - 22 Q. We'll look at a couple in a minute.
 - Do you know what Mr. Kahr was famous for before he
 - 24 came to consult at Household?
- 02:17:16 25 A. Predatory lending practices at Providian.

- Q. Well, that would have been well known after this article
- 2 in May of 2005. Do you know what he was known for before
- 3 1998?
- 4 A. Well, his relationship with Providian. I don't know about
- 02:17:32 5 before that.
 - 6 Q. Did you ever hear of a company called Merrill Lynch?
 - 7 A. Yes.
 - 8 Q. Did you ever hear of a product called a cash management
 - 9 account?
- 02:17:40 10 A. Oh, I think that's described in here or in one of the
 - 11 articles, yes.
 - 12 Q. Do you know what a cash management account is?
 - 13 A. Yes, I do.
 - 14 Q. And today they're very prevalent in the finance industry.
- 02:17:51 15 It's the linkage of a credit card and a brokerage account.
 - 16 The credit card might be a debit account. You can use it as a
 - 17 checking account. It's very common, correct?
 - 18 A. Yes.
 - 19 Q. You're not as old as I am so you won't remember when it
- 02:18:02 20 first came out, but it was a big stir in the financial
 - 21 industry when Merrill Lynch rolled out the first one, wasn't
 - 22 it?
 - 23 A. I'm too young to remember that.
 - 24 (Laughter.)
- 02:18:11 25 BY MR. KAVALER:

- 1 Q. But you've heard of it?
- 2 A. I heard a tale at my father's knees.
- 3 Q. People older than you told you this?
- 4 A. Yes.
- 02:18:18 5 Q. And people who are in the finance business sometimes say
 - 6 it was a revolutionary moment in the finance industry; you've
 - 7 heard that?
 - 8 A. I haven't heard that, but --
 - 9 Q. And you've heard that the person who is credited with
- 02:18:29 10 having invented this product, this revolutionary product, at
 - 11 Merrill Lynch is Andrew Kahr?
 - 12 A. I have no knowledge about that except for what I read in
 - 13 that article about that he developed that product.
 - 14 Q. You were very kind enough to share with us the other
- 02:18:42 15 knowledge you got from that article yesterday, so you think
 - 16 the article is reliable, don't you?
 - 17 A. Yes.
 - 18 Q. So if the article says something about Merrill Lynch and
 - 19 the CMA, that rings a bell? You've heard that before?
- 02:18:54 20 A. Yes.
 - 21 Q. Would you describe Mr. Kahr as an innovator based on his
 - 22 invention of the cash management product at Merrill Lynch?
 - 23 A. You know, you could describe him as that.
 - 24 Q. Do you think senior managers of a company might think it's
- 02:19:08 25 a good idea to bring someone in to give them innovative

- thoughts which they can bat around?
- 2 A. Sure.
- 3 Q. Would you expect that a responsible company would
- 4 nevertheless put a fence around that guy because he's not an
- 02:19:20 5 employee or an officer and make sure that the guys who are
 - 6 employees and officers watch him and make sure he doesn't come
 - 7 up with any silly ideas?
 - 8 A. Sure.
 - 9 Q. You know that that's exactly what Household did, don't
- 02:19:31 10 you?
 - 11 Household surrounded Mr. Kahr with all of their
 - 12 senior management; and they said to him, you generate ideas
 - and we'll decide if they're right for Household because they
 - 14 need to be consistent with our culture and good for our
- 02:19:45 15 customers and good for our employees and good for our
 - 16 investors. And what happened was, in all these e-mails you
 - 17 read, Mr. Kahr constantly fought with senior management
 - 18 because he thought they wouldn't let him do what he wanted to
 - 19 do and they thought he was crazy.
- 02:20:02 20 Isn't that what happened?
 - 21 A. I didn't see anything that said "I think Mr. Kahr is
 - 22 crazy," so I have no knowledge of those last statements that
 - 23 you made.
 - 24 Q. Okay. Let's see what you did see.
- 02:20:15 25 A. Okay.

- 1 Q. Let's start with Plaintiffs' Exhibit 1007, which counsel
- 2 for the investors put up on the screen during the opening
- 3 statements.
- 4 MR. KAVALER: Your Honor, may I approach?
- 02:20:44 5 THE COURT: Yes.
 - 6 (Tendered.)
 - 7 BY MR. KAVALER:
 - 8 Q. This is a memo dated March 12, 2001, to files from
 - 9 Mr. Schoenholz. I know -- I don't believe you were here for
- 02:20:59 10 the opening statements, but you've seen this memo before,
 - 11 correct?
 - 12 A. Let me take a minute to look at it.
 - 13 Q. Please, please.
 - 14 A. And see if I've seen it.
- 02:21:05 15 (Brief pause.)
 - 16 THE COURT: While she's doing that, why don't we take
 - 17 just a couple of minutes to do a little switch here. We can
 - 18 stay right where we are, folks. It will just take a minute.
 - 19 (Brief pause.)
- 02:24:16 20 THE COURT: You may resume.
 - 21 MR. KAVALER: Thank you, your Honor.
 - 22 BY MR. KAVALER:
 - Q. Have you had enough time to read this document?
 - 24 A. I did.
- 02:24:22 25 Q. Okay.

- 1 And counsel for the shareholders read some portions
- 2 of it to the jury during his opening. He didn't read this
- 3 portion. Let me read it to you. It's in the bottom of the
- 4 second paragraph. It begins with the word "However."
- 02:24:33 5 "However, Andrew Kahr also made proposals that have
 - 6 not passed review by the Office of General Counsel and/or have
 - 7 not been viewed favorably by the senior business executives.
 - 8 Consequently, these proposals have never been implemented."
 - g Do you see that?
- 02:24:49 10 A. I see it.
 - 11 Q. You saw, in reviewing these various memos of Mr. Kahr's,
 - 12 that there was an ongoing tension between Mr. Kahr and other
 - 13 senior executives about a lot of his proposals, didn't you?
 - 14 A. You know, I didn't focus on that. I was just focusing on
- 02:25:06 15 what the proposals were.
 - 16 Q. Right.
 - 17 A. So --
 - 18 Q. I think another document that you showed us yesterday --
 - 19 and I'll come to it in a minute -- said that Mr. Kahr
- 02:25:16 20 originally made 60 proposals and it was whittled down to ten?
 - 21 A. I think that's right.
 - 22 Q. And of the ten, I think you told us two were implemented?
 - 23 A. I think more than two were implemented.
 - There were two on a listing of some, but I believe
- 02:25:31 25 there were more than two implemented.

- 1 Q. We'll get to that.
- But the point is: He was an idea generator who threw
- 3 out 60 ideas. At least 50 of them died, correct?
- 4 A. Yes.
- 02:25:40 5 Q. Some of them died as a result of some ugly memos back and
 - 6 forth between Mr. Kahr and senior executives of Household who
 - 7 said, in essence, "Not here you don't"; isn't that right?
 - 8 A. I don't know. I didn't see all those types of memos.
 - 9 Q. Well, you saw -- how many Kahr memos did you see?
- 02:26:00 10 A. I probably saw maybe five or so.
 - 11 Q. Let's see which ones you saw.
 - 12 Let me show you Plaintiffs' Exhibit 533. I believe
 - 13 this is one of the documents we looked at yesterday or the day
 - 14 before yesterday, correct?
 - 15 A. (No response.)
 - 16 Q. Correct?
 - MR. KAVALER: May I approach the witness, your Honor?
 - 18 THE COURT: You may.
 - 19 MR. KAVALER: Thank you.
 - 20 (Document tendered.)
 - 21 BY THE WITNESS:
 - 22 A. Thank you.
 - 23 BY MR. KAVALER:
 - 24 Q. So, this is a document investors' counsel showed to you
- 02:26:39 25 and you testified about a couple days ago?

- 1 A. Yes.
- 2 Q. Do you remember that?
- 3 A. Yes.
- 4 Q. Okay.
- 02:26:47 5 And it's to Joe Vozar, with copies to Paul Creatura,
 - 6 Gary Gilmer, Martha Pampel, Kay Curtin, Dave Schoenholz, Ken
 - 7 Robin and Susan Jewell.
 - 8 Do you know who Ken Robin is?
 - 9 A. I know who almost all these people are, but I can't
- 02:27:04 10 remember all their titles.
 - 11 Q. Let me see if I -- sorry.
 - 12 A. But you can tell me.
 - 13 Q. I'll try to refresh your recollection.
 - 14 A. Okay.
- 02:27:09 15 Q. Mr. Robin was the General Counsel of the company?
 - 16 A. Yes.
 - 17 Q. Susan Jewell was the Deputy General Counsel of the
 - 18 company?
 - 19 A. I'm not familiar with her.
- 02:27:18 20 Q. Okay.
 - 21 When I say "the company," I mean Household
 - 22 International, the parent, the public company.
 - 23 Kay Curtin was the General Counsel of Household
 - 24 Finance?
- 02:27:25 25 A. Yes.

- 1 Q. Do you recall that?
- 2 A. Yes.
- 3 Q. Martha Pampel was a lawyer on Kay Curtin's staff --
- 4 A. Yes.
- 02:27:32 5 Q. -- I believe.
 - 6 She might have been on Mr. Robin's staff.
 - 7 In any event, she was in the Law Department.
 - 8 All right.
 - And if you look down into the third paragraph, about
- 02:27:41 10 the third line beginning with "Since" -- there it
 - 11 is (indicating) -- he says, "Since I have been working
 - 12 personally with the HFC -- " that's Household Finance -- "and
 - 13 HI -- " that's Household International, correct?
 - 14 A. Yes.
- 02:27:59 15 Q. " -- lawyers on this, please let me handle any requests
 - 16 from you and HFC for legal approval of specific actions and
 - 17 forms relating to this project for the time being.
 - 18 "Please do not" -- underscored -- "put such requests
 - 19 into any routine legal approval process.
- 02:28:16 20 "I met with the lawyers on Friday and thanked them
 - 21 for their efforts, which have made this breakthrough
 - 22 possible."
 - 23 Do you see that?
 - 24 A. I do.
- 02:28:22 25 Q. And, then, in the next paragraph, three lines from the

- 1 Q. And there are many other regulators who don't share those
- 2 opinions, correct?
- 3 A. I'm not sure I understand. That didn't think they engaged
- 4 in predatory lending?
- 02:40:07 5 Q. Correct.
 - 6 A. There were a few states that issued reports that didn't
 - 7 show those types of violations. And I don't know how
 - 8 expansive their -- the scope of their -- examination.
 - 9 But, ultimately, all 50 states came to an agreement
- 02:40:25 10 with Household and fined them \$484 million for these predatory
 - 11 lending practices.
 - 12 So, ultimately, all of the states ended up signing
 - 13 onto that.
 - 14 Q. You reviewed a number of state regulatory exams of
- 02:40:40 15 Household, which were complimentary of Household, which you
 - 16 didn't mention in your direct testimony, correct?
 - 17 A. Not a number. I know there were a few that I reviewed,
 - 18 that had violations of other types of things, but not of
 - 19 predatory -- you know, the types of practices.
- 02:40:56 20 I didn't do a complete review of everything that
 - 21 Household might have violated in that time period. I focused
 - 22 on whether or not they engaged in predatory lending.
 - So, the examination reports had much other
 - 24 information in there, requiring corrective action, that went
- 02:41:15 25 to other things besides predatory lending.

- 1 A. I mean, I don't know -- I don't have it in front of me to
- 2 be able to say --
- 3 Q. Okay.
- 4 Let's see if we can put it up on the board.
- 02:46:16 5 A. -- to see what it is.
 - 6 MR. KAVALER: Tab 43.
 - 7 (Brief pause.)
 - 8 BY MR. KAVALER:
 - 9 Q. This is an excerpt of the deposition of Mr. Cross.
- 02:46:39 10 Do you recall reading the deposition of Mr. Cross?
 - 11 A. I do.
 - 12 Is he referring to -- are you saying that he's
 - 13 referring to -- 290?
 - 14 Q. He's referring to the Expanded Report of Examination.
- 02:46:52 15 Do you recall at his deposition he was asked about
 - 16 this report?
 - 17 A. I read it a while ago, but I thought they looked at more
 - 18 than 19 in this expanded report.
 - 19 O. Okay.
- 02:47:05 20 Let's --
 - 21 MR. DROSMAN: Your Honor, are they offering the depo
 - 22 into evidence? I'm not sure --
 - MR. KAVALER: No, your Honor.
 - The witness said her recollection would be refreshed
- 02:47:15 25 if I showed her Mr. Cross' testimony.

- 1 I'm asking whether this refreshes her recollection
- 2 about what he testified about.
- 3 THE COURT: The way to do that is to show it to the
- 4 witness --
- 02:47:22 5 MR. KAVALER: Okay.
 - 6 THE COURT: -- not to publish it to the courtroom or
 - 7 the jury.
 - 8 So, please remove that.
 - 9 MR. KAVALER: I'll do that.
- 02:47:28 10 Take that down, please.
 - 11 (Brief pause.)
 - MR. KAVALER: Thank you.
 - 13 May I approach the witness, your Honor?
 - 14 THE COURT: Yes.
 - 15 BY MR. KAVALER:
 - 16 Q. I'm handing you Pages 397 through 400 of Mr. Cross'
 - 17 deposition; and, I'm directing your attention, ma'am, to the
 - 18 bottom of 398, where I put the red tick through the top of
 - 19 "3999." It's a total of nine lines.
- 02:48:19 20 My question is: Does that refresh your recollection
 - 21 that that's the testimony that Mr. Cross gave?
 - 22 (Document tendered.)
 - 23 BY THE WITNESS:
 - 24 A. So, your question to me is: Is this his testimony?
- 02:48:46 25 BY MR. KAVALER:

- 1 Q. No, my question is: Does that refresh your recollection
- 2 that you read Mr. Cross' testimony, where he said that the 19
- 3 complaints, out of a population of thousands that he looked at
- 4 to form his conclusions in this report, were a woefully
- 02:49:02 5 inadequate population to draw from?
 - 6 A. I see what he says here, but I don't see how it connects
 - 7 to this report.
 - 8 He -- because what you asked him before that is what
 - 9 he majored in in college. So, I'm not sure about the
- 02:49:21 10 connection there.
 - I see what he says about a statistical significance
 - 12 or --
 - 13 O. All right.
 - 14 A. That he's not a statistician. So, I don't know.
- 02:49:34 15 Q. Let's look at 2090, which is the report that counsel for
 - 16 the investors showed you a couple days ago and you testified
 - 17 about, which is now in evidence.
 - 18 A. Okay.
 - 19 Q. All right.
- 02:49:41 20 Do you have that up there?
 - 21 MR. DROSMAN: I think it's 290, your Honor.
 - MR. KAVALER: Sorry.
 - 23 BY THE WITNESS:
 - 24 A. 290?
- 02:49:47 25 BY MR. KAVALER:

- 1 Q. 290. I apologize.
- 2 All right. We'll go to Page -- the production number
- 3 at the bottom "HHS," ending in "667."
- 4 THE COURT: Let me just make sure I have this. This
- 02:50:01 5 is Plaintiffs' Exhibit 290?
 - 6 MR. KAVALER: 290, your Honor.
 - 7 THE COURT: In evidence?
 - 8 MR. KAVALER: In evidence.
 - g THE COURT: Proceed.
- 02:50:08 10 MR. KAVALER: Two days ago.
 - 11 BY MR. KAVALER:
 - 12 Q. And we're at the page ending in "667," and the production
 - 13 numbers are in the lower right-hand corner.
 - 14 Do you see that?
- 02:50:18 15 A. (No response.)
 - 16 Q. And where it says, "Identify patterns and recent complaint
 - 17 history," it says: "The complaints filed with the Department
 - 18 reflect transactions originated in several branch locations
 - 19 from varying locales in Washington. While most of the
- 02:50:33 20 complaints show similar patterns of consumer abuse, the
 - 21 Bellingham branch stands out with over 30 percent of the
 - 22 complaints, (6 of 19), discussed in detail in this report."
 - Do you see that?
 - 24 A. I do.
- 02:50:48 25 Q. Okay.

- 1 And, then, Mr. Cross, the author of this report, was
- 2 asked in his deposition about those 19 complaints. And he
- 3 said that that was a "woefully inadequate population to draw
- 4 from."
- 02:50:58 5 Do you see that in his testimony?
 - 6 A. I see that in his testimony.
 - 7 Q. Okay.
 - 8 And my question is: You recall reading his
 - 9 deposition testimony, correct?
- 02:51:05 10 A. Yes.
 - 11 Q. And do you recall testifying extensively about the
 - 12 Washington Report a couple days ago, correct?
 - 13 A. Yes.
 - 14 Q. Okay.
- 02:51:15 15 And you understood, when you testified about that
 - 16 report, that it was based on a sample of 19 complaints, which
 - 17 Mr. Cross said that it was a woefully inadequate population to
 - 18 draw from, correct?
 - 19 A. I see that that's what he testified; but, based on the
- 02:51:31 20 number of complaints, they did this expanded investigation and
 - 21 they did the mystery shopping.
 - 22 So, you know, I don't know what the context is
 - 23 exactly of how -- you know -- what these questions were, but I
 - 24 know they thought something was significant, to go to this
- 02:51:49 25 much trouble -- to do this investigation.

- 1 Q. Okay.
- 2 Let's look at Minnesota. You testified about some
- 3 complaints in Minnesota two days ago?
- 4 A. Yes.
- 02:52:03 5 Shall I get that?
 - 6 Q. I'm working on it. Give me a second.
 - 7 (Brief pause.)
 - 8 BY MR. KAVALER:
 - 9 Q. Let me show you what's been marked as Defendants' 296.
- 02:52:36 10 MR. KAVALER: May I approach, your Honor?
 - 11 THE COURT: You may.
 - 12 BY THE WITNESS:
 - 13 A. Is that not this one (indicating)?
 - 14 BY MR. KAVALER:
- 02:52:44 15 Q. Is this one of the documents that you reviewed?
 - 16 A. Yes.
 - 17 Q. Okay.
 - And this is a letter to Mr. Jordan Ash, the Loan
 - 19 Counselling Director of Acorn Housing Corporation, from
- 02:53:11 20 Mr. Kevin M. Murphy, the Deputy Commissioner of the Minnesota
 - 21 Department of Commerce, correct?
 - 22 A. Yes.
 - 23 O. Okay.
 - 24 And Mr. -- Deputy Commissioner -- Murphy is writing
- 02:53:24 25 to Mr. Ash about certain complaints against Household.

- 1 Do you see that?
- 2 A. Yes.
- 3 Q. And he says -- he lists the complaints by name and he says
- 4 -- "I have personally reviewed all of the complaints and the
- 02:53:39 5 response documentation provided by Household Beneficial. To
 - 6 date, we find no evidence of law by Household Beneficial with
 - 7 respect to these complaints."
 - 8 Do you see that language?
 - 9 A. I see that language.
- 02:53:50 10 Q. Okay.
 - 11 And he says there are two more complaints as to which
 - 12 he doesn't yet have documentation, correct?
 - 13 A. Where are you reading from?
 - 14 Q. I think I'm reading from the wrong place.
- 02:54:15 15 (Brief pause.)
 - 16 BY MR. KAVALER:
 - 17 Q. I'm reading from the bottom of the first page, but I
 - 18 withdraw the question.
 - 19 A. Okay.
- 02:54:30 20 Okay.
 - 21 So, at least in Minnesota, on this occasion, although
 - 22 there were complaints, Commissioner Murphy found that in the
 - 23 case of five of them, there was no evidence of any violations
 - 24 of law by Household/Beneficial, correct?
- 02:54:43 25 A. Right.

- 1 And that predates by a year and a little bit the
- 2 examination that we looked at yesterday.
- 3 Q. Right.
- 4 But it follows by two or three years the time when
- 02:54:52 5 you said two days ago everything began to change when Gary
 - 6 Gilmer decided to focus on growth, correct?
 - 7 A. Well, if you remember Mr. Cross' testimony in his
 - 8 deposition, he said, "You know, in the beginning we believed
 - 9 Household when they said it was either a rogue employee or a
- 02:55:11 10 rogue branch," or whatever; and, it took us a while to put
 - 11 together that they were, in fact, engaging in predatory
 - 12 lending.
 - 13 And, then, he started talking to other regulators
 - 14 around the country and they were all having the same sorts of
- 02:55:26 15 issues.
 - So, some of this information predates when they
 - 17 finally put it all together and figured out what was going on.
 - 18 Q. Okay.
 - But, in any event, this is an instance of a state
- 02:55:40 20 regulator investigating a complaint and coming to the
 - 21 conclusion that, notwithstanding the customer complained,
 - 22 there was no merit to the complaint, correct?
 - 23 A. Yes.
 - Q. And that happens sometimes, doesn't it?
- 02:55:51 25 A. Sure.

- 1 Q. Did you see, in the records that you looked at,
- 2 Household's response to Mr. Ortega's complaint?
- 3 A. I may have. I don't remember.
- 4 Q. Let me show you that document and see if that refreshes
- 03:31:51 5 your recollection.
 - 6 MR. KAVALER: Your Honor, could we mark this for
 - 7 identification as Defendant Exhibit 1079?
 - 8 (Document tendered.)
 - 9 (Brief pause.)
 - 10 BY MR. KAVALER:
 - 11 Q. Ready?
 - 12 A. Uh-huh.
 - 13 Q. Does that refresh your recollection that you saw
 - 14 Household's response to Mr. Ortega's complaint setting forth
- 03:33:45 15 its position and describing what it had done to remedy his
 - 16 complaint?
 - 17 A. Yes.
 - 18 Q. Okay.
 - MR. KAVALER: Your Honor, I offer Defendants' 1079.
- 03:33:59 20 THE COURT: Any objection?
 - 21 MR. DROSMAN: No objection, your Honor.
 - 22 THE COURT: It will be admitted without objection.
 - 23 MR. KAVALER: All right.
 - 24 (Defendants' Exhibit 1079 received in evidence.)
 - 25 BY MR. KAVALER:

- 1 Q. Let's look at 1079 together.
- 2 It's a letter from Household signed by Tom Schneider,
- 3 who you identified earlier, I believe, as the Director of
- 4 Policy and Compliance Support, correct?
- 03:34:19 5 A. Yes.
 - 6 Q. And it's addressed to the: "Office of the Comptroller of
 - 7 the Department of Banking and Finance of the state of
 - 8 Florida."
 - 9 And the reference is to Antonio Ortega, correct?
- 03:34:30 10 A. Yes.
 - 11 Q. And Mr. Schneider writes and he says, "Dear Ms. Dawes,
 - 12 thank you for the opportunity to respond to Mr. Ortega's
 - 13 concerns in his correspondence. Mr. Ortega has stated that he
 - 14 did not receive the interest rate that he was promised. Ir
- 03:34:49 15 the letter provided to Mr. Ortega by our branch office, the
 - 16 Branch Sales Manager was not quoting the interest rate, but an
 - 17 'equivalent rate' based on the effect of having the loan paid
 - 18 biweekly instead of monthly."
 - And, then, he says, "It is not our policy to quote an
- 03:35:12 20 equivalent interest rate associated with a biweekly payment
 - 21 program.
 - 22 "We believe Mr. Ortega was quoted the equivalent
 - 23 interest rate for potential interest savings over the life of
 - 24 his loan when payments are made on a biweekly schedule.
- 03:35:30 25 "As stated previously, this type of communication is

- 1 not condoned nor approved. As a result, we have referred the
- 2 documentation enclosed in Mr. Ortega's complaint to senior
- 3 management for review and immediate action."
- And, then, he continues in a new paragraph. He says,
- 03:35:50 5 "Due to any misunderstandings that may have occurred and, as a
 - 6 good-faith gesture, Mr. Ortega received a refund check in the
 - 7 amount of \$1,134.19 on June 29, 2001. The amount of the check
 - 8 represented the cost of the origination fee that was assessed
 - 9 to his account.
- 03:36:16 10 "In addition, we have reduced the contract rate of
 - 11 interest on Mr. Ortega's account to 10.15 percent effective as
 - 12 of March 30, 2001."
 - 13 And this letter is being written on October 18, 2001,
 - 14 correct?
- 03:36:34 15 A. Yes.
 - 16 Q. All right.
 - 17 "Due to the reduced rate of interest, Mr. Ortega's
 - 18 principal balance was reduced by an additional \$1,188.92 for
 - 19 the period of March 30, 2001, through 10-15-2001."
- 03:36:54 20 And Mr. Schneider concludes, "We deeply regret the
 - 21 circumstances surrounding this situation. Please convey our
 - 22 sincere apologies to Mr. Ortega."
 - Do you see that?
 - 24 A. I do.
- 03:37:04 25 Q. Okay.

- 1 So, in this case, which you mentioned to us
- yesterday, you told us about Mr. Ortega's complaint; and, now,
- 3 we see Household's response, correct?
- 4 A. Yes.
- 03:37:12 5 Q. Okay.
 - 6 Household is apologizing, correct?
 - 7 A. Yes.
 - 8 Q. It is acknowledging that one of its employees made a
 - 9 mistake, correct?
- 03:37:20 10 A. Yes.
 - 11 Q. It is asserting that the mistake was contrary to
 - 12 Household's policy, correct?
 - 13 A. That's what it says here.
 - 14 Q. That's what it says.
- 03:37:31 15 It is saying that the matter will be referred to
 - 16 senior management for review and immediate action; and, the
 - 17 clear complication is against the employee, correct?
 - 18 A. I don't know what the implication is there.
 - 19 Q. Okay.
- 03:37:42 20 And, finally, it reports that they have made a
 - 21 financial restitution to Mr. Ortega in three separate ways.
 - 22 They sent him a refund check in the amount of
 - 23 \$1,134.19, which represents the cost of his origination fee,
 - 24 correct?
- 03:38:01 25 A. That's what it says here.

- Q. Well, when you say "That's what it says," do you think
- 2 they didn't send him the check?
- 3 A. All I'm -- I agree with you, that's what it says here.
- 4 Q. All right.
- 03:38:12 5 And, then, they also say they reduced the contract
 - 6 rate of interest to a lower rate of interest.
 - 7 Do you see that?
 - 8 A. I see it.
 - 9 Q. Okay.
- 03:38:20 10 And, thirdly, as a result of that, they've reduced
 - 11 his principal balance by another \$1888.92.
 - Do you see that?
 - 13 A. I see that.
 - 14 Q. As a regulator, if you came in and you saw Mr. Ortega's
- 03:38:35 15 complaint letter and Household's response letter, would you be
 - 16 satisfied that Household had responded to the Ortega
 - 17 complaint?
 - 18 A. Taken in isolation, yes.
 - 19 Q. Okay.
- 03:38:46 20 Now, the next thing you told us about yesterday was a
 - 21 complaint -- another complaint -- by Mr. Nanez.
 - 22 Am I pronouncing that correctly; do you think?
 - 23 A. That's how I pronounce it.
 - 24 Q. That's where I got it from.
- 03:39:03 25 And you remember that testimony?

- 1 A. I do.
- 2 Q. Okay.
- And, in the course of reviewing the files that you
- 4 reviewed, did you come across the underlying documents related
- 03:39:14 5 to Mr. Nanez's complaint?
 - 6 A. I reviewed some documents. I'm not sure which ones you're
 - 7 talking about.
 - 8 Q. Let me show you a couple and see if it refreshes your
 - 9 recollection.
- 03:39:26 10 Let's start with a document which I will mark as
 - 11 Defendants' 1080 for identification.
 - 12 (Document tendered.)
 - 13 BY MR. KAVALER:
 - 14 Q. Is this one of the documents you looked at?
- 03:39:55 15 A. It might have been. I've seen this type of document
 - 16 before.
 - 17 Q. Okay.
 - 18 And this document has Mr. Nanez's name on it --
 - 19 Ms. Nanez and Mr. Nanez?
- 03:40:08 20 A. Yes.
 - 21 Q. All right.
 - 22 And it says on the top --
 - MR. KAVALER: I'm sorry, your Honor, I offer
 - 24 Defendants' 1080 in evidence.
- 03:40:17 25 MR. DROSMAN: This isn't on the exhibit list, your

- 1 Honor.
- MR. KAVALER: That's why it's 1080, your Honor.
- 3 THE COURT: Yes, I guess it's not.
- 4 Is there an objection?
- 03:40:30 5 MR. DROSMAN: It's hearsay, your Honor.
 - 6 THE COURT: What's it being offered to prove?
 - 7 MR. KAVALER: Your Honor, it's offered -- she says
 - 8 she reviewed it. It's offered in response to the testimony
 - 9 she gave yesterday, to show the response that Household made
- 03:40:41 10 to the very complaint that she testified about yesterday.
 - 11 THE COURT: Overruled.
 - 12 MR. KAVALER: Thank you, your Honor.
 - 13 (Defendants' Exhibit 1080 received in evidence.)
 - 14 BY MR. KAVALER:
- 03:40:54 15 Q. Now, you see on the top --
 - 16 MR. KAVALER: Withdrawn.
 - 17 BY MR. KAVALER:
 - 18 Q. If I recall your testimony correctly yesterday, your point
 - 19 was that Mr. Nanez -- or Ms. Nanez -- said she had to take
- 03:41:13 20 single premium credit insurance in order to get a loan; is
 - 21 that correct?
 - 22 A. I'd have to look at that complaint, again, to see exactly
 - 23 what it says on the complaint.
 - 24 Q. Okay.
- 03:41:20 25 Let me try it this way. I can show you your

- 1 testimony yesterday.
- 2 MR. KAVALER: I am having difficulty with the
- 3 transcript.
- 4 BY MR. KAVALER:
- 03:42:29 5 Q. Let me do it this way: This document, 1080, is headed
 - 6 "Optional Credit Insurance Disclosure."
 - 7 Do you see that?
 - 8 A. I see that.
 - 9 Q. And first thing it says after the name of the creditor,
- 03:42:37 10 the name of the borrowers and some boxes with some amounts in
 - 11 it, is a sentence that begins in capital letters, "No credit
 - 12 insurance is required to obtain this loan."
 - 13 Do you see that?
 - 14 A. I do.
- 03:42:46 15 Q. All right.
 - And this is the document signed by the borrowers --
 - 17 the Nanezes -- on the next page, correct?
 - 18 A. Yes.
 - 19 Q. So, they received a written disclosure from Household
- 03:42:58 20 which says on the top, it's an "Optional Credit Insurance
 - 21 Agreement" and says in the beginning of the text in capital
 - 22 letters, "No credit insurance is required to obtain this
 - 23 loan."
 - 24 Do you see that?
- 03:43:10 25 A. I see it.

- 1 Q. Okay.
- 2 And that would alert them to the fact this credit
- 3 insurance is both optional and not required to obtain the
- 4 loan, correct?
- 03:43:18 5 A. If they spoke English. They're Spanish speakers.
 - 6 Q. Do you know that for a fact or you just assuming that?
 - 7 A. Well, I'm reading it from the complaints. I pulled the
 - 8 complaint out.
 - 9 Q. Okay.
- 03:43:30 10 A. "We are Hispanic and our primary language is Spanish."
 - 11 Q. Okay.
 - 12 And your point is: This document is in English?
 - 13 A. It is in English.
 - 14 Q. Okay.
- 03:43:38 15 So, as a regulator, what would you like to see?
 - 16 Would you like to see Household provided them with a
 - 17 disclosure in Spanish?
 - 18 A. Well, there are a couple things.
 - One, if you are lending money to someone that doesn't
- 03:43:55 20 speak English, at least I know -- from the bank's
 - 21 standpoint -- they've got forms. All of their documents are
 - 22 in all the different languages of the clients that they serve.
 - 23 The second thing is Household always claimed that
 - 24 their insurance was optional; but, if you remember, I talked
- 03:44:12 25 about the penetration ratios.

- 1 When you look at how many loans were made and how
- 2 many insurance policies were written on those loans, if it
- 3 gets above 50 percent, the regulators think that credit
- 4 insurance is actually required.
- 03:44:29 5 In this complaint, it actually says that: "The
 - 6 Household's representative told us that we had to get single
 - 7 premium credit insurance."
 - 8 So, it conflicts with the language in this document,
 - 9 which, if they spoke English, they would have been able to
- 03:44:47 10 read and maybe ask a question about.
 - But, notwithstanding that, this is symptomatic of
 - 12 insurance packing that was complained of in various states
 - 13 around the country.
 - 14 Q. All right.
- 03:44:59 15 So, part of the problem is the document is in English
 - 16 and you believe they spoke Spanish?
 - 17 A. Well, they said they spoke Spanish. I'm just looking at
 - 18 their complaint.
 - 19 I don't know them personally.
- 03:45:10 20 O. Understood.
 - 21 So, let's look at the other document in the loan
 - 22 file, which is the Loan Payment and Security Agreement.
 - We'll mark this as Defendants' 1081 for
 - 24 identification.
 - 25 (Document tendered.)

- 1 BY MR. KAVALER:
- 2 Q. Did you see that document, as well, when you were looking
- 3 at the documents relating to the claim of Mr. and Mrs. Nanez?
- 4 A. I'm not sure. I have seen documents that look like this.
- 03:45:50 5 I don't know if I saw this particular one.
 - 6 Q. Let me see if I can refresh your recollection.
 - 7 It has Mr. Nanez's name and Ms. Nanez's name on the
 - 8 first page?
 - 9 A. That doesn't help.
- 03:46:02 10 I've seen documents like this, but I can't tell you
 - 11 for sure if I saw this particular document.
 - 12 Q. Okay.
 - 13 It's called a "Loan Payment and Security Agreement"?
 - 14 A. That's what it says at the top, yes.
- 03:46:10 15 Q. Now, on the last page, next to the Nanez's signatures, it
 - 16 has a paragraph in Spanish.
 - 17 Do you see that?
 - 18 A. Yes.
 - 19 Q. Do you happen to read Spanish?
- 03:46:22 20 A. No, I don't.
 - 21 Q. Do you see the paragraph right above it? It translates it
 - 22 in English.
 - 23 A. Okay.
 - 24 Q. Okay.
- 03:46:26 25 The English says, "Notice the borrowers may request

- 1 the Truth in Lending Disclosures be provided in the Spanish
- 2 language before signing any loan documents."
- 3 And the Spanish, I won't even try, but it says -- the
- 4 first word is "Aviso," which I think means something very
- 03:46:45 5 similar to "Notice."
 - 6 My guess is the language in Spanish and English is
 - 7 the same.
 - 8 Does that sound reasonable to you?
 - 9 A. Sure.
- 03:46:52 10 Q. Okay.
 - 11 Does that refresh you recollection that when you
 - 12 looked at the Nanez loan file, you saw that the Nanezes were
 - 13 provided with a disclosure document which contained a notice
 - 14 in Spanish that they were entitled to request that all of
- 03:47:05 15 their documentation be provided in Spanish, if they wanted?
 - 16 A. I can't read Spanish, but the English translation says,
 - 17 "Truth in Lending Disclosures."
 - 18 So, this optional credit insurance, I don't know if
 - 19 that's part of the "Truth in Lending Disclosure."
- 03:47:23 20 Q. Okay.
 - 21 A. But it does have something here in Spanish that says that
 - 22 they have the opportunity to get their Truth in Lending
 - 23 Disclosures. That would be Regulation z.
 - 24 Q. In Spanish?
- 03:47:54 25 A. It is in Spanish, yes; but, it doesn't have anything to do

- 1 with this document that you showed me that's in English,
- 2 regarding optional credit insurance.
- 3 Q. Right.
- 4 Let me be clear. There's a statement in Spanish that
- 03:47:55 5 says, "You can get the disclosures in Spanish," right?
 - 6 A. It says, "Truth in Lending Disclosures." That's different
 - 7 than disclosures.
 - 8 Q. Okay.
 - 9 And you saw documents like this in the course of your
- 03:48:04 10 investigation?
 - 11 A. Yes.
 - 12 MR. KAVALER: I offer Defendants' 1081, your Honor.
 - MR. DROSMAN: No objection, your Honor.
 - 14 THE COURT: Admitted without objection.
 - 15 (Defendants' Exhibit 1081 received in evidence.)
 - 16 BY MR. KAVALER:
 - 17 Q. So, it says on the front, "Loan Repayment and Security
 - 18 Agreement"?
 - 19 MR. KAVALER: And go to the last page.
 - 20 BY MR. KAVALER:
 - 21 Q. And you see the box in the upper left (indicating) --
 - 22 that's what we're talking about.
 - 23 It says in English, "Notice: The borrowers may
 - 24 request that the Truth in Lending Disclosures be provided in
- 03:48:37 25 the Spanish language before signing any loan documents."

- 1 And then it has a sentence that appears to say the
- same thing in Spanish, to the extent that either one of us can
- 3 tell since neither one of us reads Spanish.
- 4 Now, the third customer complaint you talked about
- 03:49:08 5 yesterday was a letter from a woman named Adams.
 - 6 Do you recall that?
 - 7 A. Yes.
 - 8 Q. And in the course of reviewing the files, did you happen
 - 9 to see -- do you recall seeing -- the response of Household, a
- 03:49:21 10 letter back to Mrs. Adams?
 - 11 A. I may have. I'm not sure.
 - 12 O. All right.
 - 13 Let me see if I can refresh your recollection.
 - Do you recall seeing a six-page, single-spaced letter
- 03:49:51 15 to Mrs. Adams from Steven Hicks, the Director of Compliance
 - 16 Risk Management, addressing every element of her claim,
 - 17 explaining what happened, what transpired, how the situation
 - 18 arose, what Household's response was going to be, what
 - 19 Household's position is, what Household's policy is?
- 03:50:11 20 MR. DROSMAN: Your Honor, if he's going to lay a
 - 21 foundation, I just ask that he ask the foundational questions
 - 22 and not discuss the contents of the document.
 - 23 MR. KAVALER: Sure.
 - 24 BY MR. KAVALER:
- 03:50:20 25 Q. Do you recall a letter like that?

- A. I just don't remember if I saw it or not. You'll have to
- 2 show it to me.
- Q. Absolutely.
- 4 Let me show it to you and see if it refreshes your
- 03:50:27 5 recollection.
 - 6 I'm handing you Defendants' 1082 for identification.
 - 7 (Document tendered.)
 - 8 BY THE WITNESS:
 - 9 A. I don't -- this doesn't look familiar to me.
 - 10 BY MR. KAVALER:
 - 11 Q. Would you expect Household to have written a response to
 - 12 Mrs. Adams?
 - 13 A. Do I expect them to?
 - 14 Q. Would you have expected them to respond --
- 03:51:08 15 A. Sure.
 - 16 Q. -- to the letter?
 - 17 A. Sure.
 - 18 Q. Did you look for a response when you reviewed the Adams
 - 19 complaint letter?
- 03:51:13 20 A. Well, I had a lot of complaints and I looked at the -- I
 - 21 looked at what documents were produced surrounding those
 - 22 complaints.
 - 23 So, if I didn't have a response, I may not have
 - 24 specifically asked the plaintiffs' lawyers for one because I
- 03:51:30 25 had quite a few responses.

- 1 I know that they responded -- or they responded back
- 2 -- to the regulators -- Household did.
- 3 Q. Did you know Household regularly responded back to the
- 4 regulators and you asked the plaintiffs' counsel for letters
- 03:51:42 5 responsive to the complaints you were going to testify about?
 - 6 A. Well, I had so many documents and so many complaints, I
 - didn't, you know, like, specifically, say, "Okay, I've got a
 - 8 complaint here. Where's Household's response?"
 - g I just took them all together and started looking
- 03:51:58 10 through them.
 - I may have seen this. I just -- I just -- don't
 - 12 remember, as I'm sitting here, that I saw it.
 - 13 Q. But, as a general matter, your intent was to get
 - 14 Household's response to the --
- 03:52:06 15 A. Yes.
 - 16 Q. -- complaint letters, if there was one?
 - 17 A. Yes.
 - 18 Q. All right.
 - 19 And certainly if it was one of the ones you were
- 03:52:10 20 going to testify about at trial?
 - 21 A. Well, I looked at the complaints three years ago. So, I
 - 22 didn't know if this case was going to trial or not.
 - 23 I wasn't thinking that far ahead.
 - 24 Q. But in preparing to come here and testify, you knew which
- 03:52:25 25 complaints you were going to testify about?

- 1 A. I pulled a few out, yes.
- Q. And when you pulled out the Adams' complaint, did you pull
- 3 out the response to the Adams' complaint?
- 4 A. No, I -- I -- didn't pull out the response. So, I don't
- 03:52:39 5 know if I actually have it or not.
 - 6 It doesn't look familiar, but that's not to say I
 - 7 didn't see it.
 - 8 O. You might have seen it?
 - 9 A. I might have seen it.
- 03:52:46 10 MR. KAVALER: Your Honor, I offer 1082.
 - MR. DROSMAN: It's hearsay, your Honor.
 - 12 Objection.
 - THE COURT: What's it being offered to prove?
 - MR. KAVALER: Your Honor, it's being offered to --
- 03:52:54 15 under 106 -- for the doctrine of completeness, in response to
 - 16 the testimony she gave yesterday where she put the Adams'
 - 17 complaint letter into evidence.
 - This is the response to the Adams' complaint letter.
 - 19 It's for the proposition that Household responded.
- 03:53:12 20 THE COURT: Well, the doctrine of completeness is how
 - 21 you get it in, but I know what know what you're offering it to
 - 22 prove.
 - 23 MR. KAVALER: Your Honor, very simply. She told us
 - 24 all the things that Mrs. Adams complained about. I want to
- 03:53:26 25 show that Household promptly and completely responded in

- writing to each and everything Mrs. Adams said.
- 2 THE COURT: If you're offering it to establish the
- 3 foundation or lack of foundation for her opinion or opinions,
- 4 I'll admit it.
- 03:53:45 5 Is that what you're offering it for?
 - 6 MR. KAVALER: Yes, your Honor. I think it goes
 - 7 beyond that; but, it certainly --
 - 8 THE COURT: Overruled.
 - 9 MR. KAVALER: -- goes to her opinion.
- 03:53:51 10 THE COURT: The objection is overruled.
 - 11 MR. KAVALER: Thank you, your Honor.
 - 12 (Defendants' Exhibit 1082 received in evidence.)
 - 13 BY MR. KAVALER:
 - 14 Q. All right, Ms. Ghiglieri, if you look at this letter --
- 03:54:00 15 Exhibit 1082 in evidence -- it's a letter from Mr. Hicks, the
 - 16 Director of Compliance Risk Management, to Ms. Amy M. Adams in
 - 17 New Cumberland, Pennsylvania, dated September 27, 2002,
 - 18 correct?
 - 19 A. Yes.
- 03:54:12 20 Q. And Mr. Hicks says, "We are responding to your letter of
 - 21 September 10, 2002, and your subsequent e-mails. We have
 - 22 investigated the allegations stated in the complaint and our
 - 23 responses are indicated below."
 - 24 And, then, his first heading is, "Prepayment
- 03:54:32 25 penalty; " and, in the second paragraph, he says, "The

- 1 prepayment penalty was fully, conspicuously and accurately
- 2 described in your Loan Repayment and Security Agreement ('Loan
- 3 Agreement') under the paragraph titled, 'Prepayment Penalty.'"
- 4 And, then, he quotes from the language of the
- 03:54:54 5 agreement.
 - 6 Do you see that?
 - 7 A. I do.
 - 8 Q. And, then, he says, "To clarify the above, please refer to
 - 9 Page 1 of your rate" (attached). The date of your loan was
- 03:55:06 10 2-20-02, and this was stated on Page 1 of the Loan Agreement
 - 11 in the box titled, 'Date of Loan.' The contract rate is 9.490
 - 12 percent, and this is stated on Page 1 of the Loan Agreement in
 - 13 the box titled 'Contract Rate Per Year.'"
 - And skipping down to the end of that paragraph, he
- 03:55:28 15 says, "Your signature on the Loan Agreement signifies s your
 - 16 acceptance of the terms contained therein, including the
 - 17 prepayment penalty."
 - 18 And, then, he says in the next paragraph, "In
 - 19 addition, because your loan was secured by your property, we
- 03:55:44 20 are required by law to give you three business days to review
 - 21 your loan documents and determine whether the loan meets your
 - 22 needs, whether you agree to the terms and conditions and
 - 23 whether you want to keep or cancel the loan.
 - 24 "Please refer to the document titled 'Notice of Right
- 03:56:02 25 to Cancel' attached."

- And, then, he continues: "Your loan closed on
- 2 2-20-02. You had until midnight on 2-23-02 to decide whether
- 3 to rescind the loan.
- 4 "The second page of the notice, signed by both you
- 03:56:19 5 and your husband, not only confirms that you had those three
 - 6 days, but confirms that we allowed you two additional days.
 - 7 Your loan did not fund until 2-25-02, which means we gave you
 - 8 five days to consider your loan.
 - 9 "Unlike other lenders, we do not immediately fund a
- 03:56:40 10 loan after three days, but wait until the customers actually
 - 11 confirm they want the loan. We believe that five days was
 - 12 ample time to consider the pricing, terms and conditions of
 - 13 your loan."
 - 14 Do you see that?
- 03:56:55 15 A. I do.
 - 16 Q. In the next paragraph, he says, "Please refer to the
 - 17 Customer Satisfaction Survey attached. On this form, we
 - 18 clearly asked the question: 'Do you understand the terms and
 - 19 conditions of your prepayment penalty?' On this survey, you
- 03:57:12 20 checked the 'Yes' box, confirming that you understood the
 - 21 prepayment penalty. You checked 'Yes' to confirm that we
 - 22 listened to your concerns and responded appropriately to your
 - 23 questions. You checked 'Yes' that we gave you a good
 - 24 explanation of your loan terms, features and benefits. You
- 03:57:38 25 also checked -- "

- 1 MR. DROSMAN: Your Honor, objection.
- Is there a question? That's what I object to. He
- 3 said he was putting it in to test the foundation of the
- 4 witness' opinions. I just see him reading the document.
- 03:57:47 5 THE COURT: Is there a question?
 - 6 MR. KAVALER: Yes, your Honor.
 - When I get finished reading parts of the letter to
 - 8 her, I'm going to ask her whether, in her view, Household
 - 9 responded satisfactorily to the question -- to the complaint
- 03:57:59 10 -- of Amy Adams.
 - 11 THE COURT: Proceed.
 - MR. KAVALER: Thank you, your Honor.
 - 13 BY MR. KAVALER:
 - 14 Q. I'm sorry, I think this is where I was.
- 03:58:07 15 " -- you checked 'Yes" that we gave you a good
 - 16 explanation of your loan terms, features and benefits. You
 - 17 also checked 'Yes' to the question of whether the loan product
 - 18 provided met your financial needs.
 - "In addition, you also wrote a comment on the survey
- 03:58:22 20 indicating that you were able to 'advance the payoff of both
 - 21 your mortgage'" -- I'm sorry -- "'advance the payoff of both
 - 22 our mortgage as well as our credit card bills.'
 - 23 "You also viewed our customer orientation video at
 - 24 loan close. To ensure that our branch personnel are providing
- 03:58:44 25 complete and accurate information to our customers, we have

- 1 produced a video, which is provided to every customer prior to
- 2 closing their loan.
- 3 "The customer viewed this customer orientation video
- 4 prior to loan closing. The video further explains the process
- 03:59:01 5 and begins by stating that an application has been taken and
 - 6 approved. The video also explains the following:"
 - 7 Bullet: "The customer was provided with a good-faith
 - 8 estimate of the costs of the loan."
 - 9 Bullet: "The customer should have received other
- 03:59:18 10 documents three days prior to closing."
 - Bullet: "The loan documents will be presented to the
 - 12 customer include -- " " -- the loan documents that will be
 - 13 presented to the customer include -- " indented bullet --
 - 14 "Truth In Lending Disclosure, which disclosed the APR -- "
- 03:59:35 15 that's the "Annual Percentage Rate," is it?
 - 16 A. Yes.
 - 17 Q. " -- payments, amount financed, costs and loan rate."
 - 18 Indented bullet: "Mortgage or Deed of Trust."
 - 19 Indented bullet: "HUD 1 Settlement Statement
- 03:59:49 20 disclosing details of the transaction."
 - 21 "HUD" stands for "Housing and Urban Development"?
 - 22 A. Yes.
 - 23 Q. It's a government form?
 - 24 A. Yes.
- 03:59:56 25 Q. Sub-bullet: "Loan Agreement, which includes details

- 1 regarding the prepayment penalty, late charges, interest rate,
- 2 points and fees, monthly payment amount, payoff date and
- 3 optional insurance chosen."
- 4 Final sub-bullet: "At the end of this section, the
- 04:00:15 5 customer is encouraged to stop and ask questions of the
 - 6 account executive if anything is unclear."
 - 7 And it continues.
 - 8 Now, I don't want to spend a lot of time reading the
 - 9 entire letter.
- 04:00:27 10 He goes through the entire process that was followed
 - 11 at the closing. He says, "You were encouraged to ask
 - 12 questions. You signed an acknowledgment that you viewed the
 - 13 video."
 - 14 He encloses a copy of the signature pages where she
- 04:00:38 15 says, "We saw the video."
 - 16 He says, "We produced this video so that to be sure
 - 17 that our customers are fully aware of the process and are told
 - 18 where, in various documents, they can find these terms."
 - 19 He talks about the result of his investigation:
- 04:00:55 20 "Didn't find any evidence that the terms or pricing of your
 - 21 loan, including the prepayment penalty, were not fully
 - 22 disclosed to both you and your husband."
 - 23 He says, "It's our position you were advised of the
 - 24 loan, you understood the loan, there was no deception
- 04:01:09 25 regarding the sale of the loan."

- 1 He then goes on in another heading called, "Refinance
- 2 __ 11
- 3 THE COURT: At some point, you have to ask a
- 4 question.
- 04:01:17 5 MR. KAVALER: Your Honor --
 - 6 THE COURT: This is a good time.
 - 7 MR. KAVALER: Okay.
 - 8 BY MR. KAVALER:
 - 9 Q. He lays out all these reasons why he thinks she got full
- 04:01:24 10 disclosure.
 - 11 Do you feel that Household acted properly, as a
 - 12 regulator, in responding in writing in a seven-page --
 - 13 six-page -- single-spaced letter to this lady's complaint,
 - 14 addressing each and every element of the transaction as it
- 04:01:40 15 went down, and enclosing for her various documents that she
 - 16 was shown and then she signed?
 - 17 A. Do I feel it was appropriate?
 - 18 Q. Yes.
 - 19 A. No, I don't.
- 04:01:49 20 Q. Okay.
 - 21 He also talks about the ways in which the loan
 - 22 benefitted her.
 - 23 If you go to Page 5 under the heading called,
 - 24 "Interest Rate of 7 Percent," he says, "You stated in your
- 04:02:04 25 letter you were duped into refinancing a 7 percent FHA

- 1 mortgage to 9.49 percent unconventional loan. We have
- 2 performed a thorough investigation of this allegation and we
- 3 discovered the following: Through closing our loan, you
- 4 achieved the following:"
- 04:02:21 5 Bullet: "You paid off Wells Fargo \$95,557.67 and
 - 6 Capital One \$4,982."
 - 7 Bullet: "You received cash of \$250.40."
 - 8 Bullet: --
 - 9 MR. DROSMAN: He's just testifying. I object, again.
- 04:02:43 10 THE COURT: You have to break up your references to
 - 11 the document with questions. Otherwise, it does become
 - 12 rather --
 - MR. KAVALER: Very good, your Honor.
 - 14 THE COURT: -- a narration of the document.
- 04:02:55 15 MR. KAVALER: I will break it into smaller pieces.
 - 16 BY MR. KAVALER:
 - 17 Q. Is he reciting there the ways in which this loan
 - 18 benefitted this customer financially?
 - 19 A. And that's what I think he's attempting to do, yes.
- 04:03:03 20 Q. Okay.
 - He continues, does he not, "Your monthly payments
 - 22 prior to the loan totalled \$2,453. Your payments, after our
 - 23 loan, and including \$119 for taxes and insurance (no longer
 - 24 escrowed close), totalled \$2,392. This saved you \$61 per
- 04:03:24 25 month."

- 1 Is he pointing out to the customer how she is better
- 2 off on a monthly basis with the new loan than with the old
- 3 loans?
- 4 A. I think that's what he's attempting to do.
- 04:03:37 5 Q. Okay.
 - 6 He says, "Your debt-to-income ratio which measures
 - 7 gross monthly income against monthly credit payments decreased
 - 8 from 43.08 percent to 42.01 percent. This is a positive
 - 9 improvement."
- 04:03:53 10 Is he, to use your words, attempting to point out to
 - 11 her how -- another way in which this loan benefitted her?
 - 12 A. Yes, that's what he's attempting to do.
 - 13 Q. And, finally, in the final bullet, he says, "Your
 - 14 disposable income, which is money left over, after credit
- 04:04:08 15 payments are made, was \$1,676 before our loan and \$1,737 after
 - 16 our loan, which is also a positive improvement."
 - 17 Is he, once again, attempting to point out to her how
 - 18 this loan benefitted her?
 - 19 A. It looks like that's what he's trying to do.
- 04:04:31 20 Q. And in the next paragraph, he addresses how Household
 - 21 figured out what interest rate she qualified for.
 - Do you see that?
 - 23 A. I see the paragraph, yes.
 - Q. And he explains to her that, "Household typically extends
- 04:04:50 25 offers of credit to borrowers who, for one reason or another,

- 1 may not otherwise qualify to obtain credit under lower rate
- 2 lending programs."
- 3 Is that what you understand to be Household's primary
- 4 business model?
- 04:05:03 5 A. Extending credit to subprime --
 - 6 O. Yes.
 - 7 A. -- borrowers? Yes.
 - 8 Q. And, then, he says, "The cost of extending this credit is
 - 9 traditionally higher as the likelihood of a customer becoming
- 04:05:19 10 delinquent is much greater, resulting in increased risk and
 - 11 collection costs to the lender in the event of default."
 - Do you understand that that accurately describes
 - 13 Household's business model, as well?
 - 14 A. Yes.
- 04:05:32 15 Q. Finally, he says, "Based on your creditworthiness, you
 - 16 qualified for an interest rate of 11.12 percent. However, our
 - 17 District General Manager granted a rate exception to 9.49
 - 18 percent to accommodate your needs."
 - 19 Do you see that?
- 04:05:52 20 A. I see that.
 - 21 Q. Now, if you go back to the prior page -- the bottom of
 - 22 Page 4 -- there's a heading called, "Loan Pricing," and
 - 23 without reading it, he goes through the concept of a FICO
 - 24 score.
- 04:06:04 25 You know what a FICO score is, don't you?

- 1 A. I do.
- 2 Q. And it says, "A FICO score measures a customer's credit
- 3 risk in relation to the rest of the national population, " does
- 4 it?
- 04:06:14 5 A. Well, it's a credit-scoring mechanism developed by Fair
 - 6 Isaac. And it's based on the predictor -- it's a predictor of
 - 7 the repayment capacity of an individual.
 - 8 And, so, I don't know if that's an accurate statement
 - 9 or not -- that it compares it to the rest of the national
- 04:06:34 10 population; but, I do know how they calculate the FICO score.
 - 11 Q. And higher is better?
 - 12 A. Higher is better.
 - 13 Q. And 850 is perfect?
 - 14 A. Yes.
- 04:06:43 15 Q. Okay.
 - And he tells her in this letter that, "850 is a
 - 17 perfect FICO score." And he says at the time of the loan, her
 - 18 husband had a FICO score of 638. He tells her what percentile
 - 19 that puts him in; and, he tells her what the risk of
- 04:06:58 20 delinquency is for that percentile.
 - 21 Do you see all of that?
 - 22 A. I do.
 - 23 Q. Okay.
 - 24 And, then, he says on the top of Page 5, "The Credit
- 04:07:07 25 Bureau Reports for you and Mr. Adams show that, combined, you

- 1 had 22 delinquencies in the past 30 days and three
- 2 delinquencies of past-60 days of your accounts; you had 14
- 3 inquiries on your Credit Bureau Report, suggesting you were
- 4 aggressively seeking credit."
- 04:07:22 5 Do you see that?
 - 6 A. I see it.
 - 7 Q. And, then, he says that using Household's internal scoring
 - 8 models, that's how they came up with the rate.
 - 9 Do you see that?
- 04:07:30 10 A. I do.
 - 11 Q. Okay.
 - 12 And, then, finally on the last page -- Page 6 of the
 - 13 letter -- he says in a paragraph called "Summary," "Mrs.
 - 14 Adams, when our District Sales Manager spoke with you on
- 04:07:43 15 September 17, 2002, she advised you that if you provided us
 - 16 with a copy of your sold contract, we would be willing to
 - 17 waive one-half of the prepayment penalty. You were to contact
 - 18 us on September 20, 2002, regarding the contract. To date, we
 - 19 have still not received a copy of the sold contract."
- 04:08:02 20 In other words, he's offering her a further
 - 21 accommodation, notwithstanding everything he has previously
 - 22 said in his letter about why he believes the transaction was
 - 23 appropriate, correct?
 - 24 A. That's what he's saying there.
- 04:08:13 25 Q. And, then, he says under that -- in the next to the last

- 1 paragraph -- "We regret to hear you are dissatisfied with your
- loan. Beneficial prides itself on its commitment to customer
- 3 service and is always willing to work toward an agreeable
- 4 solution to a customer's concerns. The offer to waive
- 04:08:31 5 one-half of the prepayment penalty still stands provided you
 - 6 sell the house and produce a valid sales contract.
 - 7 "However, the offer is not valid in the event you
 - 8 refinance this loan with another lender."
 - 9 And what he's saying there is that notwithstanding
- 04:08:48 10 that there was a deadline for her to take up this offer of a
 - 11 further waiver of one-half of the penalty, and the deadline
 - 12 passed without her having provided the required documentation,
 - 13 he's extending that offer still further, correct?
 - 14 A. Yes.
- 04:09:03 15 Q. Okay.
 - 16 Now, this letter is written 17 days after Ms. Adams'
 - 17 complaint letter?
 - 18 A. Correct. Yes.
 - 19 Q. It explains in great detail how the transaction occurred;
- 04:09:22 20 how the loan was priced; why he concludes that she was treated
 - 21 fairly; it attaches documentation supporting everything he
 - 22 says; it tells her an offer was made to resolve her grievance.
 - 23 He extends a further offer.
 - 24 As a regulator, looking at these two documents -- the
- 04:09:39 25 complaint and the response in a file -- would you feel

- 1 Household had responded suitably and appropriately to this
- 2 complaint?
- 3 A. Well, there's a couple of things that they didn't respond
- 4 to, even though this is really lengthy and I didn't really --
- 04:09:55 5 I don't recall reading this.
 - 6 But based on everything that you've said, the one
 - 7 thing that they didn't respond to is the fact that the account
 - 8 executive that was closing the loan indicated that the fee
 - 9 could be waived for job-related relocation.
- 04:10:13 10 And did Mr. Hicks write this?
 - 11 This really went into great detail -- yes, Mr. Hicks,
 - 12 he went into a large detail -- about how she had notice.
 - 13 You know, in other words, it was written here, it was
 - 14 written there, it was written there.
- 04:10:27 15 Well, she asked the account executive, according to
 - 16 her complaint, and he said, "Don't worry about it. For
 - job-related relocations, we'll waive the penalty."
 - 18 So, she was -- she must have been satisfied with that
 - 19 and went ahead with the transaction; is now facing a job
- 04:10:43 20 relocation; and, Household's coming back to her and saying,
 - 21 "You had plenty of notice. It was written here, here
 - 22 and here."
 - But they don't discuss the issue that I saw in a
 - 24 number of complaints around the country; and, that is, "Don't
- 04:10:58 25 worry, we'll waive it." Or "There isn't one." There was

- 1 always something that was different than what was written in
- 2 the document.
- 3 The issue about the creditworthiness of this borrower
- 4 is a little confusing to me because her -- the loan that she
- 04:11:11 5 did have was at 7 percent. And a 7 percent rate is really a
 - 6 good rate on an FHA loan. And that tells me that she had --
 - 7 was probably a prime credit.
 - 8 They're indicating in this letter she was a subprime
 - 9 credit. So, I just don't -- I'm not sure how to harmonize
- 04:11:34 10 that.
 - But I don't -- you know, she still is explaining some
 - 12 predatory practices that were noticed around the country --
 - 13 the other one is -- the high closing costs: The 7.25 percent
 - 14 closing costs.
- 04:11:51 15 So, you know, this complaint contains similar
 - 16 complaints that people had around the country and Household
 - 17 did respond very extensively here; and, if I was a regulator
 - 18 -- and, like Chuck Cross says at first, you know, you believe
 - 19 what Household says and take it at face value; and, then, the
- 04:12:17 20 more complaints you look at, the more, you know, you don't
 - 21 know what kind of a story they're telling.
 - 22 So, the date of this was September 27th, 2002. That
 - 23 was right before the big multi-state settlement -- \$484
 - 24 million -- that they paid for these very kinds of practices.
- 04:12:34 25 So, you know, that's my response to that complaint

- 1 and the response to the complaint.
- 2 Q. You don't know when she took out this FHA 7 percent loan;
- 3 you don't know how many years ago it was; you don't know what
- 4 changes there were in her credit rating in the interim,
- 04:12:51 5 correct?
 - 6 A. I don't know if it's in the complaint when she took it
 - 7 out.
 - 8 Let me see if it is.
 - 9 I don't -- I don't -- see it, just on a quick read.
- 04:13:04 10 But the discussion in Mr. Hicks' letter about whether
 - 11 she's better off, was she better off paying 7.25 percent of
 - 12 the loan balance so she could refinance with Household from a
 - 7 percent FHA loan to a 9.49 percent contract rate?
 - 14 That doesn't sound like she was benefitted.
- 04:13:29 15 I don't know if his calculations are accurate or not.
 - 16 There's no way for me to know; but, just on a global basis, it
 - 17 doesn't look like she benefitted.
 - 18 So, I think there's some things in his letter that,
 - 19 as a regulator, I would want to look into further.
- 04:13:44 20 Q. So, even when Mr. Hicks writes a six-page single-spaced
 - 21 letter responding to the complaint, detailing all of the
 - things he details in here, in your opinion, that's not enough?
 - 23 A. It's not the volume of response that a regulator looks at.
 - 24 It's what are they responding to.
- 04:14:01 25 And she starts out by saying, "I moved my loan,

- 1 thinking that this prepayment penalty would be waived for a
- 2 job relocation. Now I'm facing a job relocation and I'm being
- 3 told it's not."
- And, then, he goes into almost "doth protest too
- 04:14:21 5 much." You know, almost two full pages of, "It was here," "It
 - 6 was there, " "It was everywhere, " which I'm sure she knew.
 - But the account executive, according to her, had told
 - 8 her and her husband that it would be waived. And that's
 - 9 something that I saw in complaints -- in other complaints --
- 04:14:40 10 in different parts of the country.
 - 11 Q. You don't know if that's true, though, do you?
 - 12 A. I don't know if it's true, but -- and that's the problem
 - 13 with complaints is, you know, you want to listen to both sides
 - 14 of the story. But as Chuck Cross said, from the Department of
- 04:14:54 15 Washington, at first they relied on Household. They had a
 - 16 relationship with Household. They gave them the benefit of
 - 17 the doubt.
 - But as more and more complaints cropped up around the
 - 19 State of Washington and, then, when he talked to other
- 04:15:06 20 regulators around the country, they realized that Household,
 - 21 you know, what they were saying just wasn't true: This isn't
 - 22 just an isolated incident. It's something that they were
 - 23 taught to do and something that they were doing.
 - 24 Q. And, in this instance, you have absolutely no knowledge
- 04:15:23 25 anything Mr. Hicks said is untrue, correct?

- 1 A. Well, I pointed out a few things that I would question if
- 2 I was a regulator.
- 3 Q. Right.
- 4 A. And, especially, if I knew about more complaints of a
- 04:15:34 5 similar nature.
 - 6 Q. But you don't know, for example, whether the account
 - 7 executive did or did not say anything to these people at the
 - 8 closing.
 - 9 They did, however, sign multiple acknowledgements
- 04:15:44 10 that they watched the video; they got the disclosures; he
 - 11 encloses all those things.
 - 12 The paper record is impeccable and you're saying,
 - 13 "but the possibility exists, on facts I don't know, that
 - 14 enables me to give an opinion to this jury that maybe,
- 04:15:59 15 notwithstanding this extensive paper record, this extensive
 - 16 letter, this responsive document, nevertheless, I still, at
 - 17 the end of the week, will not acknowledge that this was a
 - 18 superb job by Mr. Hicks in responding to this lady's
 - 19 complaint, "correct?
- 04:16:14 20 A. Well, he made a huge effort in responding to her. I just
 - 21 don't agree that the quality of the response was good.
 - 22 This was just one month before Household paid \$484
 - 23 million to settle claims of predatory lending. And, so,
 - 24 there's no doubt in the regulators' mind that they were
- 04:16:37 25 pervasive problems, many of which I've pointed out are in this

- 1 complaint: The high closing costs; saying that the prepayment
- 2 penalty would be waived; being harmed by the fact that they
- 3 thought they were going to get a lower effective rate than
- 4 they got.
- 04:16:53 5 So, I understand that this is a long response, but I
 - 6 think the quality of it is not sufficient to address some of
 - 7 the predatory lending practices that appear in this complaint.
 - 8 Q. And you mentioned Household's settlement with the
 - 9 regulators.
- 04:17:09 10 Did you know that the market cap of Household's stock
 - 11 went up, in response to that settlement, by \$3.3 billion the
 - 12 next two days? Did you know that?
 - 13 A. I have no knowledge of that.
 - 14 Q. I didn't think so.
- 04:17:22 15 MR. KAVALER: Your Honor, this would be a good time
 - 16 to break.
 - 17 THE COURT: I think we are going to have stop at this
 - 18 point. We are going to stop at 4:15.
 - 19 As I already indicated to you, we have some matters I
- 04:17:31 20 need to address and I want to be able to let all the jurors go
 - 21 by the time we indicated.
 - 22 Ladies and gentlemen, we're going to break and quit
 - 23 for the day. We'll resume tomorrow at 9:45 in the a.m.
 - 24 As always -- oh, gosh, tomorrow's Friday, isn't it?
- 04:17:52 25 (Laughter.)
